INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Professional Airline Services, Inc. 401(k) Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Professional Airline Services, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company ("Voya"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Plan custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis for accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter - Supplemental Schedules

The supplemental schedules Form 5500, Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions, and Form 5500, Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United State of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

General

The Professional Airline Services, Inc. 401(k) Retirement Plan (the "Plan") is a defined contribution plan administered by Voya Retirement Insurance and Annuity Company ("Voya") as designated in the Plan. The Plan covers substantially all full-time employees and certain former employees and retirees of Professional Airline Services, Inc. (referred to as the "Company"). The information enclosed is general in nature. Plan participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions

As defined in the Plan, participants may elect to defer a percentage of their pretax annual compensation, up to the maximum allowable under the appropriate provisions of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their salary deferrals into various investment options offered by the Plan. The Plan currently offers approximately thirty mutual funds and a guaranteed investment contract as investment options for participants. The Company may make a discretionary matching contribution equal to a percentage of a participant's salary deferrals up to 6%. The Company's matching contribution is invested in the same manner as the participant directed contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: a) the Company's contribution (if any), and b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation and account balances. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution plus earnings occurs after one year of service.

Notes Receivable from Participant

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance, whichever is smaller. The notes are secured by the balance in the participant's account. Notes originated prior to December 20, 2016 bear interest at rates that range from 5% to 6% at December 31, 2017 and 2016, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Notes originated after the amended and restated Plan provisions effective December 20, 2016 bear an interest rate of the Prime rate plus 1% (5.50% at December 31, 2017). Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals, or installments up to the minimum required distribution over the participant's life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

Forfeitures occur when a participant terminates employment and has not vested in a portion of the employer contribution amount. Forfeitures are used to reduce future employer contributions. There were no forfeiture balances outstanding at December 31, 2017 and 2016, and there were no forfeitures utilized during the year ended December 31, 2017.

Hardship Distributions

Hardship distributions are permitted if the distribution is intended for expenses incurred or necessary for medical care described in the Internal Revenue Code Section 213(d), purchases of a principal residence, payment of tuition, to prevent eviction from foreclosure of the principal residence, payments for burial or funeral expenses, or repairs of damage to the principal residence. Hardship distributions can only be made from accounts which are 100% vested.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles in the United States of America. Under this method, contributions and revenues are recorded when received rather than when they are earned, and benefits and expenses are recognized when paid rather than when the obligations are incurred.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amount of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs that may be used to measure fair value are defined as follows:

Level 1 – Quoted prices in active markets for identical instruments.

Level 2 – Prices determined using other significant observable inputs. Observable inputs are inputs that other market participants may use in pricing a security. These may include quoted prices for similar securities, interest rates, prepayment speeds, credit risk, and others.

Level 3 – Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable or deemed less relevant (for example, when there is limited or no market activity for an instrument at the end of the period), unobservable inputs may be used.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for Plan instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2017.

Mutual funds: These investments consist of U.S. equities, international equities, and short-term investment funds and are reported at Net Asset Value ("NAV") as calculated by the mutual fund based upon the value of the securities held by the mutual fund. Mutual funds are classified within Level 1 of the valuation hierarchy.

Guaranteed investment contract ("GIC"): This investment is fully benefit-responsive and reported at contract value. Generally, contract value of the GIC is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to market value adjustments in connection with contract holder directed withdrawals, or under limited circumstances, for certain in-service participant withdrawals.

Purchases and sales of securities are recorded on a trade-data basis. Dividend income (if any) is recorded on the ex-dividend date and interest income is recognized when earned. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Pronouncements

In July 2015, FASB issued Accounting Standards Update ("ASU") No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient, which is part of the FASB's Simplification Initiative for employee benefit plans. Part I of the ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II of the ASU removes the requirement to disclose individual investments that represent 5 percent or more of the net assets available for benefits, removes the requirement to disclose the net appreciation or depreciation for investments by general type, and removes the requirement to disclose investments by class of investments in the fair value table

prescribed by FASB ASC 820, Fair Value Measurement. Part III allows for certain amounts to be reported as of the month end date prior to the plan's year end for those year ends that do not fall on a month end.

The ASU is effective for all entities for fiscal years beginning after December 15, 2015. During 2016, the Plan adopted Parts I and II and retrospectively applied the ASU's provisions to all periods presented, if applicable. Part III is not applicable to the Plan. The adoption effected the presentation of the Plan's investments in the statements of net assets available for benefits – modified cash basis for 2017 and 2016 and disclosures of the Plan's investments in the notes to the financial statements - modified cash basis for 2017 and 2016 and has no effect on the statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2017.

Date of Management's Review

The Plan has evaluated subsequent events through October 12, 2018 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY PLAN CUSTODIAN (UN-AUDITED)

The following information included in the accompanying financial statements and supplemental schedules as of December 31, 2017 and 2016, and for the year ended December 31 2017, was prepared and certified to be as complete and accurate by Voya, the custodian of the Plan, as permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA:

	December 31,	
	2017	2016
Investments, at fair value:		
Mutual funds	$ 896,488	$ 613,401
Investment, at contract value:		
Guaranteed investment contract	20,247	40,184
Notes receivable from participants	78,339	71,902
	$ 995,074	$ 725,487

	Year ended December 31, 2017
Investment activity:	
Net appreciation in investments	$ 129,122
Interest income on notes receivable from participants	$ 3,280

NOTE 4 – FAIR VALUE MEASUREMENT OF FINANCIAL INVESTMENTS

As of December 31, 2017 and 2016, the Plan's financial instruments carried at fair value on a recurring basis by the ASC 820 fair value hierarchy levels described in Note 2 consisted of the following:

	Assets measured at fair value at December 31, 2017			
	Level 1	Level 2	Level 3	Total fair value
Mutual funds	$ 896,488	$ -	$ -	$ 896,488
Total	$ 896,488	$ -	$ -	$ 896,488

	Assets measured at fair value at December 31, 2016			
	Level 1	Level 2	Level 3	Total fair value
Mutual funds	$ 613,401	$ -	$ -	$ 613,401
Total	$ 613,401	$ -	$ -	$ 613,401

The availability of market data is monitored to assess the appropriate classification of investments within the fair value hierarchy. As such, changes in economic conditions or valuation techniques for any given investment may cause a transfer from one fair level to another and in such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between fair value levels taking into consideration the nature of the investment and size of the transfer relative to the total amount of net assets available for benefits. There were no significant transfers in or out of Levels 1, 2, or 3 of the fair value hierarchy for the year ended December 31, 2017.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

As of December 31, 2017, the Plan held a guaranteed investment contract ("GIC") related investment option issued by Voya, a party-in-interest. The contract underlying this investment option is considered to be fully benefit responsive in accordance with ASC Topic 962, "Plan Accounting - Defined Contribution Pension Plans" and as of December 31, 2017 and 2016, the contract value of the investment in the GIC was $20,247 and $40,184, respectively.

Voya determines the credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets, and the amortization of any capital gains or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder. Although Voya may credit a higher interest rate, Voya guarantees that the credited interest rate that will not fall below the lifetime guaranteed minimum of 3.00%. As of December 31, 2017 and 2016, the crediting interest rates to participants for the contract was 3.00%.

Certain events may limit the ability of the Plan to transact at contract value with the issuer, which include: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe it is probable that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants.

Voya has the option to payout 100% of the current value of the contract after completion of five contract years.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include certain mutual funds and a GIC managed by Voya, the Plan's custodian, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE 7 – PLAN TERMINATION

Although it has not been expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – FEDERAL INCOME TAX STATUS

The underlying standardized prototype Plan has received an opinion letter from the Internal Revenue Service dated September 1, 2014, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code ("IRC"), and that any employer adopting this form of the Plan will be considered to have a Plan qualified under section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The underlying standardized prototype Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

NOTE 10 – PROHIBITED TRANSACTIONS

The Plan entered into prohibited transactions as a result of the untimely remittances by the Company of 2017 and 2016 participant contributions and participant loan repayments to the Plan of $5,230 and $9,829, respectively. Disclosure of this information, which is not material to the financial statements taken as a whole, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The supplemental schedule Form 5500, Schedule H, Part IV, line 4a, Schedule of Delinquent Participant Contributions that accompanies the Plan's financial statements, discloses this information. The 2016 untimely remittances were submitted to the Plan in 2017, and the 2017 untimely remittances were submitted to the Plan in 2017 and 2018. Earnings lost as a result of the untimely 2017 remittances have not yet been calculated and remitted to the Plan and are not considered material to the financial statements. In addition, the Company may be liable for certain excise taxes as a result of the untimely remittances which have also not yet been calculated and remitted.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Professional Airline Services, Inc. 401(k) Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Professional Airline Services, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company ("Voya"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Plan custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis for accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter - Supplemental Schedules

The supplemental schedules Form 5500, Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions, and Form 5500, Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United State of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

General

The Professional Airline Services, Inc. 401(k) Retirement Plan (the "Plan") is a defined contribution plan administered by Voya Retirement Insurance and Annuity Company ("Voya") as designated in the Plan. The Plan covers substantially all full-time employees and certain former employees and retirees of Professional Airline Services, Inc. (referred to as the "Company"). The information enclosed is general in nature. Plan participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions

As defined in the Plan, participants may elect to defer a percentage of their pretax annual compensation, up to the maximum allowable under the appropriate provisions of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their salary deferrals into various investment options offered by the Plan. The Plan currently offers approximately thirty mutual funds and a guaranteed investment contract as investment options for participants. The Company may make a discretionary matching contribution equal to a percentage of a participant's salary deferrals up to 6%. The Company's matching contribution is invested in the same manner as the participant directed contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: a) the Company's contribution (if any), and b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation and account balances. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution plus earnings occurs after one year of service.

Notes Receivable from Participant

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance, whichever is smaller. The notes are secured by the balance in the participant's account. Notes originated prior to December 20, 2016 bear interest at rates that range from 5% to 6% at December 31, 2017 and 2016, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Notes originated after the amended and restated Plan provisions effective December 20, 2016 bear an interest rate of the Prime rate plus 1% (5.50% at December 31, 2017). Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals, or installments up to the minimum required distribution over the participant's life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

Forfeitures occur when a participant terminates employment and has not vested in a portion of the employer contribution amount. Forfeitures are used to reduce future employer contributions. There were no forfeiture balances outstanding at December 31, 2017 and 2016, and there were no forfeitures utilized during the year ended December 31, 2017.

Hardship Distributions

Hardship distributions are permitted if the distribution is intended for expenses incurred or necessary for medical care described in the Internal Revenue Code Section 213(d), purchases of a principal residence, payment of tuition, to prevent eviction from foreclosure of the principal residence, payments for burial or funeral expenses, or repairs of damage to the principal residence. Hardship distributions can only be made from accounts which are 100% vested.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles in the United States of America. Under this method, contributions and revenues are recorded when received rather than when they are earned, and benefits and expenses are recognized when paid rather than when the obligations are incurred.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amount of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs that may be used to measure fair value are defined as follows:

Level 1 – Quoted prices in active markets for identical instruments.

Level 2 – Prices determined using other significant observable inputs. Observable inputs are inputs that other market participants may use in pricing a security. These may include quoted prices for similar securities, interest rates, prepayment speeds, credit risk, and others.

Level 3 – Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable or deemed less relevant (for example, when there is limited or no market activity for an instrument at the end of the period), unobservable inputs may be used.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for Plan instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2017.

Mutual funds: These investments consist of U.S. equities, international equities, and short-term investment funds and are reported at Net Asset Value ("NAV") as calculated by the mutual fund based upon the value of the securities held by the mutual fund. Mutual funds are classified within Level 1 of the valuation hierarchy.

Guaranteed investment contract ("GIC"): This investment is fully benefit-responsive and reported at contract value. Generally, contract value of the GIC is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to market value adjustments in connection with contract holder directed withdrawals, or under limited circumstances, for certain in-service participant withdrawals.

Purchases and sales of securities are recorded on a trade-data basis. Dividend income (if any) is recorded on the ex-dividend date and interest income is recognized when earned. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Pronouncements

In July 2015, FASB issued Accounting Standards Update ("ASU") No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient, which is part of the FASB's Simplification Initiative for employee benefit plans. Part I of the ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II of the ASU removes the requirement to disclose individual investments that represent 5 percent or more of the net assets available for benefits, removes the requirement to disclose the net appreciation or depreciation for investments by general type, and removes the requirement to disclose investments by class of investments in the fair value table

prescribed by FASB ASC 820, Fair Value Measurement. Part III allows for certain amounts to be reported as of the month end date prior to the plan's year end for those year ends that do not fall on a month end.

The ASU is effective for all entities for fiscal years beginning after December 15, 2015. During 2016, the Plan adopted Parts I and II and retrospectively applied the ASU's provisions to all periods presented, if applicable. Part III is not applicable to the Plan. The adoption effected the presentation of the Plan's investments in the statements of net assets available for benefits – modified cash basis for 2017 and 2016 and disclosures of the Plan's investments in the notes to the financial statements - modified cash basis for 2017 and 2016 and has no effect on the statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2017.

Date of Management's Review

The Plan has evaluated subsequent events through October 12, 2018 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY PLAN CUSTODIAN (UN-AUDITED)

The following information included in the accompanying financial statements and supplemental schedules as of December 31, 2017 and 2016, and for the year ended December 31 2017, was prepared and certified to be as complete and accurate by Voya, the custodian of the Plan, as permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA:

	December 31,	
	2017	2016
Investments, at fair value:		
Mutual funds	$ 896,488	$ 613,401
Investment, at contract value:		
Guaranteed investment contract	20,247	40,184
Notes receivable from participants	78,339	71,902
	$ 995,074	$ 725,487

	Year ended December 31, 2017
Investment activity:	
Net appreciation in investments	$ 129,122
Interest income on notes receivable from participants	$ 3,280

NOTE 4 – FAIR VALUE MEASUREMENT OF FINANCIAL INVESTMENTS

As of December 31, 2017 and 2016, the Plan's financial instruments carried at fair value on a recurring basis by the ASC 820 fair value hierarchy levels described in Note 2 consisted of the following:

	Assets measured at fair value at December 31, 2017			
	Level 1	Level 2	Level 3	Total fair value
Mutual funds	$ 896,488	$ -	$ -	$ 896,488
Total	$ 896,488	$ -	$ -	$ 896,488

	Assets measured at fair value at December 31, 2016			
	Level 1	Level 2	Level 3	Total fair value
Mutual funds	$ 613,401	$ -	$ -	$ 613,401
Total	$ 613,401	$ -	$ -	$ 613,401

The availability of market data is monitored to assess the appropriate classification of investments within the fair value hierarchy. As such, changes in economic conditions or valuation techniques for any given investment may cause a transfer from one fair level to another and in such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between fair value levels taking into consideration the nature of the investment and size of the transfer relative to the total amount of net assets available for benefits. There were no significant transfers in or out of Levels 1, 2, or 3 of the fair value hierarchy for the year ended December 31, 2017.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

As of December 31, 2017, the Plan held a guaranteed investment contract ("GIC") related investment option issued by Voya, a party-in-interest. The contract underlying this investment option is considered to be fully benefit responsive in accordance with ASC Topic 962, "Plan Accounting - Defined Contribution Pension Plans" and as of December 31, 2017 and 2016, the contract value of the investment in the GIC was $20,247 and $40,184, respectively.

Voya determines the credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets, and the amortization of any capital gains or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder. Although Voya may credit a higher interest rate, Voya guarantees that the credited interest rate that will not fall below the lifetime guaranteed minimum of 3.00%. As of December 31, 2017 and 2016, the crediting interest rates to participants for the contract was 3.00%.

Certain events may limit the ability of the Plan to transact at contract value with the issuer, which include: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe it is probable that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants.

Voya has the option to payout 100% of the current value of the contract after completion of five contract years.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include certain mutual funds and a GIC managed by Voya, the Plan's custodian, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE 7 – PLAN TERMINATION

Although it has not been expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – FEDERAL INCOME TAX STATUS

The underlying standardized prototype Plan has received an opinion letter from the Internal Revenue Service dated September 1, 2014, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code ("IRC"), and that any employer adopting this form of the Plan will be considered to have a Plan qualified under section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The underlying standardized prototype Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

NOTE 10 – PROHIBITED TRANSACTIONS

The Plan entered into prohibited transactions as a result of the untimely remittances by the Company of 2017 and 2016 participant contributions and participant loan repayments to the Plan of $5,230 and $9,829, respectively. Disclosure of this information, which is not material to the financial statements taken as a whole, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The supplemental schedule Form 5500, Schedule H, Part IV, line 4a, Schedule of Delinquent Participant Contributions that accompanies the Plan's financial statements, discloses this information. The 2016 untimely remittances were submitted to the Plan in 2017, and the 2017 untimely remittances were submitted to the Plan in 2017 and 2018. Earnings lost as a result of the untimely 2017 remittances have not yet been calculated and remitted to the Plan and are not considered material to the financial statements. In addition, the Company may be liable for certain excise taxes as a result of the untimely remittances which have also not yet been calculated and remitted.
