Savage Companies Retirement & Employee Savings Plan

Notes to Financial Statements

December 31, 2017 and 2016

(1) Description of the Plan

The following brief description of the Savage Companies Retirement & Employee Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Savage Companies and its U.S. subsidiaries (collectively, the Employer or the Company) established the Plan effective January 1, 1972, under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan has been amended several times subsequent to its effective date.

Eligibility

Eligible full-time employees can participate in the Plan on the first day of employment and eligible part-time employees who have worked at least 1,000 hours in a plan year can participate in the Plan. Prior to November 1, 2017, eligible full-time employees were able to participate in the Plan on the first day of the month following 60 days of employment.

Contributions

Participants may elect under a salary reduction agreement to contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain IRC limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Employer matches 25% of participant contributions for participants with less than 2 years of service, 35% for participants with 2-4 years of service, and 50% for participants with over 4 years of service, up to 8% of a participant's compensation. The Employer may, at its discretion, make an additional contribution to the Plan based on a percentage of each participant's annual compensation, excluding bonuses and expense allowances. Certain employee groups are excluded from additional discretionary contributions. The Employer contributed 3% of each eligible participant's base compensation as an additional discretionary contribution for the year ended December 31, 2017.

All eligible employees are automatically enrolled with their deferral set at 3% of before-tax compensation unless they elect otherwise.

Participant Accounts

Each participant's account is credited with (a) the employee's contribution, (b) any Employer matching contribution, (c) an allocation of the Employer's discretionary contribution and (d) plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of the Plan – Continued

Participant Options for Investments

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Employee contributions, employer matching contributions and earnings thereon, are 100% vested. Employer discretionary contributions vest 20% after two periods of service (a period in which at least 12 cumulative months are worked) and 20% for each additional plan year of service. A participant is, therefore, 100% vested in Employer discretionary contributions after six years of such service. Participants also become fully vested in such contributions upon attaining the age of 65 or upon death or disability.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce Employer contributions and pay Plan expenses. During the year ended December 31, 2017, participants forfeited \$1,015,075, \$970,770 were used to reduce Employer contributions, and earnings on forfeited balances totaled \$5,473. Forfeiture balances as of December 31, 2017 and December 31, 2016 totaled \$889,939 and \$840,161, respectively. In March 2018, forfeitures of approximately \$1,033,000 were used to reduce Employer discretionary contributions.

Distributions

Benefits are available for distribution upon retirement, attainment of age 59½, disability, death, or termination of employment; under certain circumstances participants may withdraw, due to hardship, their contributions prior to the occurrence of one of these events. Death benefits are paid to the designated beneficiary of the participant.

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from one to thirty years. Each loan is secured by the balance in the participant's account and bears interest at the prevailing market rate at the date the loan is taken. Principal and interest payments are collected ratably through payroll deductions. As of December 31, 2017, interest rates on outstanding loans ranged from 4.25% to 7.54% with various maturity dates through July 2032.

(1) Description of the Plan – *Continued*

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, credit, liquidity, overall market volatility, and changes in economic conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and money market mutual fund are stated at fair value based on quoted market prices. Net appreciation or depreciation in the fair value of investments includes both realized and unrealized gains and losses on investments and is recognized in income currently.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Investment earnings are automatically reinvested into the fund from which they were derived.

The Plan's investment in a common collective trust is valued at net asset value (NAV) per share as a practiced expedient, which is determined by the issuer based upon the underlying fair value of its net assets.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus accrued but unpaid interest. Interest income is recognized over the terms of the notes at the rate specified in the loan documents. Fees related to notes receivable from participants are recorded as administrative expenses when they are incurred. If a participant defaults, the carrying amount of the note receivable from the participant is eliminated and a benefit payment is recorded at the time the participant is deemed to receive a distribution.

(2) Summary of Significant Accounting Policies – *Continued*

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in assets available for benefits.

Subsequent Events

The plan administrator has evaluated subsequent events through October 3, 2018, the date which the financial statements were available to be issued.

(3) Plan Transfer

Substantially all assets and liabilities of Sunpro, Inc. were acquired by the Employer on February 5, 2017. In conjunction with this transaction, the management of the Sunpro Inc Tax Deferred Savings Plan made the decision to merge all assets of the Sunpro Inc Tax Deferred Savings Plan into the Plan and effectively terminated the Sunpro Inc. Tax Deferred Savings Plan. The Sunpro Inc Tax Deferred Savings Plan assets transferred into the Plan on May 31, 2017 totaled \$5,455,030 and are included in other additions in the accompanying statement of changes in assets available for benefits.

(4) Tax Status of the Plan

The Plan uses a pre-approved plan document sponsored by the Vanguard Group, which received an opinion letter from the Internal Revenue Service (IRS), dated May 28, 2014, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrators have analyzed the tax positions taken by the Plan and have concluded that as of December 31, 2017, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

(5) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, the fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels. These levels, in order of highest priority to lowest priority, are described as follows:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2: Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3: Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31:

(6) Information Certified by Plan Custodian

The Plan Administrators have elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under that election, the Plan Administrators instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

All investment balances and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules and the net appreciation in fair value of investments and interest and dividends were obtained and derived from information supplied to the Plan Administrators and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee. Information as to the investments, notes receivable from participants, investment income, and investment transactions are presented solely based on those certifications.

(7) Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, a money market mutual fund, and a common collective trust managed by Vanguard Fiduciary Trust Company, the trustee. The Plan paid certain expenses related to operations and investment activity to various service providers. These transactions qualify as exempt party-in-interest transactions under ERISA. Notes receivable from participants are also considered exempt party-in-interest transactions.
