## *Notes to Financial Statements*

### *December 31, 2017 and 2016*

#### Note 1 - Description of plan:

The following description of the Intellinet Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan sponsor is Intellinet Corporation (Plan Sponsor, Plan Administrator, or the Company). The Plan is a defined contribution plan covering substantially all employees of the Company. Employees that are not classified as union employees or nonresident aliens are eligible to participate in the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

#### Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated default investment fund until changed by the participant. The Company may make discretionary matching and/or profit sharing contributions. For 2017, the Company made discretionary matching contributions of 50% of the first 6% of eligible compensation that a participant contributed to the Plan. There were no discretionary profit sharing contributions made for 2017. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

### Note 1 - Description of plan - continued:

#### Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contributions and earnings thereon is based on years of continuous service.

Participants become vested in Company matching and profit sharing contributions in accordance with the following schedule:

| <u>Completed<br/>Years of<br/>Service</u> | <u>Percentage<br/>Matching<br/>Contributions<br/>Vested</u> |
|-------------------------------------------|-------------------------------------------------------------|
| 1                                         | 33%                                                         |
| 2                                         | 66%                                                         |
| 3                                         | 100%                                                        |

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65, or upon disability or death while an employee of the Plan Sponsor. Forfeitures of terminated participants' non-vested accounts are used to reduce the Company's contribution for the Plan year.

#### Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$5 and \$4, respectively. These accounts will be used to reduce future Company contributions. During the year ended December 31, 2017, forfeitures of non-vested accounts of \$35,133 were used to reduce Company contributions.

### Note 1 - Description of plan - continued:

#### Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability or death. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, but the withdrawal is limited to the amount of the participant's pre-tax contributions and earnings thereon.

#### Notes receivable from participants

Participants may borrow from the Plan in any amount greater than \$1,000 up to 50% of the participant's vested account balance, not to exceed \$50,000. Note terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the note repayment period may not extend beyond 10 years. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note.

#### Administrative expenses

Certain expenses of maintaining the Plan, are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

### Note 2 - Summary of significant accounting policies:

#### Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

***December 31, 2017 and 2016***

### Note 2 - Summary of significant accounting policies - continued:

#### Fully benefit-responsive investment contract

Fully benefit-responsive investment contracts are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contract plus interest at the contract rates less withdrawals and administrative expenses. This specifically affects the presentation of the amounts related to the Plan's participation in the stable value fund, see Note 8. The statements of net assets available for benefits present the contract value of the fully benefit-responsive investment contract.

#### Investment valuation and income recognition

Investments are reported at fair value (except for those noted in Note 8, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### Payment of benefits

Benefits are recorded when paid.

#### Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***December 31, 2017 and 2016***

### Note 2 - Summary of significant accounting policies - continued:

#### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

#### Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

#### Subsequent events

The Plan has evaluated subsequent events through September 26, 2018, which is the date these financial statements were available to be issued.

Effective January 1, 2018, the Company changed their discretionary matching contributions to 50% of the first 8% of eligible compensation that a participant contributed to the Plan.

Effective June 1, 2018, the Company changed their name to Intellinet Consulting, LLC and amended the Plan, changing the name to Intellinet Consulting, LLC 401(k) Plan. At that time, the Company also changed from an S-Corporation to an LLC.

All other subsequent events, if any, requiring recognition as of December 31, 2017, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the custodian:

Transamerica Retirement Solutions (Transamerica) is the custodian for the Plan. Transamerica holds the Plan's investment assets and executes investment transactions. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Transamerica.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification No. 820 are described as follows:

Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2      Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## *Notes to Financial Statements - Continued*

***December 31, 2017 and 2016***

---

### Note 4 - Fair value measurements - continued:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets and liabilities measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

- Units of participation in pooled separate accounts are valued at the net asset value (NAV) provided by the fund's custodian as a practical expedient to estimate fair value. The NAV is based on the value of the underlying investments held in the pooled separate accounts at year-end.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2017 and 2016, there were no assets included in the fair value hierarchy. All assets, other than those measured at contract value, were valued using NAV as a practical expedient.

There were no significant transfers between Level 1 and Level 2 investments or into or out of Level 3 investments during the years ended December 31, 2017 and 2016.

#### Note 5 - Related-party transactions:

Certain Plan investments are managed by the custodian of the Plan. Transamerica is the custodian of the Plan. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

The Plan's administrative expenses are paid in part by the Plan and in part by the Company, as provided by the Plan document. In addition, certain administrative functions are performed by employees of the Company. Neither the Company nor any of its employees receive reimbursement and/or compensation from the Plan.

#### Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### *December 31, 2017 and 2016*

#### Note 7 - Tax status:

The underlying volume submitter has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 8 - Fully benefit-responsive investment contract:

As described in Note 2, through an investment contract, the Plan currently offers a stable value fund as an investment option. The objective of this investment is to maintain a competitive fixed interest rate. The stable value fund is invested in the general asset account of Transamerica. The contract has certain restrictions that impact the participants' ability to collect the full contract value.

Because the stable value fund is fully benefit-responsive, it is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Company does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.
