NOTE 1 DESCRIPTION OF PLAN

The following description of Arrow Drillers, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective May 1, 2000. The Plan has been amended throughout the years to comply with tax legislation and most recently restated effective January 1, 2016. The Plan covers substantially all full-time employees of the Company who are not covered by a collective-bargaining agreement, are not nonresident aliens, and have completed one year of service during which at least 1,000 hours are worked. Employees are automatically enrolled in the Plan on the entry date next following or coinciding with the employee's fulfillment of the eligibility requirements, with a salary deferral rate of 1% of pay. Employees may elect to opt-out of the Plan if they submit a request in writing to the Plan administrator. Entry dates are the first day of the first month of the Plan year or the first day of the seventh month of the Plan year next following or coinciding with the employee's fulfillment of the eligibility requirements. The Plan also covers all Davis-Bacon or prevailing wage contract employees of the Company who are not nonresident aliens or members of a collective-bargaining agreement. Participants are eligible for prevailing wage contributions on the date of commencement of employment of the date the employment is covered under the prevailing wage contract. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum allowed under the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also has a Roth 401(k) provision, which allows for contributions made on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company made nonelective safe harbor contributions to the Plan equal to 3% of each participant's compensation. For the years ended December 31, 2017 and 2016, the Company made a non-elective safe harbor contribution totaling $102,581 and $98,923, respectively. The Company may choose to make discretionary matching contributions and discretionary profit sharing contributions to the Plan as defined in the Plan agreement. For the years ended December 31, 2017 and 2016, the Company made a profit sharing contribution totaling $148,188 and $128,758, respectively. Participants are eligible for discretionary profit sharing contributions if they are active employees on the last day of the Plan year and have at least 1,000 hours of service during the Plan year. There were no discretionary matching contributions for the years ended December 31, 2017 and 2016. The Company also contributes the amount allowable as retirement contributions included under the General Prevailing Wage Determinations in effect and used to determine compensation for Davis-Bacon or state prevailing wage contracts. For the years ended December 31, 2017 and 2016, the Company made prevailing wage contributions totaling $640,741 and $557,226, respectively.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

The Plan administrator maintains a separate account for each participant and each type of contribution. Each participant may select from a series of investment options designated by the Company and the Plan administrator. Each participant's account is credited with the participant's contributions, the Company's contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in all employer matching, safe harbor, and profit sharing contributions plus actual earnings thereon. Prevailing wage contributions plus actual earnings thereon are fully vested and may be used to offset any additional profit sharing and/or matching contributions made by the Company.

Benefit Payments

On termination of service, death, disability, or retirement, a participant will receive either a lump-sum amount or a series of installments over a period of time equal to the value of the participant's vested interest in his or her account. Hardship distributions will be distributed as a lump-sum. If a participant terminates employment and the participant’s account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant’s consent. If the balance of the terminated participant’s account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant’s name.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the insurance company and custodian for the Plan from March 28, 2016 to December 31, 2017, and MG Trust Company d.b.a. Matrix Trust Company, the trustee for the Plan from January 1, 2016 to March 27, 2016, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 8,524,412	$ -	$ -	$ 8,524,412

	2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,106,357	$ -	$ -	$ 7,106,357

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2016, the Plan entered into traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.00%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the insurance company and custodian, and MG Trust Company d.b.a. Matrix Trust Company, the trustee, as defined by the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.
