TriHealth 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2017

1. Description of the Plan

The following description of the TriHealth 401(k) Retirement Savings Plan (the Plan) provides general information about the Plan's provisions. TriHealth, Inc. (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan with a cash or deferred arrangement for the benefit of certain eligible employees of the Company and other related organizations. The related organizations that participate in the Plan are as follows: Bethesda Hospital, Inc.; Bethesda, Inc.; Bethesda Healthcare, Inc.; The Good Samaritan Hospital of Cincinnati, Ohio; TriHealth G, LLC; TriHealth OS, LLC; TriHealth W, LLC; TriHealth Digestive Diseases Institute, LLC; TriHealth Surgical Institute, LLC; TriHealth Hospital, Inc.; TriHealth H, LLC; TriHealth CIPHO; TriHealth Heart Institute, LLC; TriHealth HF, LLC; TriHealth Oncology Institute, LLC; TriHealth Physician Enterprise Corp.; TriHealth Physician Institute; TriHealth Physicians Practices, LLC; Bethesda Healthcare, Inc.; and TriHealth Q, LLC (collectively, the Companies).

The Retirement Plan Committee of the Plan (the Committee) is responsible for the general administration of the Plan. Great-West Trust Company, LLC is the trustee of the Plan (the Trustee) effective January 3, 2017 (MetLife Fiduciary Trust Company was the trustee of the Plan prior to that date). Empower Retirement is the record-keeper for the Plan effective January 3, 2017 (MetLife Resources Participant Services was the record-keeper for the Plan prior to that date). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Eligibility service for purposes of all contributions is one hour of service. Participants who have attained or will attain the age of 50 before the close of a plan year are eligible to make a catch-up deferral contribution. If a participant receives, or is entitled to receive, a qualifying distribution from another eligible employer plan or from an individual retirement account or annuity, he or she may "roll over" such amount, or request that the trustee of the other plan roll over such amount, into a rollover account upon approval of the Committee or its representative.

1. Description of the Plan (continued)

For the year ended December 31, 2017, participants may elect to contribute from 1% to 80% of their pretax or after-tax eligible compensation to the Plan, subject to maximum dollar contribution limits of the Internal Revenue Code (the Code).

If a participant does not enroll herself or himself in the Plan, there is an automatic enrollment. In the case of an automatic enrollment, 3% of a participant's eligible compensation will be deferred. A participant must submit an election with the third-party administrator if he or she does not wish to participate in the Plan. For the year ended December 31, 2017, the automatic enrollment contribution is 3% of a participant's eligible compensation, with an increase of 1% annually up to 10%.

Effective January 1, 2017, for each payroll period, the Companies will make a safe harbor contribution on behalf of each participant who makes a salary deferral contribution, a Roth deferral contribution, or a catch-up deferral contribution for the plan year. The Companies will match 100% of the first 1% of each eligible participant's deferred contribution and 50% of the next 5% of each eligible participant's deferred contribution. The aggregate amount of the safe harbor contributions made by the Companies shall not exceed 3.5%.

The Companies will make an annual contribution to eligible participants based on a formula ranging from 1.5% to 3.5% of their annual eligible compensation. In addition, the Company will make an additional annual contribution to any participant who has pay in excess of the Social Security Wage base. The Company will make a supplemental contribution of 2% of annual eligible compensation for all participants whose average hourly rate was less than $15.00. Through 2019 Plan Year, the Company will make a transition credit in the amount of 1.5% of annual eligible compensation to any eligible participant whose age and years of service is greater than or equal to 60. In order to be eligible for an annual, supplemental, or transition contribution, the participant must have completed at least 1,000 hours of service annually.

All contributions are subject to certain limitations of the Code.

1. Description of the Plan (continued)

Investment Options

Participants direct their elective contributions into various investment options offered by the Plan. Unless the participant chooses a different investment option, their participant account will be invested in the T. Rowe Price Target Date Fund based on their age. Participants can change their contribution allocations daily and may elect to transfer amounts between investment options throughout the year. The Companies' contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant account is credited with the participant contributions, eligible contributions of the Companies, and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses, are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral account contributions, Roth deferral account contributions, and rollover account contributions. Participants who terminate employment for reasons other than retirement, disability, or death are eligible to receive a vested portion of their matching and Companies' contributions according to the following schedule effective January 1, 2015:

Years of Vesting Service	Vested Percentage of Companies' Account
Less than two years	0%
Two years or more	100

Prior to January 1, 2015, active employees were vested at 0% with less than three years of service, and fully vested in the Companies' contributions with three years or more of service.

1. Description of the Plan (continued)

Forfeitures

Forfeitures represent the non-vested portions of participant account balances upon termination. Forfeited balances of terminated participants' non-vested accounts are first applied to the restoration of forfeitures, as applicable, then used to reduce future contributions by the Companies. During the year ended December 31, 2017, forfeitures of $245,087 were used to reduce contributions of the Companies. As of December 31, 2017 and 2016, forfeitures of $208,677 and $137,446, respectively, were available for application against future contributions of the Companies. Forfeitures of $214,004 were used to reduce 2017 contributions of the Companies remitted to the Plan subsequent to December 31, 2017.

Participant Loans

A participant may request a loan from their account by electronically contacting the Empower Retirement Participant Service Center. Only participants who are actively employed by the Companies are eligible to apply for a loan. The minimum amount a participant can borrow is $1,000. Effective January 3, 2017 until April 7, 2017, loans were available from the vested portion of all participant accounts. Effective April 8, 2017, the maximum amount of the loan is the lesser of (a) one-half of the combined total of the participant's salary deferral account, Roth deferral account, and rollover account or (b) $50,000. Participants may have only one loan outstanding at any time.

Interest will be charged at 1% over the prime interest rate in effect when the loan is processed. Loans normally will be repaid through payroll deduction. Generally, the term of a loan may not exceed five years; however, if the loan is for the purchase of a primary residence, the Committee may permit a longer repayment period at its discretion. Participant loans outstanding total $3,741,937 and $2,624,419 at December 31, 2017 and 2016, respectively.

Payment of Benefits

Participants become eligible for benefit payments upon retirement, termination of employment, disability, or death, at which time benefits are distributed in a single sum equal to their vested balance.

Benefits under the Plan generally are not distributed while a participant is actively employed by the Companies. However, at the attainment of age 59½, participants may elect to receive a distribution of all or a portion of the vested amount in their account.

1. Description of the Plan (continued)

Participants may withdraw amounts from their account for financial hardship if certain conditions are met. This hardship distribution is not in addition to other benefits and therefore will reduce the benefit that will be received at retirement.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Companies, as provided by the Plan's provisions. Administrative expenses paid by the Plan, include record-keeping and trustee fees. Expenses relating to purchases, sales, or transfer of the Plan's investments are charged to the particular fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Companies. Expenses paid by the Companies are excluded from these financial statements.

Plan Termination

The Companies have not expressed any intent to terminate the Plan; however, they may do so at any time subject to the provisions of ERISA. In the event of such termination, all participant accounts shall become fully vested and subject to distribution under provisions of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The significant accounting policies followed in the preparation of the financial statements, which have been prepared on the accrual basis of accounting, are as follows.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of

2. Summary of Significant Accounting Policies (continued)

December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Other Income

Other income is primarily revenue from revenue credit arrangement with the record-keeper.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Management is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. Management reports to the Retirement Plan Committee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

In conformity with Accounting Standards Codification Topic 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

2. Summary of Significant Accounting Policies (continued)

- Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

- Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. See Note 4 for further discussion and disclosures related to fair value measurements.

3. Investments

All investment information for the Plan disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value, group annuity contract at contract value, forfeiture asset holding, unallocated plan assets and notes receivable from participants at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividend income and other income for the year ended December 31, 2017, was obtained or derived from information provided to the Company and certified as complete and accurate by the Trustee of the Plan.

4. Fair Value Measurements

The information of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan is described below. The following tables set forth by level, within the fair value hierarchy, the assets in the Plan at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2017				
Mutual funds	**$ 425,372,778**	**$ –**	**$ –**	**$ 425,372,778**
MetLife Insurance Company Group Annuity Contract [1]	**–**	**–**	**15,106,568**	**15,106,568**
Self-directed brokerage account [2]	**2,450,966**	**–**	**–**	**2,450,966**
Total investments at fair value	**$ 427,823,744**	**$ –**	**$ 15,106,568**	**$ 442,930,312**
December 31, 2016				
Mutual funds	$ 315,990,419	$ –	$ –	$ 315,990,419
MetLife Insurance Company Group Annuity Contract [1]	–	–	19,555,428	19,555,428
Total investments at fair value	$ 315,990,419	$ –	$ 19,555,428	$ 335,545,847

[1] MetLife Insurance Company Group Annuity Contract guarantees interest at a rate not to be lower than 1.00%, which is set annually on January 1. The Plan began liquidating the MetLife Insurance Company Group Annuity Contract over a five-year-period beginning in 2016. The MetLife Insurance Company Group Annuity Contract is not fully benefit-responsive.

[2] Self-directed brokerage account holds interest-bearing cash and exchanged-traded mutual funds.

The fair value of mutual funds is determined by quoted market prices reported on the active market on which they are traded. The Plan does not adjust the quoted market price for such financial instruments.

The fair value of MetLife Insurance Company Group Annuity Contract is determined by a formula that considers contract value, the crediting interest rate, and the current interest rate as of the valuation date. Fair value approximates contract value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2017.

	MetLife Insurance Company Group Annuity Contract
Balance, January 1, 2017	$ 19,555,428
Interest	585,847
Transferred out/liquidated	(5,034,707)
Balance, December 31, 2017	$ 15,106,568

5. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus earnings, less participant withdrawals, and administrative expenses. The traditional investment contract is a group annuity contract. The contract issuer, Great-West Life & Annuity Insurance Company, is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2017	**2016**
Net assets available for benefits per the financial statements	**$ 484,890,147**	$ 360,782,411
Less contribution receivable from employer	**(23,009,564)**	(22,392,813)
Net assets available for benefits per the Form 5500	**$ 461,880,583**	$ 338,389,598

The following is a reconciliation of employer contributions per the financial statements to Form 5500 for the year ended December 31, 2017:

Employer contributions per the financial statements	$ 41,206,560
Add contribution receivable from employer at December 31, 2016	22,392,813

Total employer contributions per the Form 5500	$ 40,589,809

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to total net income per the Form 5500 for the year ended December 31, 2017:

Add contribution receivable from employer at December 31, 2016	22,392,813
Less contribution receivable from employer at December 31, 2017	(23,009,564)
Total net income per the Form 5500	$ 123,490,985

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

8. Related-Party and Party-in-Interest Transactions

The Plan holds a group annuity contract issued by the Trustee of the Plan. The related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 10, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions. There is currently a routine audit by the Department of Labor in progress for which there have been no findings communicated to date.

10. Subsequent Events

Management evaluated subsequent events for the Plan through October 8, 2018, the date the accompanying financial statements were available to be issued.
