Employee Savings Plan
Notes to Financial Statements
December 31, 2017

Note 1: Description of Plan

The following description of The Pea Soup Andersen's Santa Nella, Inc. (the Plan Sponsor) Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under which each participant has a specific account balance. The Plan covers all employees sponsored by The Pea Soup Andersen – Santa Nella, Inc. who have attained the age twenty-one and meet the service requirement of six months. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute to the Plan through salary reductions. The Plan Sponsor may make an employer matching contribution. In addition, the Plan Sponsor may elect to make an employer nonelective contribution as determined by the Plan Sponsor. The nonelective contribution will be allocated to eligible participant accounts based on all eligible participants' compensation. Participants receiving the nonelective contribution must be employed on the last day of the Plan year and work 1,000 hours. Effective January 1, 2013, the Plan was amended to require automatic enrollment. Employees who become eligible after the effective date will become automatically enrolled in the Plan unless the employee provides an affirmative election to not participate. Initial deferral rates begin at 3% of compensation and are subject to annual increases of 1% with a maximum of 5%.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer's matching and nonelective contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested in the Plan Sponsor's matching contribution after six years of service. A participant is 100% vested in the employer's nonelective contribution after five years of service. All years of service are counted except for years of service with less than 1,000 hours.

Note 1: Description of Plan (Continued)

Forfeitures of matching and nonelective contributions are used to reduce Plan administrative expenses or reduce employer matching contributions. During the year ended December 31, 2017, no forfeitures were used to pay administrative cost or to reduce employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum of $50,000 equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 2%, as of the loan date. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefit payments will commence upon termination of service unless elected otherwise by the participant. Benefits may be paid in one of the following forms of payment, or in a combination: (1) single lump sum or (2) installments over a period not to exceed the participant or participant's beneficiary's life expectancy, or (3) any form acceptable to the participant and the Plan administrator.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accrual basis of accounting is used in preparation of information regarding net assets available for Plan benefits and related changes.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid balances plus any accrued interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Fair Value Measurement and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. If quoted prices in an active market are not available, the investments are reported at estimated fair value. Many factors are considered in arriving at fair value.

Participant loans are valued at their outstanding balance, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Topic), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The Topic also established a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 2: Summary of Significant Accounting Policies (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds): Mutual funds are stated at fair value as determined by observable Level 1 quoted pricing inputs on an active market or by quoted prices for similar assets in active markets.

Common collective trusts: Investments in common collective trusts are public investment vehicles, valued at the net asset value (NAV) which is determined based on market values at the closing price on the last business day of the year. Because the NAV is a quoted price in a market that is not active, they are classified within Level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Equity securities:				
Mutual funds:	$ 738,730	$	$	$ 738,730
Common collective trusts:		1,089,082		1,089,082
Total assets at fair value	$ 738,730	$ 1,089,082	$ -	$ 1,827,812

Note 2: Summary of Significant Accounting Policies (Continued)

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Equity securities:				
Mutual funds:	$ 600,828	$	$	$ 600,828
Common collective trusts:		806,778		806,778
Total assets at fair value	$ 600,828	$ 806,778	$ -	$ 1,407,606

Payment of Benefits

Benefits are recorded when paid.

Plan Administration Expenses

For the year ended December 31, 2017, administrative expenses for the Plan were $25,812, of which $13,624 was paid by the Plan and $12,188 was paid by the Company.

Recent Pronouncements

In July 2015, FASB issued Accounting Standards update (ASU) No. 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date (Practical Expedient)*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management elected to early adopt Parts I and II for the year ended December 31, 2015. Accordingly, the amendments were retrospectively applied resulting in minimal impact on the financial statements. Part III is not applicable to this Plan.

Note 2: Summary of Significant Accounting Policies (Continued)

In February 2017, the FASB issued ASU 2017-06, *Plan Accounting: Defined Benefit Pensions Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. This statement clarifies the presentation requirements for a plan's interest in a master trust and requires more detailed disclosures of the plan's interest in the master trust. The ASU is effective for fiscal years beginning after December 15, 2018. As the Plan does not hold an interest in a master trust, management has determined that the impact of this statement on its financial statements will be minimal.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework, Changes to the Disclosure Requirements for Fair Value Measurement*. This statement modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. The ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Management has not yet determined the impact of this Statement on its financial statements.

Note 3: Information Prepared and Certified by Trustee

The Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the accompanying financial statements and supplementary schedule was prepared or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator from the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears through the financial statements and supplementary schedule.

The certification extends to the investment and investment income included in the statement of net assets available for Plan benefits and statement of changes in net assets available for Plan benefits.

During the year ended December 31, 2017, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $216,073. Earnings on investments and interest income from note receivables from participants for the year ended December 31, 2017 was $32,809 and $1,368, respectively.

Note 4: Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5: Additional Financial Statement Disclosures

Under ERISA, the Department of Labor and the Internal Revenue Service have the authority to issue regulations covering reporting and disclosure requirements, certain administrative responsibilities, and enforcement powers. The items enumerated below are required to be disclosed to meet ERISA guidelines.

1. The Plan received a favorable letter of determination from the Internal Revenue Service on July 8, 2014, regarding its qualified tax status for the Plan. However, the Plan was amended since receiving the letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

2. All reportable transactions have been disclosed in the supplementary schedule of the annual report made available to the Plan participants.

Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2013.

Note 6: Investment in Fully Benefit-Responsive Contracts

As described in Financial Accounting Standards Board Staff Position AAG INV-1 and SOP 94-4, *Reporting of Fully-Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 7: Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services are included in net appreciation in fair value investments.

Note 8: Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

Note 9: Subsequent Events

Events subsequent to December 31, 2017 have been evaluated through October 11, 2018, which is the date the financial statements were available to be issued. Management did not identify any subsequent events that required disclosure.
