Independent Auditor's Report

To the Administrative Committee of the
Eyecare Associates, Inc. 401(k) Plan
St. Louis, Missouri

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Eyecare Associates, Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Mass Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the 2016 financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Mass Mutual Life Insurance Company. Their report, dated October 11, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EYECARE ASSOCIATES, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2016

(See Independent Auditor's Report)

Note A - Description of Plan

The following description of the Eyecare Associates, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the provisions of the Plan.

General

The Plan is a defined contribution plan established on January 1, 2002, covering substantially all full-time employees of EyeCare Associates, Inc. (the Company) who have at least one year and 1,000 hours of service, and have attained age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On June 30, 2015, the Board of Directors of Clarkson EyeCare, a controlling party of EyeCare Associates, approved the merger of this Plan into the EyeCare Partners 401(k) Plan. As a result, all investments will be transferred from the Plan into the EyeCare Partners 401(k) Plan in 2017.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. In order to maintain "safe harbor" status, the Company makes a non-elective contribution equal to one hundred percent of the first three percent deferred by the participant plus fifty percent of the participant's deferrals between three and five percent of the participant's compensation. Additional amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

EYECARE ASSOCIATES, INC. 401(k) PLAN

Notes to Financial Statements - Continued

(See Independent Auditor's Report)

Note A - Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions and the Company's "safe harbor" and qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

Upon retirement, death or disability, a participant (or beneficiary) may elect to receive the entire amount of their account in one lump sum payment. If employment is terminated for reasons other than retirement, death or disability, participants may be entitled to all or part of their account, depending on their vesting percentage.

Investment Options

A participant may direct account balances and contributions in one percent increments into any of the pooled separate accounts and guaranteed interest accounts offered by Massachusetts Mutual Life Insurance Company (Mass Mutual). Participants may change investment options daily.

Forfeited Accounts

If any portion of a participant's matching contribution account is forfeited during a plan year, it will be used to reduce the employer matching fund contribution and allocated among the accounts of the participants who receive a matching contribution for the plan year based on their compensation. The Plan held a balance of \$83 in its forfeited nonvested account for the year ended December 31, 2016. There was no balance in the forfeited nonvested account for the year ended December 31, 2015.

Administrative Expenses

Certain administrative expenses are paid directly by the Company. Administrative and trust expenses paid by the Plan were \$2,802 and \$1,610 for the years ended December 31, 2016 and 2015, respectively. Fees paid to national broker dealers for the maintenance and custody of the Plan's assets are paid from the assets of the Plan.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Loan balances are secured by the participant's account. No allowance for credit losses has been recorded at December 31, 2016 or 2015.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain Plan expenses are deducted from the participants' accounts or from investment income. Any remaining Plan expenses are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2017, the date the financial statements are available to be issued.

Note C - Investment Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments and participant notes receivable held at December 31, 2016 and 2015, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on participant notes receivable for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

Note D - Investments – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note D - Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts - Valued at the net asset value ("NAV") of units of an insurance company's pooled separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Pooled separate accounts are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been leveled in the fair value hierarchy.

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2016 and 2015:

<u>Investment</u>	<u>12/31/16 Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

The following is a description of the investment strategies for the Plan's investments at December 31, 2016 and 2015:

- (a) Stable value fund: This fund seeks current income consistent with preservation of capital and liquidity.
- (b) Intermediate Term Bond funds: These funds seek a superior total rate of return by investing in fixed income instruments.
- (c) Asset Allocation/Lifestyle funds: These funds include investments that seek to provide a balance between current income and long-term capital growth by investing in fixed income and equity securities consistent with the stated allocation of the account.
- (d) Large cap funds: These funds include investments that seek to provide long-term capital growth. Invest principally in common stocks of large capitalized U.S. Companies and abroad.
- (e) Mid cap funds: These funds include investments that seek long-term capital appreciation by investing primarily in the common stocks of medium sized U.S. companies.
- (f) Small cap funds: These funds include investments that seek long-term capital appreciation by investing primarily in the common stocks of small U.S. companies.
- (g) International funds: These funds include investments that seek to track the performance of a broad-based equity index of foreign countries, including emerging and developing markets.

Note E - Fully Benefit-Responsive Investment Contract

The Guaranteed Interest Account is a fully benefit-responsive investment and is reported at contract value in the statements of net assets available for benefits. The statements of changes in net assets available for benefits are also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The fully benefit-responsive investment contract with Mass Mutual is a general account evergreen group annuity contract. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are backed up by the full faith and credit of Mass Mutual, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Mass Mutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Such interest rates are reviewed on a semiannual basis for resetting.

The Guaranteed Interest Account contract does not allow the insurance company to terminate the agreement prior to a breach of the contract terms by the investor. The Plan may terminate the contract on the contract anniversary date with 90 days prior notice.

Note E - Fully Benefit-Responsive Investment Contract (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Sponsor or other Sponsor event (e.g., divestures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note F - Income Tax Status

The Company has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Mass Mutual Trust Company prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition with a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to a variety of risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values on investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note H - Party-in-Interest Transactions

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Certain Plan investments and notes receivable from participants are managed by Mass Mutual Life Insurance Company, the trustee of the Plan's assets. Therefore, these transactions qualify as party-in-interest.
