Pollock 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Pollock 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Pollock Investments, Inc. (the “Company”) under the provision of Section 401(a) of the United States Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company.

All employees of the Company who have completed six months of service, as defined, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

An automatic enrollment feature exists whereby participants who do not affirmatively make contribution election or decline participation altogether will automatically have 3% of their compensation deferred, with 1% auto escalation on each enrollment anniversary, up to 10% of compensation deferred.

The Plan is administered by the Pension Committee which is appointed by the board of directors of the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan’s trustees, State Street Bank & Trust Company, TransAmerica Financial Life Insurance Company (“TFLIC”) through September 30, 2017, and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (“Principal”) from October 1, 2017 through December 31, 2017 are responsible for the custody and management of the Plan’s assets.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to a maximum contribution as required under Section 402(g) of the IRC. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Prior to July 1, 2016, the Company contributed 100 percent of employee pretax contributions, not to exceed 3 percent of eligible compensation, plus 50 percent of employee pretax contributions that exceed 3 percent of eligible compensation, not to exceed 5 percent of the eligible compensation

Effective July 1, 2016, the Company no longer makes safe-harbor matching contributions to the plan. Instead, the Company matching contribution changed to a discretionary match to be determined each Plan year. In 2017, the targeted match is equal to 25% of each 1% of employee contributions, not to exceed 6%.

During the year ended December 31, 2017, the Company also declared a 1% discretionary employer contribution for all eligible employees.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching contributions, as well as the Participant’s share of investment income, appreciation (depreciation), and any related administrative expenses.

The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment funds. The benefit to which a Participant is entitled is limited to the amount of the Participant’s vested account balance.

Pollock 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon; as well as the Company's matching contribution at the time the contribution is made. Discretionary employer contributions vest 20% per year over a five year period. Participants who leave the Company before they are fully vested in the Company's discretionary employer contributions forfeit their non-vested portion.

Notes Receivable from Participants

The Plan does not allow loans to participants.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment funds determined at the discretion of the Plan Administrator and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan or may elect to receive a single lump-sum payment in cash or may elect to receive installments. However, a participant with an account balance of \$5,000 or less may only receive a single lump-sum payment.

Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of the hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be used to reduce the Company's matching contributions, or reallocated to participants in the same manner as employer contributions, in accordance with the Plan document. At December 31, 2017 and 2016 forfeited accounts totaled \$0 and \$820, respectively. For the years ended December 31, 2017 and 2016, plan administrative expenses of \$1,203 and \$21,077, respectively were paid from forfeited non-vested accounts, and \$694 and \$273, respectively was used to reduce the employer match.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") are as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Pollock 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value with the exception of the fully benefit-responsive investments. Changes in fair value are reflected in operations. Mutual funds, common/collective trusts, and pooled separate accounts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts and pooled separate accounts are valued at the unit value as reported by the investment managers at year end. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

For the period from January 1, 2016 to September 30, 2017, the Plan was invested in the Wells Fargo Synthetic Stable Value Fund (the "Synthetic Fund"), which is a common/collective trust which primarily invests in security-backed contracts issued by insurance companies and other financial institutions. A security-backed contract is an investment contract (also known as a synthetic guaranteed investment contract ("GIC") or a separate account GIC) issued by an insurance company or other financial institution, backed by a portfolio of bonds. Individual participant accounts invested in the Fund are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the Fund but have an interest therein represented by units valued daily. Participants may withdraw from the fund at the stated unit value at the close of business on any business day. Issuances and redemptions of units are made on such days based upon the net asset value per unit. The Fund earns interest income which is automatically reinvested in additional units. Fees are charged by the Fund based on 0.55% of daily net assets and this fee is accounted for within the net asset value. Generally, contributions to and withdrawal payments from the Fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Certain events that limit the ability of the plan to transact at contract value with the issuer include employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganization, spin-offs, and Plan terminations. Plan management believes that occurrence of these events that would cause the Fund to transact at less than contract value is not probable.

For the period from October 1, 2017 to December 31, 2017, the Plan was invested in the Wells Fargo Stable Value Fund D ("Fund D"), which is a common/collective trust established, operated, and maintained for the collective investment and reinvestment of monies contributed thereto by Wells Fargo Bank, N.A. The Fund D seeks to provide investors with a moderate level of stable income without principal volatility. The Fund D has invested all of its assets in the Wells Fargo Synthetic Stable Value Fund and invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics to a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee ("wrapper") provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity. Further information concerning the Fund D may be obtained from its audited financial statements. The yield earned by Fund D at December 31, 2017 was 2.36%. The yield earned by Fund D with an adjustment to reflect the actual interest rate credited to participants in the Fund D at December 31, 2017 was 2.15%.

Pollock 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

For the period from October 1, 2017 to December 31, 2017, the Plan offered an investment in a guaranteed investment contract (“GIC”) issued by Principal. Principal maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is included in the financial statements at contract value as reported to the Plan by the Trustee and is considered to be fully benefit-responsive. Contract value is equal to contributions received plus interest credited, less payments, withdrawals, or transfers. Principal is the contract issuer and is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The interest rate credited on the GIC varies based on a formula determined by Principal, but will not be less than a guaranteed floor interest rate determined annually. The interest rate credited for 2017 was 0.00%. The crediting rate is reviewed by Principal on a quarterly basis for resetting. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the Plan’s ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The insurance company general accounts presented on the accompanying statements of net assets available for benefits are presented on a contract value basis. The value of the Plan’s interest in the insurance company general accounts is based on information reported by the issuer at year end. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2017 and 2016, there were no transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Common / collective trusts: Valued, as a practical expedient, at the NAV of units held by the Plan at year end.

Pooled separate accounts: Valued, as a practical expedient, at the NAV of units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,839,604	\$ -	\$ -	\$ 3,839,604
Total assets in the fair value hierarchy	<u>\$ 3,839,604</u>	<u>\$ -</u>	<u>\$ -</u>	3,839,604
Common / collective trusts (a)				28,548,265
Pooled separate accounts (a)				<u>1,645,401</u>
Total investments at fair value				<u>\$ 34,033,270</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 27,683,395	\$ -	\$ -	\$ 27,683,395
Total assets in the fair value hierarchy	<u>\$ 27,683,395</u>	<u>\$ -</u>	<u>\$ -</u>	27,683,395
Common / collective trusts (a)				<u>2,065,431</u>
Total investments at fair value				<u>\$ 29,748,826</u>

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	2017	2016
Investments, at fair value:		
Mutual funds	\$ 3,839,604	\$ 27,683,395
Common / collective trusts	28,548,265	2,065,431
Pooled separate accounts	1,645,401	-
Investments, at contract value:		
Insurance company general account	56	23,301
	<u>\$ 34,033,326</u>	<u>\$ 29,772,127</u>
	2017	2016
Investment income:		
Interest and dividends	\$ 618,201	\$ 606,691
Net appreciation in fair value of investments	3,948,413	1,434,623
	<u>\$ 4,566,614</u>	<u>\$ 2,041,314</u>

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2017 and 2016, there were no reportable transactions, notes receivable from participants in default or uncollectible, investment assets acquired and disposed of within the Plan or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of common/collective trust funds managed by Transamerica Partners Funds Group, Transamerica Financial Life Insurance Company (trustee) and Transamerica Asset Allocation Funds, related entities to Transamerica Retirement Solutions (the record keeper) from January 1, 2017 to September 30, 2017 and Principal Trust Company from October 1, 2017 to December 31, 2017. Therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. The Plan provides for full and immediate vesting of all participant rights upon termination of the Plan.

8. TAX STATUS OF THE PLAN

From January 1, 2016 to September 30, 2017, the Company has adopted the Transamerica Prototype Defined Contribution Plan. The United States Internal Revenue Service (“IRS”) has issued an opinion letter dated March 31, 2014 stating that the plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees.

Effective October 1, 2017, the Company has adopted the Principal Financial Group Volume submitter Profit Sharing Plan with CODA. The United States Internal Revenue Service (“IRS”) has issued an opinion letter dated August 8, 2014 stating that the plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees.

The Company is relying on the opinion letters (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.
