Plan Administrator
Comfort Home Care 401(k) Plan

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of Comfort Home Care 401(k) Plan (the Plan) as of and for the year ended December 31, 2017, and have issued our report thereon dated October 12, 2018. Professional standards require that we provide you with certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 6, 2018. Professional standards also require that we communicate to you the following information related to our audit.

PART I – REQUIRED COMMUNICATIONS

Our Responsibility under U.S. Generally Accepted Auditing Standards

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7 to those financial statements that is prepared and certified by Ascensus Trust Company (the custodian), in accordance with DOL Regulation 2520.103-5. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplementary schedule. We did, however, audit the form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the custodian, in accordance with U.S. generally accepted auditing standards and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan changed its method of accounting from the accrual basis to the modified cash basis of accounting in 2017. The change in accounting method resulted in a decrease in net assets available for benefits of \$12,989 as of December 31, 2016. There were no new accounting policies adopted and the application of other existing policies was not changed during 2017.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period in accordance with the modified cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the fair value of investments disclosed in Note 3 to the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the information prepared and certified by the custodian in Note 7 to the financial statements.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We did not identify any known or likely misstatements during our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditor. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

PART II – INTERNAL CONTROL MATTERS

Except as described in the following paragraph, in planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2017, in accordance with U.S. generally accepted auditing standards, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 7 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Plan Compensation and Contributions

During our audit, we noted that one participant, from a sample of 25, received a manual bonus check for which no participant deferrals were remitted to the Plan. The Plan document defines eligible compensation as W-2 wages, with no exclusions. We recommend that Plan management implement controls to ensure deferrals are appropriately remitted for participants receiving manual checks. We recommend that the Plan sponsor make corrective contributions to this participant, and other participants similarly impacted, equal to 50% of the lost participant contribution, plus earnings thereon.

PART III – ADVISORY COMMENT

In connection with our audit of the financial statements of the Plan as of and for the year ended December 31, 2017, we noted a matter that we believe you should consider. Our observation was formed as a by-product of our audit procedures, which did not include a comprehensive review for the purpose of submitting detailed recommendations.

Timeliness of Contribution Remittances

The DOL requires participant contributions be remitted to the Plan as soon as administratively feasible, but in no event later than the 15th business day of the month following the month of withholding. The DOL has indicated that it generally expects employers to remit contributions within 3 business days, given the electronic means of making such remittances. The DOL also does not consider employee absences, such as vacation, to be a reasonable explanation for the delay of remittances. The DOL has also indicated that if employers can demonstrate the ability to remit contributions on the same day as payroll, all remittances should be processed on the same day as payroll.

We reviewed the length of time between the withholding date and the remittance date for all remittances during 2017. While the majority of contributions were remitted within 3 business days, twelve were remitted 4 or 5 days after payroll and nineteen were remitted the same day as payroll.

If the plan were to be audited by the DOL, it would likely find that any remittances exceeding 3 business days would be late and require the Company to make additional funding to the Plan to compensate for the lost earnings resulting from the delays in remitting contributions. Furthermore, given that the employer has demonstrated its ability to process contributions on the same day as payroll, it is possible that the DOL would find any remittances processed after the payroll date to be untimely.

We recommend that the Plan sponsor implement controls to process contributions in a timely and consistent manner.

This communication is intended solely for the information and use of Plan management, those charged with governance and others within the Plan and is not intended to be, and should not be, used by anyone other than these specified parties. We appreciate the assistance and cooperation extended to us by the management and employees of Comfort Home Care, LLC during the performance of our engagement.
