INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
ECI Group 401(k) Plan
Atlanta, Georgia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ECI Group 401(k) Plan (F/K/A Engineered Concepts, Inc. & ECI Management, Inc. 401(k) Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by United of Omaha Life Insurance Company and John Hancock Life Insurance Company (U.S.A), the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that John Hancock Life Insurance Company (U.S.A) held the Plan's investment assets and executed investment transactions from August 29, 2017 to December 31, 2017, and that United of Omaha Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2016, and for the period January 1, 2017 to August 28, 2017. The plan administrator has obtained certifications from the custodians as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodians are complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets Held At End of Year as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ECI GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of ECI Group 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General:

The plan is a defined contribution plan established by Engineered Concepts, Inc. and ECI Management, Inc. (the "company" or "employer") under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the company. Effective November 1, 2011, Houma Highland Realty and JPM Realty were added as participating employers to the plan.

All employees of the company who have attained the age of 21 and who have completed six months of service are eligible to participate.

The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee is responsible for oversight of the plan. The investment committee determines the appropriateness of the plan's investment offerings, monitors investment performance, and reports to the plan's trustee.

Contributions:

Each year, participants may contribute an amount ranging from 1 percent to 90 percent of pretax annual compensation, as defined by the plan. Participants who have attained age 50 prior to the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Effective January 1, 2015, the company opted, at its discretion, to disallow Roth rollover contributions. Participants direct the investment of their contributions into various investment options offered by the plan.

The company may, in its sole discretion, contribute and allocate to each participant's account a percentage of the participant's elective deferrals. Matching contributions, if any, shall be determined as of the end of the plan year. No matching contributions were made for the plan year ended December 31, 2017.

Effective January 1, 2011, the company opted, at its discretion, to pay profit sharing to all non-highly compensated employees, calculated in a formula that is equivalent to the amount they forfeited in unused paid time off (up to 32 hours). If the employee has not enrolled prior to this discretionary contribution, they will be enrolled for this contribution and given the same information as any new enrollee. There were no profit sharing contributions for the year ended December 31, 2017.

Contributions are subject to certain Internal Revenue Service limitations.

ECI GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (continued)

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of the company's contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of benefits:

Upon death, a participant or beneficiary will receive the value of the vested interest in his or her account as a lump-sum distribution. Upon disability, termination of service, or retirement, a participant or beneficiary will receive the value of the vested interest in his or her account as a lump-sum distribution or in installments. Partial withdrawals or installments may be taken, but only over a period of not more than the participant's assumed life expectancy (or the participant's and his or her beneficiary's assumed life expectancies). If participant elects to delay the distribution of his or her vested account balance, there are rules that require that certain minimum distributions be made from the plan. If participant is a 5% owner, distributions are required to begin no later than the April 1 following the end of the year in which participant reaches age 70 1/2. If participant is not a five percent owner, distributions are required to begin no later than the April 1 following the later of the end of the year in which he or she reaches age 70 1/2 or retires.

Notes receivable from participants::

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Plan amendment and restatement:

The Plan changed custodians and third party administrators and transferred Plan assets in August 2017 from Mutual of Omaha to John Hancock Life Insurance Company (USA). The Plan was amended and restated effective January 1, 2018 as part of this change.

Additionally, the Plan's name was changed to ECI Group 401(k) Plan effective September 8, 2017.

ECI GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment valuation and income recognition:

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies. See Note 10 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan is reduced and a benefit payment is recorded.

Corrective distributions payable:

Benefit distributions for the plan year ended December 31, 2017 include payments of \$15,073, made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the plan's statements of net assets available for benefits as corrective distributions payable at December 31, 2017. The Plan was unable to distribute the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of benefits:

Benefit distributions, determined in accordance with provisions of the Plan, are recorded when paid.

ECI GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (continued)

Forfeited accounts:

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$4,211 and \$5,443, respectively. These accounts will be first used to pay administrative expenses and then to reduce future employer contributions. Also, in 2017, \$150 of forfeitures were used to pay administrative expenses.

Plan expenses:

Certain expenses of maintaining the plan are paid by the company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Other transaction fees are also charged directly to the specific participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 4. Information Certified by the Custodians of the Plan

The following information was compiled from data certified by the custodians, United of Omaha Life Insurance Company and John Hancock Life Insurance Company (U.S.A), as being complete and accurate:

- A. Investments included in the Statements of Net Assets Available for Benefits - December 31, 2017 and 2016.
- B. Investment income included in the Statement of Changes in Net Assets Available for Benefits - Year Ended December 31, 2017.
- C. Investment information included in the Schedule of Assets Held at End of Year.

ECI GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 5. Guaranteed Interest Contract with Mutual of Omaha Insurance Company

In 2011, the plan entered into a fully benefit-responsive guaranteed interest contract with United of Omaha Insurance Company (Mutual of Omaha). Mutual of Omaha maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. The Plan liquidated this investment in 2017 and no longer holds the investment at December 31, 2017.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the plan by Mutual of Omaha, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the plan's ability to transact at contract value with Mutual of Omaha. Such events include the following:

- (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan),
- (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions,
- (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or
- (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

The plan administrator does not believe that any events that would limit the plan's ability to transact at contract value with plan participants are probable of occurring.

The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

ECI GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 6. Related Party Transactions

Plan investments are interests in pooled separate accounts managed by Mutual of Omaha and John Hancock Life Insurance Company (U.S.A) or funds held in a Mutual of Omaha general account. United of Omaha Life Insurance Company and John Hancock Life Insurance Company (U.S.A) are the custodians as defined by the plan and, therefore, these transactions qualify as party-in interest transactions.

Fees paid directly by the plan to Mutual of Omaha, United of Omaha Life Insurance Company, and John Hancock Life Insurance Company (U.S.A) for record keeping services and for transactional fees totaled \$17,687 for the year ended December 31, 2017. The plan sponsor pays other fees related to the plan's operations.

Note 7. Income Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by The Retirement Advantage, Inc. The prototype plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

ECI GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 9. Stable Value Fund

The John Hancock Stable Value Fund (the “fund”) is an investment option with the group annuity contract. The fund sub-account invests into the John Hancock Stable Value Fund Collective Investment Trust (the “trust”).

The underlying trust itself is generally fully benefit-responsive and honors eligible redemptions at \$1.00 per unit. As a result, (i) the daily net asset value (NAV) published by the trust is a stable \$1.00 per unit, and is effectively its contract value, (ii) that value is used for valuing the sub-account and determining sub-account unit values, and (iii) the sub-account does not have to reflect the actual market values of the trust's net assets. The trust currently offers four classes of units. The net asset value for each unit class of the trust is calculated daily by dividing the net assets applicable to each unit class by the respective number of units outstanding for that class. Deposits to and withdrawals from the trust may be made daily at the current net asset value per unit. Each unit is equal in value to every other unit. Global Trust Company expects that the value of each unit will remain constant at \$1.00, although there is no assurance that it will remain constant at \$1.00. Units are valued each day Global Trust Company is open for business.

All withdrawals initiated by a participating plan or its sponsor (participating plan directed withdrawal) and all participant withdrawals deemed to be participating plan directed withdrawals shall be effected no later than twelve months from the date that withdrawal instructions are received. Upon the delivery of withdrawal instructions, the participating plan shall have the option to either (i) receive such withdrawal on the normal funding date, subject to the application of a market value adjustment factor or (ii) receive the withdrawal without a market value adjustment. The market value adjustment factor shall be a fraction equal to the difference between the book value of the fund and the market value of the fund's assets (adjusted for all accrued but unpaid expenses as of the determination date), divided by the book value of the fund on such date as determined and reported.

The trust's investments earn a return expected to equal the gross crediting rate. The gross crediting rate is primarily based on the current yield-to-maturity of the covered investments, plus or minus amortization of the difference between the market value and contract value of the covered investments over the duration of the covered investments at the time of computation. The gross crediting rate can be adjusted periodically and is usually adjusted either monthly or quarterly, but in no event is the gross crediting rate less than zero.

The occurrence of an event that would limit the ability of the fund to transact at contract value with the participants in the fund is not probable.

The fund invests in assets, typically fixed income securities or bond funds, and enters into “wrapper” contracts issued by third parties. A wrapper contract is an agreement by another party, such as a bank or insurance company to make payments to the fund in certain circumstances. Wrapper contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrapper contract, the wrapper issuer agrees to pay the difference between the contract value and the market value of the underlying assets if the market value falls below the contract value.

ECI GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 9. Stable Value Fund (continued)

In the event that wrapper contracts fail to perform as intended, the fund's NAV may decline if the market value of its assets decline. The fund's ability to receive amounts due pursuant to these wrapper contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrapper issuer's ability to meet its contractual obligations under the wrapper contracts may be affected by future economic and regulatory developments.

The fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrapper contracts covering all of its underlying assets. This could result from the fund's inability to promptly find a replacement wrapper contract following termination of a wrapper contract. Wrapper contracts are not transferable and have no trading market. There are a limited number of wrapper issuers. The fund may lose the benefit of a wrapper contract on any portion of its assets in default in excess of a certain percentage of portfolio assets.

Note 10. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

ECI GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 10. Fair Value Measurements (continued)

Pooled separate accounts: Pooled separate accounts (PSAs) invest in mutual funds. The fair value of the mutual funds is a publicly quoted pricing input and is used for determining the net asset value (NAV) of the PSAs, which is not publicly quoted. These PSAs can generally be redeemed at NAV as of the measurement date.

Stable value fund: The net asset value (NAV) for each unit class of the trust is calculated daily by dividing the net assets applicable to each unit class by the respective number of units outstanding for the class. Deposits to and withdrawals from the trust may be made daily at the current net asset value (NAV) per unit. Each unit is equal in value to every other unit.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Description	December 31, 2017			Total
	Level 1	Level 2	Level 3	
Pooled separate accounts, measured at NAV (a)	\$ -	\$ -	\$ -	\$ 2,433,152
Stable value fund, measured at NAV (a)	-	-	-	4,224
Total	\$ -	\$ -	\$ -	\$ 2,437,376

Description	December 31, 2016			Total
	Level 1	Level 2	Level 3	
Pooled separate accounts, measured at NAV (a)	\$ -	\$ -	\$ -	\$ 1,980,248

(a) The pooled separate accounts and stable value funds are measured using NAV as a practical expedient. In accordance with the guidance in ASU 2015-07 which has been adopted by the Plan, this investment has not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 2,433,152	N/A	Max 2 per month	N/A ***
Stable value fund	4,224	No	Max 2 per month	N/A ***

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 1,980,248	No	Daily	None

*** Although there is no notice period limitation for redemptions, participants who take redemptions from individual funds are not allowed to transfer back into those funds until the 30-day holding period has expired. New contributions are allowed during this time period. See also Note 9 for additional information regarding the John Hancock Stable Value Fund.

Note 11. Subsequent Events

Effective January 1, 2018, the Plan was restated and amended to adopt the volume submitter plan document sponsored by CCH Incorporated dba ftwilliam.com. As part of this restatement, the Plan was amended to modify the Employer to ECI Construction, Inc., to modify the Company matching to be on a per pay period basis and 100% of the participant's contributions that are not in excess of 4% of compensation, and to modify the vesting to a four year graded schedule. In addition, this restatement added an automatic enrollment provision whereby all participants are automatically enrolled at an automatic deferral rate of 4% (except those who have an affirmative election of at least 4% or those who affirmatively elect not to participate in the Plan).

Subsequent events have been evaluated through October 11, 2018 which is the date the financial statements were available to be issued.
