LOS ANGELES TRUCK CENTERS, LLC 401(K) PLAN
NOTE TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2017

1. DESCRIPTION OF PLAN

The following description of the Los Angeles Trucks Centers, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Los Angeles Trucks Centers, LLC, (the "Company"). The Plan is subject to the provisions of the ERISA.

Administration of Plan

The Plan is administered by Los Angeles Trucks Centers, LLC. The assets of the Plan are maintained under the custody of the Plan's Trustee Transamerica Retirement Solutions, LLC ("Transamerica").

Eligibility

Employees are eligible to make elective deferrals upon reaching the age of 18 after completing three months of service and credited with at least 1 hour of service in each month. Employees may enter the Plan on January 1, April 1, July 1, and October 1, after eligibility requirements are met.

Contributions

Pursuant to the rules of the Plan, participants may specify the percentage of compensation to be deferred and contributed to the Plan. Unless an election is made to defer a lower amount, the percentage deferred cannot be less than 2% of the participant's compensation and cannot exceed the statutory amount ($18,000 maximum for 2017). The Company provides a matching contribution on the first 6% of gross compensation. The percentage is determined each year by the Company. The Company may also contribute to the Plan an amount, determined in its sole discretion, which will be allocated in proportion to the participants' compensation (profit sharing). Additionally, the Plan has enacted catch-up contribution provisions for participants age 50 and older ($6,000 maximum for 2017).

The Plan as amended allows for a true up based on annual compensation to the matching contribution already allocated to eligible participants on an individual payroll basis during the Plan year and that the Plan will be as follows:

a. Eligible Participants – as of the last day of each pay period, the matching contribution shall be allocated among the matching accounts of all participants during the plan year.
b. Matching Allocation – each eligible participant shall receive an allocation equal to a percentage of the matching contribution, such percentage to equal the ratio that the participant's elective deferrals for the plan year bears to the aggregate elective deferrals for all participants for that plan year.

The Plan will not allocate any matching contribution to elective deferrals in excess of 6% of his compensation. This limit is applied on an individual payroll basis and a true up is permitted at the Plan

year end based on annual compensation for each eligible participant. For the year ended December 31, 2017, the Company elected to make a matching contribution of $1,038,757.

Participant Accounts

Each participant account is credited with participant contributions and Company matching contributions. Participants may direct the investment of their account balance into a variety of investment funds with varying degrees of risk, ranging from common stocks to money market instruments. Participants are allocated a share of each fund's investment earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specified participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and related net earnings are fully vested at all times. Company contributions and related net earnings vest at a rate of 20% per year of service and are fully vested after five years of service. Upon retirement, disability or death, account balances become 100% vested. If a participant's employment terminates before full vesting of the Company's contributions and related earnings is attained, the remaining non-vested balances are forfeited and will be used to pay plan administrative expenses and reduce future Company contributions.

Notes Receivable from Participants

The Plan limits the minimum amount of any loan to $1,000, the maximum amount of any loan to $50,000 and the balance for all outstanding loans, to a single participant, may not exceed $50,000. The loans are secured by the vested benefits in the participant's account and bear interest at the published prime rate at the initiation plus 2%. Loans are required to be repaid within 5 years (up to 15 years for the purchase of a principal residence). Principal and interest are paid ratably through payroll reductions.

The Plan was amended by allowing the in kind rollover of participant loans into the Plan, which the Plan will accept a direct rollover of an eligible rollover distribution from any other plan or trust maintained by any other employer for the benefit of its employees that is a qualified plan.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. The Plan permits in-service withdrawals if the participant has attained the age of 59½, and hardship distributions are permitted if a participant meets certain criteria, as defined in the Plan documents.

Forfeitures

Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are first used to pay administrative and custodian expenses, and second to reduce future company contributions. As of December 31, 2017 and 2016, forfeited nonvested accounts totaled $3,477 and $34,416, respectively.

Withdrawals

Participants can withdraw all or a portion of their contributed amounts if they have a financial hardship (as defined by the Plan) or terminate employment with the Company.

Termination of the Plan

Although the Company has not expressed an intention to discontinue the Plan, the Company may do so at any time. In the event of termination, all participants will become fully vested in all contributions and net earnings of the Plan, and the net assets of the Plan will be distributed to the participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the contingent assets and liabilities at the date of the financial statements and reported amounts of additions and deduction during the reporting period. Actual results could differ from those estimates.

Investment Valuation

Investments are held in mutual funds with TransAmerica and are stated at fair value, as determined by TransAmerica. The mutual funds are stated at fair value as reported to the Plan by TransAmerica based on the quoted market prices of the underlying mutual funds. The unit of value of the mutual fund is calculated by dividing the total value of the assets of the account by the number of units in the mutual fund. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation or depreciation in fair value of participant-directed investments consists of both the realized gains or losses and unrealized appreciation or depreciation of those investments.

Contributions

Employee contributions to the Plan are recorded in the period the Company makes payroll deductions from Plan participants.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All administrative expenses may be paid out of the Plan unless paid by the Company. For the year ended December 31, 2017, Plan expenses were $148,001 in contract administrator fees.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2018, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data, by correlation, or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- **Common stocks:** Valued at the closing price reported on the active market on which the individual securities are traded.
- **Corporate bonds:** Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.
- **Mutual funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- **U.S. government securities:** Valued using pricing models maximizing the use of observable inputs for similar securities

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds (pooled separate accounts)	$ -	$ 36,546,992	$ -	$ 36,546,992

Investment at fair value	$ -	$ 41,818,993	$ -	$ 41,818,993

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds (pooled separate accounts)	$ -	$ 29,681,288	$ -	$ 29,681,288

Investment at fair value	$ -	$ 34,450,630	$ -	$ 34,450,630

5. TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on January 1, 2006, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and continues to qualify for tax-exempt status.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

6. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, TransAmerica Retirement Solutions, LLC, the custodian of the Plan, has certified to the completeness and accuracy of: participant-directed investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016; and net appreciation in fair value of participant-directed investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017; and investments reflected on the supplemental schedule of assets (held at end of year).

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by TransAmerica. TransAmerica is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment management fees and operating expenses charged to the Plan for investments are deducted from income earned on investments and are not separately reflected. Consequently, investment management fees and operating expenses paid to parties-in-interest are reflected as a reduction of investment return for such investments. Allocations are based on participant earnings, account balances, or specified participant transactions, as defined.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
