Independent Auditors' Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Interconnect Systems Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H 4(i) as of and for the year ended December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INTERCONNECT SYSTEMS INC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Interconnect Systems Inc 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Interconnect Systems Inc., and their wholly owned subsidiaries Nallatech, Inc., Emulation Technology, Inc. and Innovative Intergration Inc. (Company) who have completed three months of eligibility service, and are age eighteen or older. Fidelity Management Trust Company is the Plan's trustee. Interconnect Systems Inc 401(k) Plan has adopted Fidelity Basic Plan Document No. 14 and amendments to that Plan. On December 31, 2015, the Plan has adopted the Fidelity Basic Plan Document No. 17. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In April 2016, the Sponsor has been acquired by Molex LLC. Molex is a global manufacturer of electronic solutions. There is no change in the Plan structure as of financial statement date.

Automatic Enrollment. Effective March 1, 2007, the Plan adopted an automatic enrollment feature. If the participant is eligible to participate and does not take action, they are automatically enrolled at a default deferral rate of 3%. The default investment is the Fidelity Freedom Fund that most closely aligns with the participant's projected retirement date based upon their birth year. The new hire pamphlet and enrollment package explain the automatic enrollment process, including how to opt out of participation and how to change the contribution rate and/or investment option.

Contributions. Participants may contribute up to 90% of pretax compensation, as defined in the Plan. The employer may allow participants to enter into a special salary reduction agreement to make additional deferral contributions in an amount up to 100% of their compensation for the payroll periods in the final month of the Plan year. Total deferrals in any taxable year may not exceed the amount set by federal tax laws, \$18,000 for 2017. The employer may make discretionary matching contributions during each Plan year. Employees must be employed by the employer on the last day of the Plan year and have earned at least 501 hours of service to receive a matching contribution. The Plan allows certain participants to make additional pre-tax "catch up" contributions to the Plan in an amount not to exceed the federal tax laws for that calendar year.

Expenses. Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Participant Accounts. Each participant's account is credited with the participant's contributions, allocations of the employer's contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's non-elective contributions and matching contributions portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after five years of credited service.

INTERCONNECT SYSTEMS INC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF PLAN - Continued

Notes Receivable from Participants. Participants may borrow from their participant accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a reasonable interest rate as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions over a five year period; ten years if the loan is for the purchase of a principal residence.

Payment of Benefits. A distribution may be made to participants upon request due to disability, retirement, or termination of employment. Upon the death of a participant, their beneficiary may request a distribution on their vested account balance. Participants upon reaching age 59-1/2, even if still employed, may elect to withdraw all or a portion of their account. Participants may elect to withdraw their vested account balance after reaching the Plan's normal retirement age of 65, or delay it until they retire. A participant may withdraw balances in their rollover contributions account.

Forfeited Accounts. Any forfeitures occurring during a plan year will be transferred to the forfeiture account and will first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future Company contributions to the Plan. At December 31, 2017, forfeited non-vested accounts totaled \$32,361.

Investment Options. Each employee is permitted to direct the investment of funds in his or her individual account among any of the investment funds permitted under the Plan. The Plan offers various investment options with Fidelity Investments and each participant can select from one or more. To the extent that the employee directs the investment of his individual account, the trustees are relieved of their fiduciary responsibilities as provided in Section 404(a)(1)(C) of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation. The accompanying financial statements of the Plan have been prepared on the accrual basis and are presented in accordance with generally accepted accounting principles.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Concentration of Credit Risk. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments.

Payment of Benefits. Benefits are recorded when paid.

December 31, 2017 and 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates the fair value. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as at December 31, 2017 or 2016.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan generally distributes any excess contributions to the applicable participants prior to March 15th of the following year. No payable has been recorded as at December 31, 2017 or 2016.

Reclassifications. Certain amounts in the 2016 financial statements have been reclassified for comparison purposes to conform to the current year presentation.

Subsequent Events. The Plan has evaluated subsequent events through October 8, 2018, the date the financial statements were available to be issued. Molex LLC, the company that acquired Interconnect Systems Inc. in 2016, is planning to merge this plan into their own plan on January 1, 2019.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

NOTE 3 - FAIR VALUE MEASUREMENTS - Continued

Interest-bearing cash: Includes investment in a money market account and is valued at carrying value which approximates fair value due to the short maturity of this instrument.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has received certification from the trustee, Fidelity Management Trust Company, as to the accuracy and completeness of certain financial information. Accordingly, as permitted under such regulations, the plan administrator instructed its independent auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the trustee, except for comparing that information to the financial statements. The trustee has certified the accuracy and completeness of investments of \$19,336,004 and \$15,868,781 and notes receivable from participants of \$471,437 and \$491,320 at December 31, 2017 and 2016, and investment income of \$2,512,857 and interest income on notes receivable from participants of \$27,031 for the year ending December 31, 2017.

NOTE 5 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 SCHEDULE H

The financial statements are prepared on the accrual basis of accounting. Schedule H of Form 5500 has been prepared on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>2017</u>	<u>2016</u>
Net assets available for benefits per financial statements	\$20,434,211	\$16,991,841
Less: Receivables - Employer contributions	<u>626,770</u>	<u>631,740</u>
 NET ASSETS AVAILABLE FOR BENEFITS PER FORM 5500 SCHEDULE H	 <u><u>\$19,807,441</u></u>	 <u><u>\$16,360,101</u></u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

Net increase per the financial statements	\$ 3,442,370
Add: change in contributions receivable - employer	<u>4,970</u>
 NET INCREASE PER SCHEDULE H OF FORM 5500	 <u><u>\$ 3,447,340</u></u>

NOTE 6 - PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of Fidelity Investments mutual funds. Fidelity Management Trust Company owned by Fidelity Investments, is the investment trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INTERCONNECT SYSTEMS INC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 7 - RISKS AND UNCERTAINTIES - Continued

The Plan invests through some mutual funds in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE 8 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and amend or modify, or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 9 - TAX STATUS

The Plan was established to qualify under section 401(a) and section 401(k) of the Internal Revenue Code (IRC) by adopting the terms and conditions of Non-Standardized Adoption Agreement No. 001 for use with Fidelity Basic Plan Document No. 14 and amendments to that standardized plan. The Internal Revenue Service has determined and informed Fidelity Management and Research Company that their standardized plan and amendments are acceptable under Section 401 of the IRC, the most recent of which was effective March 31, 2008. Since December 31, 2015, Interconnect Systems Inc 401(k) Plan adopted Fidelity Basic Plan Document No. 17. The Internal Revenue Service has determined and informed Fidelity Management and Research Company that their standardized plan and amendments are acceptable under Section 401 of the IRC, the most recent of which was effective March 31, 2014. Interconnect Systems Inc 401(k) Plan has not received an IRS determination letter, however, the plan administrator believes that by adopting Fidelity Basic Plan Document No. 14 and 17, standardized plan and amendments to that standardized plan, the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Franchise Tax Board. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, but the administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Independent Auditors' Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Interconnect Systems Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H 4(i) as of and for the year ended December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INTERCONNECT SYSTEMS INC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Interconnect Systems Inc 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Interconnect Systems Inc., and their wholly owned subsidiaries Nallatech, Inc., Emulation Technology, Inc. and Innovative Intergration Inc. (Company) who have completed three months of eligibility service, and are age eighteen or older. Fidelity Management Trust Company is the Plan's trustee. Interconnect Systems Inc 401(k) Plan has adopted Fidelity Basic Plan Document No. 14 and amendments to that Plan. On December 31, 2015, the Plan has adopted the Fidelity Basic Plan Document No. 17. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In April 2016, the Sponsor has been acquired by Molex LLC. Molex is a global manufacturer of electronic solutions. There is no change in the Plan structure as of financial statement date.

Automatic Enrollment. Effective March 1, 2007, the Plan adopted an automatic enrollment feature. If the participant is eligible to participate and does not take action, they are automatically enrolled at a default deferral rate of 3%. The default investment is the Fidelity Freedom Fund that most closely aligns with the participant's projected retirement date based upon their birth year. The new hire pamphlet and enrollment package explain the automatic enrollment process, including how to opt out of participation and how to change the contribution rate and/or investment option.

Contributions. Participants may contribute up to 90% of pretax compensation, as defined in the Plan. The employer may allow participants to enter into a special salary reduction agreement to make additional deferral contributions in an amount up to 100% of their compensation for the payroll periods in the final month of the Plan year. Total deferrals in any taxable year may not exceed the amount set by federal tax laws, \$18,000 for 2017. The employer may make discretionary matching contributions during each Plan year. Employees must be employed by the employer on the last day of the Plan year and have earned at least 501 hours of service to receive a matching contribution. The Plan allows certain participants to make additional pre-tax "catch up" contributions to the Plan in an amount not to exceed the federal tax laws for that calendar year.

Expenses. Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Participant Accounts. Each participant's account is credited with the participant's contributions, allocations of the employer's contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's non-elective contributions and matching contributions portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after five years of credited service.

INTERCONNECT SYSTEMS INC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF PLAN - Continued

Notes Receivable from Participants. Participants may borrow from their participant accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a reasonable interest rate as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions over a five year period; ten years if the loan is for the purchase of a principal residence.

Payment of Benefits. A distribution may be made to participants upon request due to disability, retirement, or termination of employment. Upon the death of a participant, their beneficiary may request a distribution on their vested account balance. Participants upon reaching age 59-1/2, even if still employed, may elect to withdraw all or a portion of their account. Participants may elect to withdraw their vested account balance after reaching the Plan's normal retirement age of 65, or delay it until they retire. A participant may withdraw balances in their rollover contributions account.

Forfeited Accounts. Any forfeitures occurring during a plan year will be transferred to the forfeiture account and will first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future Company contributions to the Plan. At December 31, 2017, forfeited non-vested accounts totaled \$32,361.

Investment Options. Each employee is permitted to direct the investment of funds in his or her individual account among any of the investment funds permitted under the Plan. The Plan offers various investment options with Fidelity Investments and each participant can select from one or more. To the extent that the employee directs the investment of his individual account, the trustees are relieved of their fiduciary responsibilities as provided in Section 404(a)(1)(C) of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation. The accompanying financial statements of the Plan have been prepared on the accrual basis and are presented in accordance with generally accepted accounting principles.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Concentration of Credit Risk. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments.

Payment of Benefits. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates the fair value. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as at December 31, 2017 or 2016.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan generally distributes any excess contributions to the applicable participants prior to March 15th of the following year. No payable has been recorded as at December 31, 2017 or 2016.

Reclassifications. Certain amounts in the 2016 financial statements have been reclassified for comparison purposes to conform to the current year presentation.

Subsequent Events. The Plan has evaluated subsequent events through October 8, 2018, the date the financial statements were available to be issued. Molex LLC, the company that acquired Interconnect Systems Inc. in 2016, is planning to merge this plan into their own plan on January 1, 2019.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

NOTE 3 - FAIR VALUE MEASUREMENTS - Continued

Interest-bearing cash: Includes investment in a money market account and is valued at carrying value which approximates fair value due to the short maturity of this instrument.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has received certification from the trustee, Fidelity Management Trust Company, as to the accuracy and completeness of certain financial information. Accordingly, as permitted under such regulations, the plan administrator instructed its independent auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the trustee, except for comparing that information to the financial statements. The trustee has certified the accuracy and completeness of investments of \$19,336,004 and \$15,868,781 and notes receivable from participants of \$471,437 and \$491,320 at December 31, 2017 and 2016, and investment income of \$2,512,857 and interest income on notes receivable from participants of \$27,031 for the year ending December 31, 2017.

NOTE 5 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 SCHEDULE H

The financial statements are prepared on the accrual basis of accounting. Schedule H of Form 5500 has been prepared on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>2017</u>	<u>2016</u>
Net assets available for benefits per financial statements	\$20,434,211	\$16,991,841
Less: Receivables - Employer contributions	<u>626,770</u>	<u>631,740</u>
 NET ASSETS AVAILABLE FOR BENEFITS PER FORM 5500 SCHEDULE H	 <u><u>\$19,807,441</u></u>	 <u><u>\$16,360,101</u></u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

Net increase per the financial statements	\$ 3,442,370
Add: change in contributions receivable - employer	<u>4,970</u>
 NET INCREASE PER SCHEDULE H OF FORM 5500	 <u><u>\$ 3,447,340</u></u>

NOTE 6 - PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of Fidelity Investments mutual funds. Fidelity Management Trust Company owned by Fidelity Investments, is the investment trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - RISKS AND UNCERTAINTIES - Continued

The Plan invests through some mutual funds in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE 8 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and amend or modify, or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 9 - TAX STATUS

The Plan was established to qualify under section 401(a) and section 401(k) of the Internal Revenue Code (IRC) by adopting the terms and conditions of Non-Standardized Adoption Agreement No. 001 for use with Fidelity Basic Plan Document No. 14 and amendments to that standardized plan. The Internal Revenue Service has determined and informed Fidelity Management and Research Company that their standardized plan and amendments are acceptable under Section 401 of the IRC, the most recent of which was effective March 31, 2008. Since December 31, 2015, Interconnect Systems Inc 401(k) Plan adopted Fidelity Basic Plan Document No. 17. The Internal Revenue Service has determined and informed Fidelity Management and Research Company that their standardized plan and amendments are acceptable under Section 401 of the IRC, the most recent of which was effective March 31, 2014. Interconnect Systems Inc 401(k) Plan has not received an IRS determination letter, however, the plan administrator believes that by adopting Fidelity Basic Plan Document No. 14 and 17, standardized plan and amendments to that standardized plan, the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Franchise Tax Board. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, but the administrator believes it is no longer subject to income tax examinations for years prior to 2014.
