INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee and Participants
of Crossaver Plus 401(k) Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Crossaver Plus 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Massachusetts Mutual Life Insurance Company (Mass Mutual), in its capacity as administrative services provider for contracts issued by Hartford Life Insurance Company on behalf of Hartford Life Insurance Company, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Mass Mutual holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Mass Mutual as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by Mass Mutual is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedules

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) as of and for the year ended December 31, 2017 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Mass Mutual, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Crossaver Plus 401(k) Retirement Plan (the "Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of A.T. Cross Company, LLC (the "Company"). The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors delegates to a committee (the Committee) the functions, authority, and responsibility of "plan administrator" of the Plan, as such term is used in the Internal Revenue Code, ERISA, and plan documents. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective November 15, 2017, A.T. Cross Company was purchased by Transom Capital Group and officially changed their named to A.T. Cross Company, LLC.

Eligibility - Employees become eligible to participate in the Plan beginning the first quarter coincident with or next following their date of hire.

Contributions - Upon entry into the Plan, a participant may contribute to the Plan an amount equal to any percentage from 1 percent through 100 percent of his or her annual salary. The Plan includes an automatic salary deferral provision whereby all newly eligible participants are automatically enrolled with a deferral rate starting at 3 percent of compensation and increasing annually by 1 percent to a maximum of 6 percent of compensation. Participants may select an alternative deferral percentage or may opt not to contribute to the Plan.

The Company makes matching contributions to the Plan in an amount equal to 100 percent of each participant's contribution of 2 percent or less of the participant's salary, and 50 percent of each participant's contribution in excess of 2 percent and up to a maximum of 6 percent of the participant's salary.

The Plan also allows for profit-sharing contributions at the discretion of the Board of Directors. A participant must complete one year of service and be employed on the last day of the Plan year in order to receive an allocation of profit-sharing contributions. There were no Company discretionary profit-sharing contributions made for the years ended December 31, 2017 and 2016.

The Plan also provides for a discretionary year-end "Core Contribution" that mirrors the vesting schedule of the employer match. The Company opted not to provide a core contribution for 2017 or 2016.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions, and allocations of the Company's contributions and earnings, and is charged with an allocation of administrative fees. Allocations are based on participant earnings, account balances, or specific transactions, as defined. Participants are entitled to the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions and all Company contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds within an insurance separate account, a lifetime annuity account, and a fixed income account as investment options for participants.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Notes - Participants may borrow from their accounts a minimum of $1,000 up to the lesser of 50 percent of their vested account balances or $50,000. Loans are repaid through payroll deductions, and the period of repayment for any loan cannot exceed five years. A participant may repay the entire outstanding balance of his or her loan at any time. Participants are limited to one outstanding loan at a time. Each loan is secured by the balance in the participant's account and bears interest at rates commensurate with prevailing rates. The methodology for determining loan interest rates, as designated by the loan procedure, is prime rate plus one percent.

Withdrawals - Withdrawals from the participant's vested portion of the Plan are permitted prior to retirement if the participant is able to demonstrate financial hardship as defined by the Code. Additionally, participants that are active status may take an in-service distribution consisting of salary deferrals at age 59 ½ and in an amount up to 100 percent of the vested account balance at age 65.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is at a rate of 20 percent for each year a participant works 1,000 hours.

If a participant leaves the Company prior to becoming 100 percent vested in the Company's contributions and does not return to work at the Company within one year, the non-vested portion of the Company's contributions will be forfeited.

Forfeited Accounts - At December 31, 2017 and 2016, forfeited nonvested accounts totaled $85,799 and $75,175, respectively. Forfeited matching and core contributions will be used to reduce future Company contributions and pay plan expenses. Forfeited profit-sharing contributions will be redistributed to current participants based on their prior year compensation. For the years ended December 31, 2017 and 2016, forfeitures of $49,534 and $26,153, respectively, were used to reduce contributions made by the Company.

Payment of Benefits - Upon early or normal retirement, as defined by the Plan, a participant may elect to receive a lump-sum distribution equal to the vested interest in his or her account, or, alternatively, to have the Plan establish a monthly payment schedule to distribute the benefits in substantially equal installments to the participant over a period of time.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participant would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant Notes - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully-benefit responsive contracts, which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by investment advisers, custodians, and insurance companies. See Note 10 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits - Benefits are recorded when paid.

Subsequent events - The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include shares of mutual funds, a lifetime annuity fund, and fixed income account managed by Massachusetts Mutual Life Insurance Company, the insurance company of the Plan, in its capacity as administrative services provider for contracts issued by Hartford Life Insurance Company. These transactions qualify as party-in-interest transactions; however, the transactions are exempt from the prohibited transaction rules under ERISA. The insurance company receives revenue from mutual fund service providers for services the insurance company provides to the funds. This revenue is used to offset certain amounts owed to the insurance company for its administrative services to the Plan.

If the revenue received by the insurance company from such mutual fund service providers exceeds the amount owed to the insurance company, the insurance company remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Company may make additional payments to the insurance company for administrative expenses not covered by revenue sharing. The Plan received $23,073 and $21,323 during 2017 and 2016, respectively, of which $12,550 and $12,300 was used to offset administrative expenses during 2017 and 2016, respectively. The excess revenue sharing received is reported as other income and expenses paid is reported with administrative expenses in the financial statements.

5. TAX STATUS OF THE PLAN

Effective January 1, 2016, the Plan was restated using a volume submitter adoption agreement. The IRS issued an opinion letter dated March 31, 2014 which stated that the volume submitter plan document, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become fully vested in their accounts.

7. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2017, the Company failed to remit to the Plan's insurance company certain employee contributions totaling approximately $21,000 within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the insurance company were due to administrative errors, and the Company will make contributions to the affected participants' accounts during 2018 to compensate those participants for potential lost income due to the delays.

During 2016, the Company failed to remit to the Plan's insurance company certain employee contributions totaling approximately $29,000 within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the insurance company were due to administrative errors, and the Company made contributions in 2017 to the affected participant accounts to compensate those participants for lost income due to the delays. The contributed lost earnings on the 2016 late remittances was approximately $3,500.

8. INVESTMENT INFORMATION CERTIFIED BY MASS MUTUAL (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual, in its capacity as administrative services provider for contracts issued by Hartford Life Insurance Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2017 and 2016;
- Net investment activity and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

9. FULLY BENEFIT-RESPONSIVE CONTRACTS WITH INSURANCE COMPANY

The fixed account held by the insurance company is a guaranteed investment contract. It meets the fully benefit-responsive contract criteria and is reported at contract value as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Lifetime Income Fund is stated at the cash-out value of the individual participant accounts. The cash-out value (contract value) is determined daily based on the lesser of 1) net contributions accumulated at 3 percent interest or 2) the dollar amount required to purchase current income shares considering factors such as interest rates, age and life expectancy of the participant. The objective of this fund is to provide a predictable stream of fixed retirement income payments that is guaranteed for life.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- Premature termination of the contract
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestiture or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreement with the consent of the issuer

10. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

10. FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation method include: quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds - valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2017 - 12/31/2017 and indirect compensation is presented on a calendar year basis ending 12/31/2017.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **$13,325.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$775.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2017 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2017, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$3,855.61**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (1.367% for 2017) earned on the bank accounts and investments associated with the short-term investment pool for the 2017 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2017 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from The Hartford Financial Services Group, Inc.'s proprietary family of mutual funds (The Hartford Mutual Funds). These proprietary mutual funds have contracts for services with companies that are affiliated with Hartford Securities Distribution Company Inc.

The Hartford-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. For more information about these proprietary mutual funds, see the applicable fund prospectus.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, the funds listed below had soft dollar arrangements during the previous fiscal year-end. For details, please refer to the Portfolio Transactions and Brokerage section of the Statement of Additional Information ("SAI"). For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
