OUTPATIENT IMAGING AFFILIATES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Outpatient Imaging Affiliates Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan, covering all full-time employees of OIA Staffing, Inc., who are age twenty-one or older and have completed six months of service. OIA Staffing, Inc. is the Plan's Sponsor (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees is responsible for oversight of the Plan and works with an independent investment advisory services company to help determine the appropriateness of the Plan's investment offerings and monitoring investment performance.

The Plan has entered into a trust agreement with Empower Retirement (the "Custodian") and appointed this company as Custodian of the Plan assets.

Contributions

Each year, participants may elect to defer up to 100% of their compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified plans. Participants may change their salary deferral percentage at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Newly eligible participants, except those who have an affirmative election in effect, become automatically enrolled in the Plan at a deferral rate of 3% of compensation. Participant deferrals are automatically escalated by 1% each year upon three years of service with a maximum automatic increase to 6% of compensation upon five or more years of service.

The Employer matches 50% of a participant's contribution up to 6% of the participant's compensation. The Employer may also make certain discretionary contributions, as defined in the Plan document. No discretionary contributions were made by the Employer during the year ended December 31, 2017.

Employer matching contributions may be discontinued in accordance with various provisions of the Plan.

Contributions are subject to certain limitations in accordance with applicable regulatory requirements.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of Employer contributions, and Plan earnings, and reduced by an allocation of administrative expenses, any distributions and Plan losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

OUTPATIENT IMAGING AFFILIATES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer contributions is based on years of continuous service. Participants are 20% vested after two years of service and an additional 20% thereafter, resulting in 100% vesting after six years of credited service. Participants are also 100% vested upon reaching the Plan's normal retirement age of 65, or upon their death or disability.

Payment of benefits

Benefit distributions equal to a participant's vested account balance are payable to the participant or their beneficiaries upon normal retirement (age 65), death, disability or termination of employment. The method of distribution shall be determined by the Plan Administrator in accordance with the provisions of the Plan. If the vested value of a terminated participant's account is less than \$5,000, the total vested balance is distributed as an automatic lump-sum cash payment.

Forfeitures

Forfeitures result from termination of employment under circumstances which do not entitle the participant to be fully vested in his Employer contributions and are available to be used to pay any Plan expenses or may reduce the Employer's contributions to the Plan. Forfeitures remaining at December 31, 2017 and 2016 amounted to \$31,703 and \$16,503, respectively. No forfeitures were used during 2017.

In-service withdrawals

In-service withdrawals are permitted by participants who have reached the age of 59½. Earlier withdrawals may also be made in the case of financial hardship, as determined by the Employer. Participant deferrals must cease for six months following a hardship withdrawal. Hardship withdrawals are limited to the cumulative amount of the participant's contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

OUTPATIENT IMAGING AFFILIATES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017

Payment of benefits

Benefit payments are recognized in the year paid.

Administrative expenses

The Plan is responsible for its administrative expenses unless paid by the Employer. Investment-related expenses are included in net appreciation in fair value of investments.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2017 and October 10, 2018, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has elected that the information certified by the Custodian, Empower Retirement, not be subjected to any auditing procedures, except for comparing such information to the related information contained in the financial statements and supplementary information.

The Custodian has certified to all investments (individually and in summary) as of December 31, 2017 and 2016. The Custodian has also certified to all investment transactions for the year ended December 31, 2017, including investment income, realized and unrealized gains and losses and all supplementary information.

NOTE 4 - FAIR VALUE

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available) and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Mutual funds	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
Collective trust funds	Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes, by level, within the fair value hierarchy, investments measured at fair value on a recurring basis as of December 31, 2017 and 2016:

	<u>2017</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(a) *In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or the equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.*

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

Investment	Fair Value at December 31, 2017	Fair Value at December 31, 2016	* Unfunded Commitment	* Redemption Frequency	* Redemption Notice Period
(a) Collective trust fund	\$ 146,810	\$ 124,531	\$0	Daily	30 days

*Information noted in these columns is the same for each investment type for 2017 and 2016.

There are no participant redemption restrictions for these investments; the notice period is applicable only to the Plan. If the Plan initiates a full redemption of the account, the issuer reserves the right to require 12 months' notification in order to ensure that security liquidations will be carried out in an orderly business manner.

The description of the significant investment strategies for each category of investment in the collective trust fund follows:

- (a) This category invests its assets in a diversified portfolio of Stable Value Investment Contracts issued by life insurance companies, banks, and other financial institutions, the performance of which may be predicated on underlying fixed income investments. The principal value of these assets is designed to preserve capital and remain stable regardless of stock and bond market fluctuations.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - INCOME TAX STATUS

The Plan has adopted a volume submitter plan document (Volume Submitter). The Volume Submitter received its latest opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated the Volume Submitter, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has not applied for a separate determination letter.

The Volume Submitter has been amended and restated since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan and Volume Submitter are designed and have been operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been provided in the financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

At both December 31, 2017 and 2016, the Plan had a concentration of investments in two mutual funds, which represented approximately 43% and 45% of total investments, respectively.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Empower, the Custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses of \$58,706 paid by the Plan to Empower for third party administrative services during the year ended December 31, 2017.

These party-in-interest transactions are exempt from the prohibited transactions provisions of ERISA and the IRC.
