NOTE 1. DESCRIPTION OF PLAN

The following description of Schilling Paradise Corp. 401(k) Prevailing Wage Plan (formerly, The Contractors Retirement Plan sponsored by Schilling Paradise Corp.) (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 2012, upon adoption of the Contractors and Employees Retirement Plan and Trust (the "Master Plan") (Note 4), is a defined contribution plan covering all eligible employees of Schilling Paradise Corp. (the "Company" or "Sponsor"). Effective January 1, 2016, the Plan was amended to name JAAM Builders Inc., an affiliate of the Company, a participating employer in the Plan. Effective January 1, 2017, the Company adopted a new volume submitter plan and the name of the Plan was changed to Schilling Paradise Corp. 401(k) Prevailing Wage Plan.

As of December 31, 2016 and from January 1 to February 21, 2017, Pentegra Trust Company ("Pentegra") served as the trustee of the Plan's assets. Effective February 21, 2017, certain key employees of the Company were named as trustees of the Plan. Also on February 21, 2017, the Plan changed custodians and transferred its assets from Nationwide Trust Company, FSB ("Nationwide") to Principal Trust Company ("Principal"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "IRC").

Eligibility

Employees of the Company are eligible to participate in the Plan with the exception of those whose employment is governed by a collective bargaining agreement under which retirement benefits were negotiated, nonresident aliens with no United States sourced earned income, and leased employees. All other employees are generally eligible to participate upon reaching 18 years of age and completion of six months of service, as defined. Eligible employees may enter the Plan on the first day of the quarter coincident with or next following the date the eligibility requirements are met.

Contributions

Participant contributions:

Eligible participants may elect to contribute up to 100% of their pre-tax compensation, as defined, subject to limitations imposed by the IRC. Participants may elect to designate all or a portion of their contributions as Roth (after-tax) deferrals. Participants who are age 50 or older may elect to contribute additional amounts (called "catch-up contributions") to the Plan. Participants may also contribute amounts representing rollover distributions from other qualified sources.

Employer matching contributions:

The Company may make matching contributions equal to a discretionary percentage of participant contributions, as determined by the employer. To share in any employer matching contributions, a participant must be employed on the last day of the Plan year and have been credited with at least 1,000 hours of service, as defined, during the Plan year. In the event an employee dies during the year, or terminates employment due to becoming disabled or after reaching normal retirement age (65), these conditions are waived. In February 2018, the Company made matching contributions to the Plan for 2017 in the amount of $149,899. The Company matched 100% of participant contributions up to 3% for the year ended December 31, 2017.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Employer prevailing wage contributions:

The Company makes prevailing wage contributions on behalf of each participant who performs services subject to certain federal, state, or municipal prevailing wage statutes. The prevailing wage contribution is equal to the balance of the fringe benefit payment for health and welfare for each participant (after deducting the cost of cash differential payments for the participant) based on the hourly contribution rate for the participant's employment classification, as defined. The prevailing wage contributions are not subject to the aforementioned age and service requirements and are fully vested upon contribution. During 2017, the Company made prevailing wage contributions to the Plan in the amount of $30,775.

Employer profit sharing contributions:

The Company may also make discretionary profit sharing contributions to the Plan each year. The Company made no such contributions to the Plan for 2017.

Participant Accounts

All investments are participant-directed. Each participant's account is credited with the participant's contributions, any employer matching and prevailing wage contributions, and an allocation of (a) any profit-sharing contributions made by the employer, (b) investment earnings and losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always fully vested in their contributions and employer prevailing wage contributions, plus actual earnings thereon. Participants vest in any employer matching and profit-sharing contributions in accordance with the following schedule:

Years of Credited Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

In the event of termination due to death or total and permanent disability, or upon reaching normal retirement age, participants shall become 100% vested in all aspects of their accounts.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions and any employer contributions to any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants (Participant Loans)

Participants may borrow against their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested interests in their account balances, reduced by the highest outstanding loan balance in their account during the prior twelve-month period. Participants may have up to four loans outstanding at any one time. Such loans are required to be repaid within five years. Loans are secured by a participant's vested account balance. Participant loans bear a fixed rate of interest set at the time of the loan and equal to the prime interest rate, as defined, plus 1%. Principal and interest are paid regularly to the Plan directly by participants who receive a monthly remittance notice and/or through payroll deductions. As of December 31, 2017, the interest rate on outstanding loans ranged from 3.25% to 3.50%.

Payment of Benefits

Upon disability, death, termination, or retirement, participants or their beneficiaries may receive a distribution of their vested accounts in a lump sum, partial payments, or defer distribution until a later date if the account exceeds $5,000. However, if such a participant's vested account balance is less than $5,000, but greater than $1,000, the Plan may roll the balance into an individual retirement account designated by the Plan administrator. Also, at its discretion, the Plan may elect to distribute vested account balances of less than $1,000. Generally, initial distributions must begin no later than April 1 of the calendar year following the year in which the participant attains the age of 70½, or retires.

In certain other situations, participants may also withdraw their vested funds while still employed with the Company. Participants may withdraw all or part of their vested account balances once they reach age 59½. At any time and at any age, participants may withdraw any amounts representing rollover contributions into the Plan. In addition, participants may withdraw all or a portion of their salary deferral account balances upon approval of the Plan administrator and subject to Internal Revenue Service ("IRS") hardship withdrawal rules. After making a hardship withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of the hardship withdrawal.

Forfeitures

The nonvested balance of a separated participant's account is forfeited when a distribution of vested benefits is made. For separated participants who do not receive a distribution of vested benefits, the nonvested balance is forfeited after five consecutive years of breaks in service have occurred (as defined). Forfeitures may be used at the discretion of the Company for any allowable purpose. The forfeitures balances and activity are minimal as of December 31, 2017 and 2016 and for the year ended December 31, 2017.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Adoption of Accounting Standard Updates

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC") 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Management has adopted the provisions of this new standard effective January 1, 2017. Accordingly, the standard was retrospectively applied resulting in certain investments that are measured at NAV (pooled separate accounts) not being categorized in the fair value hierarchy.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's investment in the Contractors and Employees Retirement Plan Master Trust (the "Master Trust") is based on the beginning of year value of the Plan's interest in the Master Trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The underlying investments are valued based on unit values reported to the Master Trust by insurance companies holding assets on its behalf. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

The Plan's administrative expenses, such as custodian, trustee, and costs of administration and recordkeeping were paid from the Master Trust as of December 31, 2016 and through February 21, 2017. Such amounts are generally reflected as reductions in investment income. From February 21, 2017 through December 31, 2017, the Company paid certain of the Plan's administrative expenses. Certain account-specific fees, such as any distribution or loan fees, are paid from the accounts of the transacting participants. Certain other expenses, such as legal or audit fees have typically been paid by the Company.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2017 and 2016, as well as in the supplemental schedule (Schedule H, Part IV, Line 4i) as of December 31, 2017, and the investment income from the Plan's interest in the Contractors and Employees Retirement Plan Master Trust, net realized and unrealized appreciation or depreciation in fair value of other investments and interest and dividend income for the year ended December 31, 2017, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Pentegra and Principal, the trustee and custodian of the Plan, respectively (Note 1).

NOTE 4. INVESTMENT IN RETIREMENT PLAN MASTER TRUST

Fringe Benefit Group, Inc. ("FBG") sponsors the Master Plan and Master Trust documents in which the Plan participated in until February 21, 2017. A trust in the form of the Master Trust was established in 1987. FPG had subsequently established certain master retirement plans, including The Contractors Retirement Plan, which, pursuant to their terms, maintain all plan assets in the Master Trust. The Master Trust files a Form 5500 as a 103-12 Investment Entity (a direct filing entity). Including the Plan sponsored by the Company, the total number of employer sponsored plans participating in the Master Trust as of December 31, 2016 was 1,752.

NOTE 4. INVESTMENT IN RETIREMENT PLAN MASTER TRUST (Continued)

The investment in the Master Trust represents the allocated net portion of the Master Trust that is attributable to The Contractors Retirement Plan sponsored by Schilling Paradise Corp. and represented all of the Plan's investments at December 31, 2016 and through February 21, 2107, the date of transfer to Principal. As of December 31, 2016, the Plan's investments in the underlying assets of the Master Trust consist of pooled separate accounts and common/collective trusts held by the custodian. The Plan's share of the net assets of the Master Trust is based on the underlying participant account values including the effects of contributions, allocated net investment income or loss, withdrawals, and allocated administrative expenses. Net investment income, gains, and losses are allocated to participating plans on a daily basis based on participants' investment choices. At December 31, 2016, the Plan's interest in the net assets of the Master Trust was less than 1%; however, the Plan's interest in the net assets of the Master Trust represented substantially all of the Plan's net assets as of December 31, 2016.

The following presents the fair value of investments in the Master Trust at December 31, 2016:

Investments, at fair value:	
Pooled separate accounts	$ 282,485,798
Collective trusts	566,287,810
Insurance company general account	20,493,495
Cash and cash equivalents	2,996,671
Total investments at fair value	$ 872,263,774

The net increase in the net assets available for benefits of the Master Trust for the years ended December 31, 2017 and 2016 is as follows:

	2017	2016
Net increase in net assets of the Master Trust	$ 177,951,833	$ 102,137,954

Investment income for the Master Trust for the years ended December 31, 2017 and 2016 is as follows:

	2017	2016
Investment income:		
Net realized and unrealized appreciation in fair value of investments	$ 129,454,244	$ 29,884,326

NOTE 5. RELATED PARTY TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan. Also, through February 21, 2017, the Plan was part of the Master Trust whose record-keeper and sponsor is FBG. Various administrative expenses and asset charges of the Master Trust were paid to FBG and are allocated to the Plan and participant accounts. In addition, certain investments are managed by Nationwide and Principal, the custodians of the Plan's assets, during the period covered by these financial statements. These transactions qualify as exempt party-in-interest transactions.

NOTE 6. INCOME TAX STATUS

The Master Plan obtained an opinion letter from the IRS in which the IRS stated that the Master Plan's design was in accordance with the applicable requirements of the IRC. The Master Plan document and adoption agreements have been restated to comply with recent law changes, and they received IRS approval during 2016. Effective January 1, 2017, the Sponsor has adopted a volume submitter plan and relies upon its opinion letter from the IRS dated March 31, 2014, which states that the Plan and related trust are designed in accordance with applicable requirements of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. In addition, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 7. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 7. FAIR VALUE MEASUREMENTS (Continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2017 and 2016. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Master Trust (103-12 Investment Entity): These investments are investment vehicles valued using the unit value provided by the administrator of the fund. The unit value is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The unit value is an input other than a quoted price that is observable. Therefore, these investments are classified as Level 2 investments within the fair value hierarchy.

Registered investment companies (mutual funds): Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the net asset value of units of the respective collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the net asset value of units of the respective pooled separate account. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017, and the Plan's interest in the Master Trust at fair value as of December 31, 2016:

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 129,147	$ -	$ -	$ 129,147
Total assets in the fair value hierarchy	$ 129,147	$ -	$ -	129,147
Common/collective trusts measured at net asset value [(a)]				1,433,701
Pooled separate accounts measured at net asset value [(a)]				75,305
Total investments at fair value				$ 1,638,153

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Plan interest in Contractors and Employees Retirement Plan Master Trust, a 103-12 Investment Entity	$ -	$ 1,199,824	$ -	$ 1,199,824
Total investments at fair value	$ -	$ 1,199,824	$ -	$ 1,199,824

Although the Plan holds certain investments, such as pooled separate accounts and common/collective trusts, at each of December 31, 2017 and 2016, the specific investments included in those categories at the respective dates of the statements of net assets are different, and as such, were evaluated differently for purposes of determining their inclusion in and/or appropriate level within the fair value hierarchy. As of December 31, 2017 and 2016, the Master Trust considers its underlying investments to be Level 2 investments within the fair value hierarchy, while the investments held by the Plan as of December 31, 2017 have been deemed to not fall within the fair value hierarchy as their valuation method is a practical expedient to measuring fair value. Accordingly, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3 between December 31, 2016 and 2017.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 9. DELINQUENT REMITTANCE

The Company identified one instance in 2016 where amounts withheld from employees, totaling $533, were not forwarded to the custodian within the reasonableness timeframe established by the Department of Labor. The Company calculated and remitted lost earnings for $4 on these untimely contributions in October 2017.

NOTE 10. EXCESS CONTRIBUTIONS DUE TO PARTICIPANTS

To satisfy certain nondiscrimination provisions of the Plan for the year ended December 31, 2017, $29,259 of excess participant contributions was disbursed from the Plan subsequent to year end. This amount has been netted against participant contributions in the statement of changes in net assets available for benefits for the year ended December 31, 2017. The 2017 IRS Form 5500 Schedule H, Part II presents the excess contributions as corrective distributions, a separate category of deductions from net assets.
