NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

The following description of Wayne Savings 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Wayne Savings Community Bank (the Company) for the benefit of its employees who are age twenty-one or older. Otherwise, employees begin receiving the Company safe harbor match after one year of employment and 1,000 or more employment hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Beginning in 2014, Pentegra Services, Inc. became the trustee and Reliance Trust Company became the custodian of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 50% of eligible compensation, as defined in the plan, subject to an overall \$18,000 limitation for both 2017 and 2016. Eligible participants who are 50 or older are also able to make catch-up contributions, subject to an overall \$6,000 limitation for both 2017 and 2016. The Company makes safe harbor matching contributions of 100% of employees' salary deferral amounts up to 4% and 50% of the next 2% of employees' salary deferral amounts. Company profit-sharing contributions are discretionary as determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's safe harbor matching contribution, and allocation of (a) the Company's discretionary contribution, (b) Plan earnings, and (c) is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any investment options available during the year. Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation on a daily basis.

Vesting

Participants are immediately vested in both their voluntary contributions plus earnings thereon and the Company's contribution portion of their accounts plus earnings thereon.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active, eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid ratably through payroll deductions unless the participant is paying the loan in full. Loans terms do not exceed five years (except for loans for the purchase of a principal residence).

Payments of Benefits

Upon termination of service, death, disability, or retirement, an employee may elect to receive a lump-sum amount equal to the value of his or her account or may also elect to receive a partial sum of at least \$500. In-service distributions for hardships or upon reaching age 59-1/2 are permitted. Distributions are to be made in cash or, if the participant elects, in the form of Company common shares plus cash for any fractional share. At December 31, 2017 and 2016, no plan assets were allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefits Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAGE 6

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. After a note receivable is 90 days delinquent, the notes receivable from participants are reclassified as deemed distributions and the borrower will receive a 1099-R in line with the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Certain administrative expenses, such as recordkeeping fees, are paid by the Company and are excluded from these financial statements. Additionally, the Company provides services to the Plan at no cost to the Plan.

Subsequent Event

Subsequent events have been evaluated through October 12, 2018, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

ASU 2016-01 provides an election to subsequently measure certain nonmarketable equity investments at cost less any impairment and adjusted for certain observable price changes. It also requires a qualitative impairment assessment of such equity investments and amends certain fair value disclosure requirements. This ASU is effective for employee benefit plans within the scope of ASC 960, 962, and 965 on plan accounting for fiscal years beginning after December 15, 2018. The Plan is currently evaluating the effect of ASU No. 2016-01 amendments on its financial statements.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the custodian of the Plan.

NOTE 4: INVESTMENTS

During 2017 and 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$858,592 and \$394,961, respectively.

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS

Generally Accepted Accounting Principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Plan sponsor stock: Valued at estimated fair value. Fair value is determined by the closing price per share reported on the active market on which the stock is traded.

Short term investments: Valued at the daily closing price reported by the fund on the active market on which the fund is traded.

WAYNE SAVINGS
401(K) RETIREMENT PLAN

PAGE 8

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (continued)

Pooled separate accounts: Valued at NAV per unit based on quoted market prices of underlying investments. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the value of underlying assets owned by the account, minus its liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments Valued Using NAV as a Practical Expedient (a)				<u>182,669</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

NOTE 5: FAIR VALUE MEASUREMENTS (continued)

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2017 and 2016:

Pooled separate accounts:				
Stable value (a)	\$ 182,669	None	Daily	None
Total	<u>\$ 182,669</u>			

- (a) The pooled separate accounts in this category seek to preserve capital while providing competitive intermediate-term returns. The fund invests primarily in public bonds, commercial mortgages, and private placement bonds.

NOTE 6: RELATED PARTY OR PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions, as defined under Department of Labor Regulations, include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in the common stock of the Company. Additionally, the Plan holds party-in-interest receivables of \$30,858 and \$34,165 as of December 31, 2017 and 2016 respectively, in the form of participants' note receivables.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

WAYNE SAVINGS
401(K) RETIREMENT PLAN

PAGE 10

NOTES TO FINANCIAL STATEMENTS

NOTE 8: INCOME TAX STATUS

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan holds various investments. Investment securities are exposed to various risks such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2017, the Plan held \$3,348,061 of Vanguard funds, which was approximately 57% of the total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to this investment.

NOTE 9: RECLASSIFICATION OF CERTAIN INVESTMENTS

Certain investments on the statement of net assets available for benefits and within the Fair Value Measurements footnote for the year ended December 31, 2016, have been reclassified, with no effect on the change in net assets, to be consistent with the presentation for the year ended December 31, 2017.
