Independent Auditor's Report

To the Participants and Plan Trustees
KTH Parts Industries, Inc. Associate Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the KTH Parts Industries, Inc. Associate Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Bank of America, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certification from the trustee as of December 31, 2017 and 2016 and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Other Matter

The supplemental schedules, Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Part IV, Line 4(j) - Schedule of Reportable Transactions as of or for the year ended December 31, 2017 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KTH Parts Industries, Inc. Associate Retirement Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of the KTH Parts Industries, Inc. (the Employer and Plan sponsor) Associate Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a noncontributory defined benefit pension plan covering substantially all full-time associates (other than Japanese national associates) of the Employer. Eligible associates must have completed one full year of employment and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective July 1, 2016, no eligible associates hired or rehired on or after July 1, 2016 shall commence participation in the Plan.

Pension benefits: Associates with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.5% of their base compensation for each year of service. The Plan permits early retirement at age 58. Early retirement benefits are equal to the normal retirement benefits reduced by 5% per year between early retirement and normal retirement date.

The Plan provides for the payment of vested benefits less than \$1,000 as a lump sum payment as soon as administratively practical after the participant's termination of employment.

Participants may elect to receive their pension benefit in the form of a life annuity, joint and survivor annuity, certain period payment, or a single lump sum (if less than \$10,000). If participants terminate before rendering five years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Employer's contributions.

Death and disability benefits: If an active participant dies, a death benefit equal to the value of the participant's accumulated pension benefit is paid to the participant's beneficiary at the later of (1) the participant's death, or (2) the date the participant would have reached the earliest permissible retirement age. Active participants who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled, when they reach normal retirement age.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividend income is recognized on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend and interest income.

Actuarial present value of accumulated plan benefits: Accumulated plan benefits are those future periodic payments including lump sum distributions that are attributable under the Plan's provisions to the service associates have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died and (c) present participants or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included to the extent they are deemed attributable to participant service rendered to the valuation date.

Note 2. Summary of Significant Accounting Policies (Continued)

The actuarial present value of accumulated plan benefits is determined by an actuary from CBIZ Benefits & Insurance Services of Ohio, Inc. and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation were (a) life expectancy of participants based on the RP-2014 mortality with blue collar adjustments; scale MP-2017 fully generational; (b) assumed 25% of participants retire at age 58, 25% retire at age 62 and the remainder retire at age 65; (c) interest rate of 8.00%; and (d) average rate of future salary increases of 3%. Significant changes in assumptions during the year include a change in the improvement scale from MP-2016 to MP-2017.

The foregoing actuarial assumptions are based on the presumption that the Plan, although frozen as of July 1, 2016, will continue for participants who were eligible as of June 30, 2016. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The Plan has elected to present actuarial benefit information as of the beginning of the year.

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2017. Had the valuation been performed as of December 31, 2016, there would be no material differences.

The following table summarizes the actuarial present value of accumulated plan benefits as of December 31, 2016 and the changes in accumulated plan benefits for the year then ended:

Vested benefits:

Participants currently receiving payments	\$ 12,991,774
Other participants	31,450,357
Nonvested benefits	1,276,850
Total	\$ 45,718,981

Actuarial present value of accumulated plan benefits at beginning of year	\$ 41,626,753
Increase (decrease) attributable to:	
Change in assumptions	(242,530)
Benefits accumulated	1,685,379
Gains and losses	644,926
Decrease in discount period	3,279,152
Benefits paid	(1,274,699)
Net increase	4,092,228
Actuarial present value of accumulated plan benefits at end of year	\$ 45,718,981

Contributions: Contributions are recognized annually upon completion of the actuarial valuation for the Plan year.

Pension benefits: Benefit payments to participants or beneficiaries are recorded upon distribution.

Trustee and administrative expenses: Trustee and investment advisory fees are paid by the Plan. All other administrative expenses are paid by the Employer.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 11, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The investment information included throughout the Plan's financial statements and supplemental schedules as of and for the years ended December 31, 2017 and 2016 was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to these Plan assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 6 and the supplemental schedules related to the Plan's assets.

Bank of America, N.A. also certified to the completeness and accuracy of \$5,247,467 and \$4,137,978 of net appreciation in fair value of investments and \$2,010,334 and \$1,767,660 of interest and dividends for the years ended December 31, 2017 and 2016, respectively.

Note 4. Funding Policy

The Employer's policy is to fund normal pension costs on a current basis and to fund prior service costs over a 10-year period. The minimum funding requirements as set forth in ERISA have been met for both 2017 and 2016.

Note 5. Plan Termination

In the event the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pension. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits, would the Plan be terminated at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Notes to Financial Statements

Note 5. Plan Termination (Continued)

While the Employer has not expressed any intent to terminate the Plan or to discontinue contributions, it is free to do so at any time, subject to the provisions set forth in ERISA. Should the Plan be terminated at some future time, all participants become 100% vested in benefits earned as of the termination date.

Note 6. Fair Value Information

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common stocks, mutual funds and limited partnership interests: Valued at the closing price reported on the active market on which the individual securities are traded.

Preferred stocks, corporate bonds, municipal bonds, U.S. government securities and mortgage-backed securities: Valued using quoted prices for identical or similar assets in both active and inactive markets.

KTH Parts Industries, Inc. Associate Retirement Plan

Notes to Financial Statements

Note 6. Fair Value Information (Continued)

Money market fund: Valued at the net asset value (NAV) of shares held by the Plan at year end, as reported to the Plan by the trustee. A fund's NAV reflects an exit price, is the same for all holders of the fund and provides the basis for current transactions. The fund has no unfunded commitments as of December 31, 2017 and 2016. In addition, the funds redemption frequency is immediate, with no required notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2017 and 2016 segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2017 and 2016, there were no significant transfers in or out of Levels 1, 2 or 3.

Notes to Financial Statements

Note 7. Income Tax Status

The Internal Revenue Service has determined and informed the Plan sponsor and employer by letter dated June 24, 2014, that the Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2014.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 9. Related-Party Transactions

Fees paid for trustee and investment management services rendered by Bank of America, N.A. qualify as exempt party-in-interest transactions; such fees totaled \$518,961 and \$446,943 during 2017 and 2016, respectively.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
