Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kravet Inc. 401(k) Savings and Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes

investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management. Other than comparing the supplemental information to the information certified by the trustee, the supplemental schedule has not been subjected to auditing procedures, and accordingly, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Kravet Inc. 401(k) Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution plan established in 1961 covering all eligible employees, as defined, of Kravet Inc. (the "Company"). Employees are eligible after completing three months of service and having attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Participants may elect to defer at least 1% of their compensation subject to statutory limitations under the Internal Revenue Code. Effective July 1, 2013 the Plan provides for automatic enrollment on behalf of employees hired or first eligible to participate in the Plan after July 1, 2013.

The Company may make matching contributions equal to a discretionary percentage, as it may determine, of the participant's elective deferral, however, participant catch-up contributions will not be matched. In order to be eligible to receive employer matching contributions the participant must complete one year of service (minimum 1,000 hours). The Company's matching contribution for the year ended December 31, 2017 was $239,065.

The Company may, in its sole discretion and in such amounts as it may determine make a profit sharing contribution on behalf of participants who are eligible, as defined. Any profit sharing contribution shall be allocated in the proportion that each eligible participant's compensation for the Plan year bears to total compensation of all eligible participants for the Plan year. The Company elected not to make a profit sharing contribution for the year ended December 31, 2017.

Participant accounts - Each participant's funds are kept in their own separate accounts. Each participant's pre-tax account is credited with the participant's contribution and the Company's contributions are credited to the participant's company contribution account. Participants direct the investment of their accounts in one or more of the available funds or in a self-directed brokerage account held by Wells Fargo Advisors, LLC. Net investment gain or loss in each mutual fund, stable value fund or common collective trust and administrative expenses, other than self-directed brokerage accounts, are allocated to each participant's account in proportion to account balances, as defined. Net investment gain or loss on participant self-directed brokerage accounts are credited or charged to their individual accounts. Forfeitures of terminated

participants' nonvested Company contributions are used to pay Plan administrative expenses and to reduce the Company's future contributions.

Vesting - Participants are always 100% vested in their elective 401(k) contributions plus actual earnings thereon. Vesting in Company contributions plus earnings thereon is determined as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more years	100%

Payment of benefits - The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. On termination of service before retirement, a participant with a vested interest in their account balance of $5,000 or greater will receive the value of the vested interest in their account upon giving written consent to the Plan Trustee. Participants with a vested interest in their account balance of less than $5,000 will receive the value of the vested interest in their account in a lump-sum payment as soon as feasible following the date of termination.

Termination of Plan - While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time. In the event of complete discontinuance of employer contributions or the termination of the Plan, each participant will become fully vested in all amounts credited to his or her individual participant accounts.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from the participant investment fund to the participant loan receivable category. Loan terms generally are up to five years except in the case of a loan used to acquire a principal residence, and are secured with the participants' vested accounts. Interest rates are determined by the plan administrator by reference to the prevailing interest rates charged by commercial lenders under similar circumstances on the date the loan is made.

2. Summary of Significant Accounting Policies

Basis of accounting - The Plan prepares its financial statements on the accrual basis of accounting.

Investment valuation and income recognition - Investments in all funds and common collective trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2018, the date the financial statements were available to be issued.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of common stocks which are valued at the closing price reported on the active market on which the individual security is traded, registered investment companies (mutual funds) which are valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available, and interest bearing cash accounts which are valued at cost, which approximates fair value.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly. Level 2 investments of the Plan consist of common collective trusts (exclusive of the stable value fund) which are valued at net asset value (NAV) based on the fair value of the underlying investments held by the common collective trusts at year end and certain common stocks. Unlike shares of registered investment companies, the NAV of common collective trusts is not publicly available.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017

4. Investments

Wells Fargo Bank, N.A. ("Wells Fargo"), the trustee and custodian of the Plan, has certified to the accuracy and completeness of investments and related income as reported in the accompanying financial statements and supplemental schedule of assets held for investment purposes.

The following is a summary of the financial data certified by the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017:

	December 31,	
	2017	2016
Investments at fair value	$44,913,976	$37,533,916

See report of independent auditors.

Net appreciation in fair value of investments	$ 5,678,528
Interest and dividends (including interest not certified on notes receivable from participants)	451,756

At December 31, 2017 and 2016, the Plan has an investment in the Reliance Trust Company Stable Value Fund Collective Investment Trust - MetLife Series 25157 (the "Fund"). The Fund was formed for the purpose of allowing participating plan sponsors, who maintain qualified defined contribution plans, to invest in the MetLife Group Annuity Contract (the "Contract") issued by MetLife to the Reliance Trust Company. MetLife guarantees the contract value of the Fund's investment which represents contributions, plus interest, less participant-initiated withdrawals or transfers. There are no reserves against contract value for credit risk of the contract issuer or otherwise. MetLife provides a fixed interest rate which applies to the contract that is reset every quarter with consideration of various factors, including capital market developments, the yield-to-worst performance of the benchmark indices of the separate accounts backing the contract, the expected withdrawals of all of the participating plans indirectly participating in the contract through the Fund and all contract charges and fees. The Fund invests in fully benefit-responsive investment contracts with MetLife. Under the contracts, deposits by the Fund are invested by MetLife in separate accounts. The investments held in the separate accounts are owned by MetLife. The Plan's investment in the Fund is not an investment in a fully benefit-responsive investment contract and is therefore measured and reported at fair value. The net asset value reported by the Fund is used by the Plan as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of its investment in the Fund, the issuer reserves the right to require 60 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2017 and 2016. The ability to transact at net asset value may be limited in certain significant circumstances, specifically employer initiated events such as plan termination, bankruptcy or reorganization, early retirement incentive programs or tax disqualifications.

5. Insurance Premiums Paid on Allocated Contracts

Certain participants in the Plan have individual life insurance policies for which the premiums have been paid from the participant's plan assets. The insurance policies are not reported in the statements of net assets available for benefits as they are classified as allocated contracts. Under

generally accepted accounting principles allocated contracts are excluded from the Plan's financial statements because the purchase of the contract transfers the obligation to pay the benefit and the related risk to the insurance company. During 2017, five Plan participants each surrendered their allocated insurance contract and the Plan received cash surrender proceeds aggregating $8,716, which were credited to the accounts of the participants.

6. Tax Status

The plan administrator adopted a prototype plan that received a favorable determination letter from the Internal Revenue Service, dated March 31, 2014. Although the Plan has been subsequently amended, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of ERISA and the Internal Revenue Code and therefore fulfills the criteria for exemption from federal and state income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits between that shown on the financial statements and on the Form 5500:

	December 31, 2017	December 31, 2016
Net Assets Available for Benefits per the Financial Statements	$46,016,187	$38,697,383
Less: Deemed distribution of participant loans	-	(7,454)
Net Assets Available for Benefits per the Form 5500	$46,016,187	$38,689,929

The following is a reconciliation between net increase per the statement of changes in net assets available for benefits and the Form 5500 for the year ended December 31, 2017:

Net Increase in Net Assets Available for Benefits per the Financial Statements	$ 7,318,804
Add: Deemed distributed loans December 31, 2016	7,454
Net Increase in Net Assets Available for Benefits per the Form 5500	$ 7,326,258

Loans to participants per the statement of net assets available for benefits differ from loans to participants per the Form 5500 as of December 31, 2016, because certain conditions apply which cause certain loans to be reported as a deemed distribution for tax purposes at a time different than deemed distributions under the Plan document.

These loans are properly reported as Plan assets for financial statement purposes as determined by the written terms of the Plan document, related Plan policies and procedures and the loan documents.

8. Party-in-Interest Transactions

Certain administrative expenses of the Plan are paid by the Company. Certain services are rendered to the Plan by the Company at no cost to the Plan. Wells Fargo is the trustee, custodian and the recordkeeper for the Plan and manages the common collective trusts. Revenue sharing rebate income received by the Plan from the mutual funds is credited to an administrative account and used to satisfy administrative expenses.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kravet Inc. 401(k) Savings and Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes

investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management. Other than comparing the supplemental information to the information certified by the trustee, the supplemental schedule has not been subjected to auditing procedures, and accordingly, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Kravet Inc. 401(k) Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution plan established in 1961 covering all eligible employees, as defined, of Kravet Inc. (the "Company"). Employees are eligible after completing three months of service and having attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Participants may elect to defer at least 1% of their compensation subject to statutory limitations under the Internal Revenue Code. Effective July 1, 2013 the Plan provides for automatic enrollment on behalf of employees hired or first eligible to participate in the Plan after July 1, 2013.

The Company may make matching contributions equal to a discretionary percentage, as it may determine, of the participant's elective deferral, however, participant catch-up contributions will not be matched. In order to be eligible to receive employer matching contributions the participant must complete one year of service (minimum 1,000 hours). The Company's matching contribution for the year ended December 31, 2017 was $239,065.

The Company may, in its sole discretion and in such amounts as it may determine make a profit sharing contribution on behalf of participants who are eligible, as defined. Any profit sharing contribution shall be allocated in the proportion that each eligible participant's compensation for the Plan year bears to total compensation of all eligible participants for the Plan year. The Company elected not to make a profit sharing contribution for the year ended December 31, 2017.

Participant accounts - Each participant's funds are kept in their own separate accounts. Each participant's pre-tax account is credited with the participant's contribution and the Company's contributions are credited to the participant's company contribution account. Participants direct the investment of their accounts in one or more of the available funds or in a self-directed brokerage account held by Wells Fargo Advisors, LLC. Net investment gain or loss in each mutual fund, stable value fund or common collective trust and administrative expenses, other than self-directed brokerage accounts, are allocated to each participant's account in proportion to account balances, as defined. Net investment gain or loss on participant self-directed brokerage accounts are credited or charged to their individual accounts. Forfeitures of terminated

participants' nonvested Company contributions are used to pay Plan administrative expenses and to reduce the Company's future contributions.

Vesting - Participants are always 100% vested in their elective 401(k) contributions plus actual earnings thereon. Vesting in Company contributions plus earnings thereon is determined as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more years	100%

Payment of benefits - The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. On termination of service before retirement, a participant with a vested interest in their account balance of $5,000 or greater will receive the value of the vested interest in their account upon giving written consent to the Plan Trustee. Participants with a vested interest in their account balance of less than $5,000 will receive the value of the vested interest in their account in a lump-sum payment as soon as feasible following the date of termination.

Termination of Plan - While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time. In the event of complete discontinuance of employer contributions or the termination of the Plan, each participant will become fully vested in all amounts credited to his or her individual participant accounts.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from the participant investment fund to the participant loan receivable category. Loan terms generally are up to five years except in the case of a loan used to acquire a principal residence, and are secured with the participants' vested accounts. Interest rates are determined by the plan administrator by reference to the prevailing interest rates charged by commercial lenders under similar circumstances on the date the loan is made.

2. Summary of Significant Accounting Policies

Basis of accounting - The Plan prepares its financial statements on the accrual basis of accounting.

Investment valuation and income recognition - Investments in all funds and common collective trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2018, the date the financial statements were available to be issued.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of common stocks which are valued at the closing price reported on the active market on which the individual security is traded, registered investment companies (mutual funds) which are valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available, and interest bearing cash accounts which are valued at cost, which approximates fair value.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly. Level 2 investments of the Plan consist of common collective trusts (exclusive of the stable value fund) which are valued at net asset value (NAV) based on the fair value of the underlying investments held by the common collective trusts at year end and certain common stocks. Unlike shares of registered investment companies, the NAV of common collective trusts is not publicly available.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017

4. Investments

Wells Fargo Bank, N.A. ("Wells Fargo"), the trustee and custodian of the Plan, has certified to the accuracy and completeness of investments and related income as reported in the accompanying financial statements and supplemental schedule of assets held for investment purposes.

The following is a summary of the financial data certified by the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017:

	December 31,	
	2017	2016
Investments at fair value	$44,913,976	$37,533,916

See report of independent auditors.

Net appreciation in fair value of investments	$ 5,678,528
Interest and dividends (including interest not certified on notes receivable from participants)	451,756

At December 31, 2017 and 2016, the Plan has an investment in the Reliance Trust Company Stable Value Fund Collective Investment Trust - MetLife Series 25157 (the "Fund"). The Fund was formed for the purpose of allowing participating plan sponsors, who maintain qualified defined contribution plans, to invest in the MetLife Group Annuity Contract (the "Contract") issued by MetLife to the Reliance Trust Company. MetLife guarantees the contract value of the Fund's investment which represents contributions, plus interest, less participant-initiated withdrawals or transfers. There are no reserves against contract value for credit risk of the contract issuer or otherwise. MetLife provides a fixed interest rate which applies to the contract that is reset every quarter with consideration of various factors, including capital market developments, the yield-to-worst performance of the benchmark indices of the separate accounts backing the contract, the expected withdrawals of all of the participating plans indirectly participating in the contract through the Fund and all contract charges and fees. The Fund invests in fully benefit-responsive investment contracts with MetLife. Under the contracts, deposits by the Fund are invested by MetLife in separate accounts. The investments held in the separate accounts are owned by MetLife. The Plan's investment in the Fund is not an investment in a fully benefit-responsive investment contract and is therefore measured and reported at fair value. The net asset value reported by the Fund is used by the Plan as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of its investment in the Fund, the issuer reserves the right to require 60 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2017 and 2016. The ability to transact at net asset value may be limited in certain significant circumstances, specifically employer initiated events such as plan termination, bankruptcy or reorganization, early retirement incentive programs or tax disqualifications.

5. Insurance Premiums Paid on Allocated Contracts

Certain participants in the Plan have individual life insurance policies for which the premiums have been paid from the participant's plan assets. The insurance policies are not reported in the statements of net assets available for benefits as they are classified as allocated contracts. Under

generally accepted accounting principles allocated contracts are excluded from the Plan's financial statements because the purchase of the contract transfers the obligation to pay the benefit and the related risk to the insurance company. During 2017, five Plan participants each surrendered their allocated insurance contract and the Plan received cash surrender proceeds aggregating $8,716, which were credited to the accounts of the participants.

6. Tax Status

The plan administrator adopted a prototype plan that received a favorable determination letter from the Internal Revenue Service, dated March 31, 2014. Although the Plan has been subsequently amended, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of ERISA and the Internal Revenue Code and therefore fulfills the criteria for exemption from federal and state income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits between that shown on the financial statements and on the Form 5500:

	December 31, 2017	December 31, 2016
Net Assets Available for Benefits per the Financial Statements	$46,016,187	$38,697,383
Less: Deemed distribution of participant loans	-	(7,454)
Net Assets Available for Benefits per the Form 5500	$46,016,187	$38,689,929

The following is a reconciliation between net increase per the statement of changes in net assets available for benefits and the Form 5500 for the year ended December 31, 2017:

Net Increase in Net Assets Available for Benefits per the Financial Statements	$ 7,318,804
Add: Deemed distributed loans December 31, 2016	7,454
Net Increase in Net Assets Available for Benefits per the Form 5500	$ 7,326,258

Loans to participants per the statement of net assets available for benefits differ from loans to participants per the Form 5500 as of December 31, 2016, because certain conditions apply which cause certain loans to be reported as a deemed distribution for tax purposes at a time different than deemed distributions under the Plan document.

These loans are properly reported as Plan assets for financial statement purposes as determined by the written terms of the Plan document, related Plan policies and procedures and the loan documents.

8. Party-in-Interest Transactions

Certain administrative expenses of the Plan are paid by the Company. Certain services are rendered to the Plan by the Company at no cost to the Plan. Wells Fargo is the trustee, custodian and the recordkeeper for the Plan and manages the common collective trusts. Revenue sharing rebate income received by the Plan from the mutual funds is credited to an administrative account and used to satisfy administrative expenses.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kravet Inc. 401(k) Savings and Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes

investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management. Other than comparing the supplemental information to the information certified by the trustee, the supplemental schedule has not been subjected to auditing procedures, and accordingly, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Kravet Inc. 401(k) Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution plan established in 1961 covering all eligible employees, as defined, of Kravet Inc. (the "Company"). Employees are eligible after completing three months of service and having attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Participants may elect to defer at least 1% of their compensation subject to statutory limitations under the Internal Revenue Code. Effective July 1, 2013 the Plan provides for automatic enrollment on behalf of employees hired or first eligible to participate in the Plan after July 1, 2013.

The Company may make matching contributions equal to a discretionary percentage, as it may determine, of the participant's elective deferral, however, participant catch-up contributions will not be matched. In order to be eligible to receive employer matching contributions the participant must complete one year of service (minimum 1,000 hours). The Company's matching contribution for the year ended December 31, 2017 was $239,065.

The Company may, in its sole discretion and in such amounts as it may determine make a profit sharing contribution on behalf of participants who are eligible, as defined. Any profit sharing contribution shall be allocated in the proportion that each eligible participant's compensation for the Plan year bears to total compensation of all eligible participants for the Plan year. The Company elected not to make a profit sharing contribution for the year ended December 31, 2017.

Participant accounts - Each participant's funds are kept in their own separate accounts. Each participant's pre-tax account is credited with the participant's contribution and the Company's contributions are credited to the participant's company contribution account. Participants direct the investment of their accounts in one or more of the available funds or in a self-directed brokerage account held by Wells Fargo Advisors, LLC. Net investment gain or loss in each mutual fund, stable value fund or common collective trust and administrative expenses, other than self-directed brokerage accounts, are allocated to each participant's account in proportion to account balances, as defined. Net investment gain or loss on participant self-directed brokerage accounts are credited or charged to their individual accounts. Forfeitures of terminated

participants' nonvested Company contributions are used to pay Plan administrative expenses and to reduce the Company's future contributions.

Vesting - Participants are always 100% vested in their elective 401(k) contributions plus actual earnings thereon. Vesting in Company contributions plus earnings thereon is determined as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more years	100%

Payment of benefits - The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. On termination of service before retirement, a participant with a vested interest in their account balance of $5,000 or greater will receive the value of the vested interest in their account upon giving written consent to the Plan Trustee. Participants with a vested interest in their account balance of less than $5,000 will receive the value of the vested interest in their account in a lump-sum payment as soon as feasible following the date of termination.

Termination of Plan - While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time. In the event of complete discontinuance of employer contributions or the termination of the Plan, each participant will become fully vested in all amounts credited to his or her individual participant accounts.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from the participant investment fund to the participant loan receivable category. Loan terms generally are up to five years except in the case of a loan used to acquire a principal residence, and are secured with the participants' vested accounts. Interest rates are determined by the plan administrator by reference to the prevailing interest rates charged by commercial lenders under similar circumstances on the date the loan is made.

2. Summary of Significant Accounting Policies

Basis of accounting - The Plan prepares its financial statements on the accrual basis of accounting.

Investment valuation and income recognition - Investments in all funds and common collective trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2018, the date the financial statements were available to be issued.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of common stocks which are valued at the closing price reported on the active market on which the individual security is traded, registered investment companies (mutual funds) which are valued at the net asset value (NAV) of shares held by the Plan at year end where NAV is publicly available, and interest bearing cash accounts which are valued at cost, which approximates fair value.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly. Level 2 investments of the Plan consist of common collective trusts (exclusive of the stable value fund) which are valued at net asset value (NAV) based on the fair value of the underlying investments held by the common collective trusts at year end and certain common stocks. Unlike shares of registered investment companies, the NAV of common collective trusts is not publicly available.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017

4. Investments

Wells Fargo Bank, N.A. ("Wells Fargo"), the trustee and custodian of the Plan, has certified to the accuracy and completeness of investments and related income as reported in the accompanying financial statements and supplemental schedule of assets held for investment purposes.

The following is a summary of the financial data certified by the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017:

	December 31,	
	2017	2016
Investments at fair value	$44,913,976	$37,533,916

See report of independent auditors.

Net appreciation in fair value of investments	$ 5,678,528
Interest and dividends (including interest not certified on notes receivable from participants)	451,756

At December 31, 2017 and 2016, the Plan has an investment in the Reliance Trust Company Stable Value Fund Collective Investment Trust - MetLife Series 25157 (the "Fund"). The Fund was formed for the purpose of allowing participating plan sponsors, who maintain qualified defined contribution plans, to invest in the MetLife Group Annuity Contract (the "Contract") issued by MetLife to the Reliance Trust Company. MetLife guarantees the contract value of the Fund's investment which represents contributions, plus interest, less participant-initiated withdrawals or transfers. There are no reserves against contract value for credit risk of the contract issuer or otherwise. MetLife provides a fixed interest rate which applies to the contract that is reset every quarter with consideration of various factors, including capital market developments, the yield-to-worst performance of the benchmark indices of the separate accounts backing the contract, the expected withdrawals of all of the participating plans indirectly participating in the contract through the Fund and all contract charges and fees. The Fund invests in fully benefit-responsive investment contracts with MetLife. Under the contracts, deposits by the Fund are invested by MetLife in separate accounts. The investments held in the separate accounts are owned by MetLife. The Plan's investment in the Fund is not an investment in a fully benefit-responsive investment contract and is therefore measured and reported at fair value. The net asset value reported by the Fund is used by the Plan as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of its investment in the Fund, the issuer reserves the right to require 60 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2017 and 2016. The ability to transact at net asset value may be limited in certain significant circumstances, specifically employer initiated events such as plan termination, bankruptcy or reorganization, early retirement incentive programs or tax disqualifications.

5. Insurance Premiums Paid on Allocated Contracts

Certain participants in the Plan have individual life insurance policies for which the premiums have been paid from the participant's plan assets. The insurance policies are not reported in the statements of net assets available for benefits as they are classified as allocated contracts. Under

generally accepted accounting principles allocated contracts are excluded from the Plan's financial statements because the purchase of the contract transfers the obligation to pay the benefit and the related risk to the insurance company. During 2017, five Plan participants each surrendered their allocated insurance contract and the Plan received cash surrender proceeds aggregating $8,716, which were credited to the accounts of the participants.

6. Tax Status

The plan administrator adopted a prototype plan that received a favorable determination letter from the Internal Revenue Service, dated March 31, 2014. Although the Plan has been subsequently amended, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of ERISA and the Internal Revenue Code and therefore fulfills the criteria for exemption from federal and state income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits between that shown on the financial statements and on the Form 5500:

	December 31, 2017	December 31, 2016
Net Assets Available for Benefits per the Financial Statements	$46,016,187	$38,697,383
Less: Deemed distribution of participant loans	-	(7,454)
Net Assets Available for Benefits per the Form 5500	$46,016,187	$38,689,929

The following is a reconciliation between net increase per the statement of changes in net assets available for benefits and the Form 5500 for the year ended December 31, 2017:

Net Increase in Net Assets Available for Benefits per the Financial Statements	$ 7,318,804
Add: Deemed distributed loans December 31, 2016	7,454
Net Increase in Net Assets Available for Benefits per the Form 5500	$ 7,326,258

Loans to participants per the statement of net assets available for benefits differ from loans to participants per the Form 5500 as of December 31, 2016, because certain conditions apply which cause certain loans to be reported as a deemed distribution for tax purposes at a time different than deemed distributions under the Plan document.

These loans are properly reported as Plan assets for financial statement purposes as determined by the written terms of the Plan document, related Plan policies and procedures and the loan documents.

8. Party-in-Interest Transactions

Certain administrative expenses of the Plan are paid by the Company. Certain services are rendered to the Plan by the Company at no cost to the Plan. Wells Fargo is the trustee, custodian and the recordkeeper for the Plan and manages the common collective trusts. Revenue sharing rebate income received by the Plan from the mutual funds is credited to an administrative account and used to satisfy administrative expenses.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
