IMPACT SALES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A - Description Of Plan

The following description of Impact Sales, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The plan is a 401(k) defined contribution plan covering all employees of Impact Sales, LLC (the Organization). It is subject to the provisions of the Employee Retirement Income Security Act (ERISA). Full time employees are eligible to participate in the Plan and receive matching contributions upon employment. Part time employees become eligible upon completion of one year of continuous service.

Contributions

Participants may elect to defer up to the maximum allowable under the Internal Revenue Code of eligible compensation and contribute these amounts to the Plan. In addition, participants over age 50 before the close of the Plan year are eligible to defer an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. For each plan year, the Company will contribute to the Plan an amount of matching contributions determined by the Company at its discretion.

During the year, the plan sponsor acquired several companies. The plans of those companies were terminated, and the employees of those companies were allowed to rollover the balances from their accounts into the Impact Sales, LLC 401(k) Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earning thereon. The discretionary matching contribution is vested by each participant based on years of continuous service. A participant is 100% vested after three years of credited service.

IMPACT SALES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A - Description Of Plan (Continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest. The loans are secured by the balance in the participant's account and bear interest at a rate between 5% and 5.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or installments over a period of time. Unless an optional form of benefit is selected pursuant to a qualified election within the election period, the automatic form of benefit payable to or on behalf of a participant shall be a single lump sum payment.

Forfeited accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$6,940 and \$122. These amounts will be used to reduce future employer contributions or Plan administrative expenses. There were no forfeited amounts used during the year.

Plan Amendments

The Plan was amended effective January 1, 2017 to recognize service with predecessor employers.

The Plan was amended effective January 1, 2018 to remove the one year of service required for a part time employee to be eligible to participate in the plan.

Administrative Expenses

Expenses of administering the Plan are the responsibility of the Plan's management; however, most of the administration expenses are paid by the Company on behalf of the Plan and will not be reimbursed. Investment related expenses are deducted from the individual participant accounts

IMPACT SALES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note B - Summary Of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements, in conformity with U.S. generally accepted accounting principles, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Capital gain distributions are included in the dividend income. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2018 which is the date the financial statements were available to be issued.

IMPACT SALES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note C - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value instrument.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's investments are held in pooled separate account funds.

All pooled separate account funds are valued based on unit values to perform daily account valuation. The unit value is John Hancock's method for valuing accounts and is not the same as the net asset value reported by the fund house, although the financial trend should be the same. After the close of the stock market, John Hancock receives a daily price from each fund house. The NAV includes the market value and any dividends and capital gains declared. These inputs are used to arrive at the unit value, or net asset value of the investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

John Hancock Life Insurance Company, the Trustee of the Plan, has certified the completeness and accuracy of the investment balances presented on the schedule of assets available for benefits, the net investment gain on the statement of changes in assets available for benefits and the information presented in the Schedule H, Line 4i – Schedule of Assets (Held at Year End). Additionally, the following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016.

IMPACT SALES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note F - Income Tax Status

The Plan is intended to be a qualified plan under Section 401(a) of the Internal Revenue Code, and the Plan is interpreted, applied and administered consistent with the intent to qualify. The Plan was established through a prototype plan of Pinnacle Pension Services Inc., who had received a letter from the Internal Revenue Service indicating the Plan is acceptable. The Plan has been subsequently amended, however, the Plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (assets) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expectation to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note G - Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note H - Non Exempt Party-In-Interest Transactions

It was noted in 2017 there were delays by the Company in submitting employee contributions to the custodian in the aggregate amount of \$203,419. The Company intends to file Form 5330 with the IRS and pay the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.
