NOTE A - DESCRIPTION OF THE PLAN

The following description of the CompTech 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing retirement plan sponsored by CompTech, Inc., (the Company) and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Under the terms of the Plan, there are three separate eligibility provisions:

(a) Each employee who has been credited with at least one hour of service, which constitutes as covered employment under the Davis-Bacon Act or any state or municipal "prevailing wage" law, is eligible for prevailing wage contributions.

(b) Covered employees are eligible to become participants and participate in salary deferrals when they have attained age 21. An eligible employee becomes a participant on the earlier of the first day of the Plan Year or the first day of the fourth, seventh, or tenth month coinciding with, or next following, the date on which the eligibility requirements were met.

(c) In order to share in any discretionary non-elective profit sharing contributions or qualified employer matching contributions, a participant must earn at least 1,000 hours of service during the Plan Year and be employed as of the last day of the Plan Year.

Contributions

(a) *Participant's voluntary salary reductions.* Participants may elect to contribute up to 100% of their compensation. Each participant's contribution may not exceed the federal maximum amount pursuant to section 402(g)(5) of the Internal Revenue Code. The Plan provides for catch-up contributions for participants over the age of fifty (50); however, catch-up contributions are not considered when determining employer-matching contributions.

(b) *A discretionary employer-matching contribution.* The matching contribution, if any, will be determined each year by the Board of Directors of the Company at its sole discretion. The Plan provides that deferrals of up to 4% of gross wages are eligible to be matched at 50%. Matching contributions of $65,625 and $66,784 were contributed to the Plan by the Company for the years ended December 31, 2017 and 2016, respectively.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

(c) *Prevailing wage contributions.* The Company may, in its sole discretion, make additional prevailing wage contributions to the Plan in an amount necessary to meet the Company's requirements under an applicable prevailing wage statute. The prevailing wage allocations will offset any other discretionary company contribution allocations that would otherwise be made to a participant. Prevailing wage contributions totaling $7,959 and $17,719 were made for the years ended December 31, 2017 and 2016, respectively.

(d) *A discretionary non-elective profit sharing contribution.* The non-elective profit sharing contribution, if any, will be determined each year by the Board of Directors of the Company at its sole discretion. This amount will be allocated based on compensation of all participants eligible to share in the discretionary amount. To qualify for the discretionary profit sharing contribution, a participant must have completed 1,000 hours of service during the Plan Year and be employed as of the last day of the Plan Year. For the years ended December 31, 2017 and 2016, the Company made no non-elective profit sharing contributions.

Participant Accounts

Each participant's account is credited or charged with the following:

(a) The above contributions,
(b) Rollover contributions,
(c) Plan earnings,
(d) Forfeitures, and
(e) Plan expenses.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of thirty-three pooled separate accounts or a group variable annuity guaranteed income option.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Vesting

Participant vesting is based on service years. Participants are 100% vested in the voluntary salary deferrals, rollover contributions, and prevailing wage contributions. All other employer contributions vest according to the following schedule:

Years of Service	Non-Forfeitable Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Forfeited Accounts

Forfeitures of non-vested contributions will be used to first pay administrative expenses. The remaining forfeitures will be used to reduce future employer contributions payable under the Plan. In 2017 and 2016, forfeitures were used to pay administrative expenses. Unallocated forfeitures for the years ended December 31, 2017 and 2016, were $7,720 and $4,358, respectively.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant may elect to receive a lump sum distribution equal to the value of their account.

Amendments

Effective July 1, 2016, the Plan was amended to remove automatic enrollment provision for all newly-eligible employees and to update the vesting schedules.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Loans to Participants

The Plan allows participants to apply for and obtain loans in an amount as defined in the Plan Agreement. Generally, loans must be for at least $1,000 and may not be for more than the lesser of 50% of the participant's vested account balance or $50,000 (reduced by outstanding loans in the previous year). All loans must be repaid within five years unless the loan is used to acquire or construct the participant's primary residence. Interest is charged at the prime rate plus one percent.

Administrative Fees

Trustee fees and administrative expenses are primarily paid by the Plan Sponsor.

NOTE C - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no change in the methodology used at December 31, 2017.

Mutual Funds - Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 939,690	$ 0	$ 0	$ 939,690
Investments at fair value	$ 939,690	$ 0	$ 0	939,690
Investments measured at contract value				13,623
Total Investments				$ 953,313

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 586,812	$ 0	$ 0	$ 586,812
Investments at fair value	$ 586,812	$ 0	$ 0	586,812
Investments measured at contract value				8,757
Total Investments				$ 595,569

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive group variable annuity contract with The Standard (Standard). The contract is a guaranteed investment contract. Standard maintains the contributions in a general account. The account is credited with interest and loan payments on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Standard. Contract value represents contributions made under the contract, plus interest and loan payments, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE E - BENEFITS PAYABLE

As of December 31, 2017 and 2016, the vested benefit payable to participants terminated prior to year-end was $210,559 and $129,294, respectively.

NOTE F - INCOME TAX STATUS

Effective December 16, 2013, the Plan Sponsor adopted a American Pension Benefits prototype plan dated April 1, 2014. American Pension Benefits obtained an Advisory Letter on September 30, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no income taxes have been provided for in the financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 4, 2018, which is the date the financial statements were available to be issued.
