(1) Description of the Plan

The following description of the Creative Sign Designs Savings Plan (formerly Creative Mailbox Designs Savings Plan) (the "Plan") provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees of Creative Sign Designs, LLC, formerly Creative Mailbox Designs, LLC (the "Company" or "Sponsor") for the benefit of its employees who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established effective January 1, 1995, and restated October 1, 2015 with the adoption of the Florida Retirement Consultants (FRC) Volume Submitter 401(k) Profit Sharing Plan Adoption Agreement. The plan sponsor also entered into a contract with Transamerica Life Insurance Company (TLIC) who was the custodian of the Plan.

Effective October 1, 2017, the Plan entered into an agreement with Automatic Data Processing (ADP) to act as recordkeeper of the Plan. ADP entered into a trust agreement with a third-party trustee, Reliance Trust Company, to hold the investments and execute investment transactions. In connection with this transition, the Company adopted the ADP Defined Contribution Plan Non-Standardized 401(k) Profit Sharing Plan Adoption Agreement effective as of the same date. Also in connection with this transition, the Plan was amended and restated to change the plan name to Creative Sign Designs Savings Plan and Plan Sponsor to Creative Sign Designs, LLC.

(b) Contributions

Participants may contribute up to the maximum amount allowed by law of eligible compensation on pre-tax basis, as defined in the Plan and subject to Internal Revenue Service (IRS) limits. Participants may also contribute amounts representing distributions from other qualified contribution plans. Participants age 50 or older may also contribute catch-up contributions, up to IRS limits. All eligible employees are automatically enrolled in the Plan unless they elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, as defined.

The Plan does not allow for any employer contributions.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and plan earnings. The Plan allows participants to direct their contributions to any investment option available to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(1) Description of the Plan - Continued

(d) Vesting

Participants are immediately vested in their elective contributions plus actual earnings.

(e) Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of $1,000 and maximum of the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate. Principal and interest are paid ratably through payroll deductions.

(f) Payment of Benefits

On termination of service due to death, disability or retirement, a participant shall be 100% vested in their accounts under the Plan. Normal retirement age under the Plan is 65. The Plan provides for benefit distributions by lump-sum payment. The Plan also allows for in-service withdrawals for those 59 ½ or older.

(g) Forfeited Accounts

The Plan did not have forfeiture amounts available at December 31, 2017 and 2016. The Company did not use any forfeitures during 2017.

(h) Hardship Withdrawals

The Plan allows participants to withdraw a portion of their account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to Plan provisions.

(i) Investment Options

Plan assets are invested in registered investment companies. Upon enrollment in the Plan, a participant may direct employee contributions in any of several available investments. Participants are allowed to execute investment transfers between the Plan's investment options on a daily basis.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared using the accrual method of accounting.

(2) Summary of Significant Accounting Policies - Continued

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices. Investments in pooled separate accounts are stated at fair value as determined by TLIC. Such fair values are based on quotations from active markets, such as national security exchanges or brokerage firms, on yields currently available on comparable securities and the Plan's participation units in the account.

Changes in the fair value of investments in registered investment companies and pooled separate accounts and gains or losses on disposal of these investments are reported in the statement of changes in net assets available for benefits as net realized and unrealized appreciation in investments.

The pooled separate accounts are credited with earnings in the underlying investments, net of investment management expenses.

Investments in the Transamerica Stable Value Core Account (TSVCA) allow participants to invest money in a general account of TLIC which earns interest. TLIC has determined that this investment is fully benefit-responsive. Participant contributions are commingled with TLIC's other assets and TLIC assumes the risk of principal and accrued interest. An effective annual rate of interest is established before the first day of each month. Interest is credited to the general account obligation daily based on its daily balance, at a rate of interest that is the daily equivalent of the effective annual rate of interest applicable for each month.

The TSVCA is reported at contract value which represents the fair value to the Plan. All participant initiated transactions were at contract value.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Administrative Expenses

Administrative expenses of the Plan may be paid directly by the Company. To the extent that the Plan does not pay administrative expenses, the Plan will assess against an individual participant's account certain plan expenses that are incurred by, or are attributable to, a particular participant based on use of a particular plan feature. Participants are also charged their pro-rata share of plan administrative expenses not paid by the Company.

(2) Summary of Significant Accounting Policies - Continued

(e) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities as stated in the plan agreement. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivables from participants is recorded when it is earned.

(3) Information Certified by Transamerica Life Insurance Company and Reliance Trust Company (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TLIC and RTC, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments, at fair value and notes receivable from participants as of December 31, 2017 and 2016, as shown in the statements of net assets available for benefits;

- Total investment income and related investment activity for the year ended December 31, 2017, as shown in the statement of changes in net assets available for benefits;

- The Schedule of Assets (Held at End of Year) as of December 31, 2017 included in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement* (ASC 820), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described below. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.), or inputs that are derived principally from or corroborated by market data by correlation or other means;

Level 3: Unobservable inputs for determining the fair values of assets and liabilities that reflect assumptions that market participants would use in pricing the assets or liabilities.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in methodologies used at December 31, 2017.

Registered Investment Companies: The Plan's registered investment companies are valued based on quoted prices in active markets and are classified as Level 1 investments.

Pooled Separate Accounts: The Plan's pooled separate accounts that invest exclusively in mutual funds are valued at the net asset value of the underlying mutual fund at year end, or as Level 2 investments, and are valued by outside valuation services at the mean of bid and ask prices or alternative pricing inputs.

Stable Value Fund: Interest on the stable value fund is accrued daily and credited monthly. The daily rate fluctuates based on the underlying separate account investments. The fair value hierarchy is also determined as Level 2, based on the same underlying separate account investments.

(4) Fair Value Measurement - Continued

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements at December 31, 2017 Using		
Description	**Assets Measured at Fair Value at December 31, 2017**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 991,939	991,939	-	-
	$ 991,939	991,939	-	-

		Fair Value Measurements at December 31, 2016 Using		
Description	**Assets Measured at Fair Value at December 31, 2016**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Pooled separate accounts	$ 1,019,911	-	1,019,911	-
Stable value fund	9,546	-	9,546	-
	$ 1,029,457	-	1,029,457	-

(5) Party-in-Interest Transactions

Notes receivable from participants transactions are considered to be party-in-interest transactions because they are transacted with Plan participants. While these transactions qualify as party-in-interest transactions as defined in Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rules. Additional services are provided to the Plan for recordkeeping and investment advisory services, however these expenses are all recorded as a reduction of investment return earned by the Plan.

(6) Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to terminate at any time, the Plan, subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(7) Tax Status

Effective October 1, 2017, the Plan has adopted the ADP prototype plan, which received its latest opinion letter from the IRS dated July 16, 2014, stating that the ADP prototype plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. For the period January 1, 2017 through September 30, 2017, the Plan had adopted a volume submitter plan sponsored by FRC which received its latest opinion letter dated March 31, 2014.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Subsequent Events

The Plan's management has evaluated events and transaction for potential recognition or disclosure in the financial statements through October 5, 2018, the date the financial statements were available to be issued.
