INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
WCA Hospital 403(b) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WCA Hospital 403(b) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified or provided by Lincoln Financial Group Trust Company, Inc. and The Lincoln Life and Annuity Company of New York, the trustees of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustees as of December 31, 2017 and 2016, and for the years then ended, that the information provided to the Plan Administrator by the trustees is complete and accurate.

In addition, the Plan has not maintained sufficient accounting records and supporting documents relating to annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

WCA HOSPITAL 403(B) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the WCA Hospital 403(b) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers substantially all full-time employees of The Woman's Christian Association (WCA) Hospital of Jamestown, NY (Plan Sponsor). It was established effective January 1, 1995 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is a Section 403(b) retirement arrangement under the Internal Revenue Code. The Board of Directors is responsible for oversight of the Plan. The Pension Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

A participant may make direct contributions into various variable annuities or a group fixed annuity contract issued by Lincoln Life and Annuity Company of New York, or a variety of mutual funds offered by Lincoln Financial Group Trust Company, Inc.

On December 1, 2016, the Plan Sponsor became a 3rd tier subsidiary of the University of Pittsburgh Medical Center (UPMC), and WCA Hospital changed its name to UPMC Chautauqua at WCA (d/b/a UPMC Chautauqua WCA). There were no changes to the Plan Administration or operations as a result of this transaction.

The Plan was frozen effective June 30, 2017 and subsequent to this date, no employees may become eligible for the Plan and no further contributions or new loans will be permitted. Effective July 1, 2017, the Plan Sponsor adopted the UPMC 403(b) Plan which allows eligible employees to participate in the parent company's Plan.

Contributions: All eligible employees may make elective deferral contributions. There is no minimum age or service requirements for participation in the employee elective deferral contribution portion of the Plan. Employees may elect to defer a portion of their compensation to the Plan up to the Internal Revenue Code limit or 100% of their compensation, whichever is less. In addition, participants are allowed to make catch up elective deferral contributions in a taxable year if the participant will be at least age 50 by the end of that year. Participants also may contribute amounts representing distributions from other qualified plans (rollover contributions).

The Plan Sponsor may provide employer matching contributions to the Plan on a discretionary basis, as determined by the Board of Directors. To be eligible for employer matching contributions, a participant must be an employee over 21 years of age with at least one year of service with WCA. The Plan Sponsor made a matching contribution of \$462,877 for the year ended December 31, 2017 (\$892,766 - 2016).

Participant Accounts: Each participant's account is credited with the participant's contributions and employer contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their contributions, employer match and earnings.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.10% to 6.40%. Principal and interest are billed monthly directly to the participant.

Payment of Benefits: On termination of service due to death, disability, retirement or any other reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in other optional forms of payment described in the Plan.

WCA HOSPITAL 403(B) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation on investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation on investments.

Subsequent Events: These financial statements have not been updated for subsequent events occurring after October 4, 2018, which is the date these financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Shares of Registered Investment Companies: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is the closing price reported on the active market on which securities are traded.

Variable Annuity Contracts: Valued at the NAV of shares held by the Plan at year end. The NAV is based on the market value of its underlying investment and is not a publicly-quoted price in an active market. The unit value of the separate accounts is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the NAV, or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. The NAV is used as a practical expedient to determine fair value for these accounts. The variable annuity contracts' underlying investments seek to preserve capital and provide a competitive level of income over time that is consistent with the preservation of capital.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements at December 31, 2017			
	(Level 1)	(Level 2)	(Level 3)	Total

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

	Fair Value Measurements at December 31, 2016			
	(Level 1)	(Level 2)	(Level 3)	Total
Variable annuity contracts (a)	\$ -	\$ -	\$ -	\$ 4,271,820

Total assets at fair value	<u>\$ 34,204,591</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 38,476,411</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable Annuity Contracts	\$ 5,090,449	n/a	Daily	None

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable Annuity Contracts	\$ 4,271,820	n/a	Daily	None

NOTE 4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 5. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets as of and for the years ended December 31, 2017 and 2016, as well as earnings and transactions for the years then ended have been derived from information provided by Lincoln Financial Group Trust Company, Inc. and The Lincoln Life and Annuity Company of New York, the trustees of the Plan, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications and has not been audited by independent accountants.

NOTE 6. TAX STATUS

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service. The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain the exclusion from tax for participants. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan Administrator intends to apply for a determination letter on the Plan when the government opens such a program.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Lincoln Retirement Services Company, LLC and held by Lincoln Financial Group Trust Company, Inc. and The Lincoln Life and Annuity Company of New York, the trustees of the Plan. Administrative expenses paid by the Plan amounted to \$101,083 for the year ended December 31, 2017 (\$102,505 - 2016). Fees incurred by the Plan for the investment management services are included in net appreciation on investments, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations. Investment income earned from parties in interest amounted to \$1,341,108 for the year ended December 31, 2017 (\$1,589,490 - 2016). Interest income earned on notes receivable from participants amounted to \$48,676 for the year ended December 31, 2017 (\$51,984 - 2016).

NOTE 8. GUARANTEED ANNUITY CONTRACTS

Lincoln Fixed Annuity Contract:

The Plan invests in a fully benefit-responsive guaranteed investment contract with The Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses which approximate fair market value at December 31, 2017 and 2016. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

WCA HOSPITAL 403(B) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8. GUARANTEED ANNUITY CONTRACTS (CONTINUED)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Lincoln Fixed Account:

Additionally, the Plan invests in a fully benefit-responsive guaranteed annuity contract with Lincoln. The account is credited with earnings on the underlying investments and charged for participant withdrawals. Lincoln provides a guarantee of principal, a guaranteed minimum rate of interest of 3%, and the potential for additional interest declared by Lincoln. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses which approximate fair market value at December 31, 2017 and 2016.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.
