NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

December 31, 2017 and 2016

1. DESCRIPTION OF PLAN

The following description of the Munck Wilson Mandala, LLP (the "Partnership") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Partnership who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Executive Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Partnership makes a safe harbor non-elective contribution equal to three percent of each participants' eligible compensation. Additional profit sharing amounts may be contributed at the option of the Executive Committee. During the year ended December 31, 2017, the Partnership made a $368,655 profit sharing contribution to the Plan based on the 2017 activities of the Partnership. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Partnership's safe harbor non-elective contributions, as well as allocations of the Partnership's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Partnership's safe harbor non-elective contributions, plus actual earnings thereon. Vesting in the Partnership's discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested balance is in excess of $5,000 may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or equal installments. A participant whose vested balance is less than $5,000 is subject to mandatory cash out provisions as defined by the plan document.

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited non-vested accounts total $14,334 and $10,333, respectively. These accounts will be used to reduce future employer contributions. For the

year ended December 31, 2017, employer contributions were offset by $10,333 from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and is an acceptable method of reporting under Department of Labor ("DOL") regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Executive Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and plan management deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Partnership. Expenses that are paid by the Partnership are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other specific transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2017 and 2016:

	2017	2016
Vanguard Target Retirement 2030 Fund	$ 2,364,290	$ 1,895,759
Vanguard Target Retirement 2025 Fund	$ 1,699,378	$ 1,276,985
Vanguard 500 Index Fund	$ 1,608,975	$ 1,433,291
Vanguard Target Retirement 2035 Fund	$ 1,409,519	**

** Value does not represent 10 percent or more of the Plan's net assets as of the respective date.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate NAV per share are limited to those investments for which the entity has elected to estimate the fair value using the NAV practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Plan management elected to adopt ASU 2015-07 in 2016.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II of the ASU eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. Part II is to be applied retrospectively. Plan management elected to adopt Part II of ASU 2015-12 in 2016.

Subsequent Events

Plan management has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued. See Note 10 for further discussion.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The custodian certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2017 and 2016 and for the year ended December 31, 2017:

	2017	2016
Investments at fair value	$ 13,511,334	$ 10,527,135
Notes receivable from participants	$ 241,255	$ 316,243
Net appreciation in fair value of investments	$ 1,640,410	
Dividends	$ 215,340	
Interest income on notes receivable from participants	$ 14,232	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund ("SVCTF"): A stable fund that is composed primarily of fully benefit responsive investment contracts that is valued at the NAV of units of a bank collective trust. The NAV is based off of the fair value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016, with the exception of the SVCTF measured at fair value using the NAV practical expedient. The fair value for the SVCTF is

provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,444,738	$ -	$ -	$ 12,444,738
Total investments in the fair value hierarchy	12,444,738	-	-	12,444,738
Investments measured at NAV	-	-	-	1,066,596
Total	$ 12,444,738	$ -	$ -	$ 13,511,334

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,745,005	$ -	$ -	$ 9,745,005
Total investments in the fair value hierarchy	9,745,005	-	-	9,745,005
Investments measured at NAV	-	-	-	782,130
Total	$ 9,745,005	$ -	$ -	$ 10,527,135

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value as of December 31, 2017	Fair Value as of December 31, 2016	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
SVCTF	$ 1,066,596	$ 782,130	$ -	Daily	Daily

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are issued and managed by Wells Fargo Bank, N.A. ("Wells Fargo"). Wells Fargo is the custodian and recordkeeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. Fees incurred by the Plan for recordkeeping services are included in both administrative expenses and net appreciation in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Partnership has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer profit sharing contributions.

7. TAX STATUS

Plan management adopted a prototype plan offered by Wells Fargo. The IRS has determined and informed Wells Fargo by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since Wells Fargo received the determination letter, plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

As of December 31, 2017 and 2016, the value of the accounts held by participants who have separated from employment with the Partnership and have decided to continue to invest in the Plan total $1,156,599 and $913,700, respectively. For the year ended December 31, 2017, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. SUBSEQUENT EVENT

On September 7, 2018, the Executive Committee approved a $386,348 profit sharing contribution to the Plan based on the 2017 activities of the Partnership. The profit sharing contribution was funded on September 7, 2018.

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

December 31, 2017 and 2016

1. DESCRIPTION OF PLAN

The following description of the Munck Wilson Mandala, LLP (the "Partnership") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Partnership who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Executive Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Partnership makes a safe harbor non-elective contribution equal to three percent of each participants' eligible compensation. Additional profit sharing amounts may be contributed at the option of the Executive Committee. During the year ended December 31, 2017, the Partnership made a $368,655 profit sharing contribution to the Plan based on the 2017 activities of the Partnership. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Partnership's safe harbor non-elective contributions, as well as allocations of the Partnership's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Partnership's safe harbor non-elective contributions, plus actual earnings thereon. Vesting in the Partnership's discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested balance is in excess of $5,000 may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or equal installments. A participant whose vested balance is less than $5,000 is subject to mandatory cash out provisions as defined by the plan document.

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited non-vested accounts total $14,334 and $10,333, respectively. These accounts will be used to reduce future employer contributions. For the

year ended December 31, 2017, employer contributions were offset by $10,333 from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and is an acceptable method of reporting under Department of Labor ("DOL") regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Executive Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and plan management deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Partnership. Expenses that are paid by the Partnership are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other specific transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2017 and 2016:

	2017	2016
Vanguard Target Retirement 2030 Fund	$ 2,364,290	$ 1,895,759
Vanguard Target Retirement 2025 Fund	$ 1,699,378	$ 1,276,985

Vanguard Target Retirement 2035 Fund	$ 1,409,519	**

** Value does not represent 10 percent or more of the Plan's net assets as of the respective date.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate NAV per share are limited to those investments for which the entity has elected to estimate the fair value using the NAV practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Plan management elected to adopt ASU 2015-07 in 2016.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II of the ASU eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. Part II is to be applied retrospectively. Plan management elected to adopt Part II of ASU 2015-12 in 2016.

Subsequent Events

Plan management has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued. See Note 10 for further discussion.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The custodian certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2017 and 2016 and for the year ended December 31, 2017:

	2017	2016
Investments at fair value	$ 13,511,334	$ 10,527,135
Notes receivable from participants	$ 241,255	$ 316,243
Net appreciation in fair value of investments	$ 1,640,410	
Dividends	$ 215,340	
Interest income on notes receivable from participants	$ 14,232	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund ("SVCTF"): A stable fund that is composed primarily of fully benefit responsive investment contracts that is valued at the NAV of units of a bank collective trust. The NAV is based off of the fair value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016, with the exception of the SVCTF measured at fair value using the NAV practical expedient. The fair value for the SVCTF is

provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,444,738	$ -	$ -	$ 12,444,738
Total investments in the fair value hierarchy	12,444,738	-	-	12,444,738
Investments measured at NAV	-	-	-	1,066,596
Total	$ 12,444,738	$ -	$ -	$ 13,511,334

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,745,005	$ -	$ -	$ 9,745,005
Total investments in the fair value hierarchy	9,745,005	-	-	9,745,005
Investments measured at NAV	-	-	-	782,130
Total	$ 9,745,005	$ -	$ -	$ 10,527,135

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value as of December 31, 2017	Fair Value as of December 31, 2016	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
SVCTF	$ 1,066,596	$ 782,130	$ -	Daily	Daily

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are issued and managed by Wells Fargo Bank, N.A. ("Wells Fargo"). Wells Fargo is the custodian and recordkeeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. Fees incurred by the Plan for recordkeeping services are included in both administrative expenses and net appreciation in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Partnership has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer profit sharing contributions.

7. TAX STATUS

Plan management adopted a prototype plan offered by Wells Fargo. The IRS has determined and informed Wells Fargo by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since Wells Fargo received the determination letter, plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

As of December 31, 2017 and 2016, the value of the accounts held by participants who have separated from employment with the Partnership and have decided to continue to invest in the Plan total $1,156,599 and $913,700, respectively. For the year ended December 31, 2017, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. SUBSEQUENT EVENT

On September 7, 2018, the Executive Committee approved a $386,348 profit sharing contribution to the Plan based on the 2017 activities of the Partnership. The profit sharing contribution was funded on September 7, 2018.

NOTES TO FINANCIAL STATEMENTS

MODIFIED CASH BASIS

December 31, 2017 and 2016

1. DESCRIPTION OF PLAN

The following description of the Munck Wilson Mandala, LLP (the "Partnership") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Partnership who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Executive Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Partnership makes a safe harbor non-elective contribution equal to three percent of each participants' eligible compensation. Additional profit sharing amounts may be contributed at the option of the Executive Committee. During the year ended December 31, 2017, the Partnership made a $368,655 profit sharing contribution to the Plan based on the 2017 activities of the Partnership. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Partnership's safe harbor non-elective contributions, as well as allocations of the Partnership's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Partnership's safe harbor non-elective contributions, plus actual earnings thereon. Vesting in the Partnership's discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested balance is in excess of $5,000 may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or equal installments. A participant whose vested balance is less than $5,000 is subject to mandatory cash out provisions as defined by the plan document.

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited non-vested accounts total $14,334 and $10,333, respectively. These accounts will be used to reduce future employer contributions. For the

year ended December 31, 2017, employer contributions were offset by $10,333 from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and is an acceptable method of reporting under Department of Labor ("DOL") regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Executive Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and plan management deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Partnership. Expenses that are paid by the Partnership are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other specific transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2017 and 2016:

	2017	2016
Vanguard Target Retirement 2030 Fund	$ 2,364,290	$ 1,895,759
Vanguard Target Retirement 2025 Fund	$ 1,699,378	$ 1,276,985
Vanguard 500 Index Fund	$ 1,608,975	$ 1,433,291
Vanguard Target Retirement 2035 Fund	$ 1,409,519	**

** Value does not represent 10 percent or more of the Plan's net assets as of the respective date.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate NAV per share are limited to those investments for which the entity has elected to estimate the fair value using the NAV practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Plan management elected to adopt ASU 2015-07 in 2016.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II of the ASU eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. Part II is to be applied retrospectively. Plan management elected to adopt Part II of ASU 2015-12 in 2016.

Subsequent Events

Plan management has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued. See Note 10 for further discussion.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The custodian certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2017 and 2016 and for the year ended December 31, 2017:

	2017	2016
Investments at fair value	$ 13,511,334	$ 10,527,135
Notes receivable from participants	$ 241,255	$ 316,243
Net appreciation in fair value of investments	$ 1,640,410	
Dividends	$ 215,340	
Interest income on notes receivable from participants	$ 14,232	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund ("SVCTF"): A stable fund that is composed primarily of fully benefit responsive investment contracts that is valued at the NAV of units of a bank collective trust. The NAV is based off of the fair value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016, with the exception of the SVCTF measured at fair value using the NAV practical expedient. The fair value for the SVCTF is

provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,444,738	$ -	$ -	$ 12,444,738

Investments measured at NAV	-	-	-	1,066,596
Total	$ 12,444,738	$ -	$ -	$ 13,511,334

Investments measured at NAV	-	-	-	782,130
Total	$ 9,745,005	$ -	$ -	$ 10,527,135

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

SVCTF	$ 1,066,596	$ 782,130	$ -	Daily	Daily

5. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are issued and managed by Wells Fargo Bank, N.A. ("Wells Fargo"). Wells Fargo is the custodian and recordkeeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. Fees incurred by the Plan for recordkeeping services are included in both administrative expenses and net appreciation in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Partnership has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer profit sharing contributions.

7. TAX STATUS

Plan management adopted a prototype plan offered by Wells Fargo. The IRS has determined and informed Wells Fargo by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since Wells Fargo received the determination letter, plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

As of December 31, 2017 and 2016, the value of the accounts held by participants who have separated from employment with the Partnership and have decided to continue to invest in the Plan total $1,156,599 and $913,700, respectively. For the year ended December 31, 2017, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. SUBSEQUENT EVENT

On September 7, 2018, the Executive Committee approved a $386,348 profit sharing contribution to the Plan based on the 2017 activities of the Partnership. The profit sharing contribution was funded on September 7, 2018.
