Report on the Financial Statements

We were engaged to audit the accompanying financial statements TE Connectivity Retirement Savings and Investment Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Northern Trust Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TE CONNECTIVITY RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 PLAN DESCRIPTION

The following description of the TE Connectivity Retirement Savings and Investment Plan, formerly Tyco Electronics Corporation Retirement Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is available to all regular (non-agency or non-student/co-op/temp) employees of TE Connectivity Corporation (formerly Tyco Electronics Corporation) and affiliated companies named in Appendix III of the Plan document (collectively, the Company) who have attained the age of 18. Employees classified as temporary or leased, an independent contractor, or consultant (or other similar status), employees covered by a collective bargaining agreement (CBA) unless participation is specifically provided for in the CBA, a non-resident alien with no U.S. sourced income, an employee who is eligible to participate in any "Non-U.S. TE Retirement Plan," which is any pension or retirement plan, program, or scheme established outside the U.S. that is either sponsored by a non-U.S. agreement, an employee classified as a co-op student, or an employee of a TE-affiliated company who is not designated to participate by action of the Committee are excluded from participation in the Plan. The Plan was originally effective June 29, 2007 and most recently restated effective January 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, employees of Measurement Specialties, Inc. were allowed to participate in the Plan. On April 1, 2016, assets totaling \$45,119,088 of the Savings Plan for Employees of Measurement Specialties, Inc. were merged into the Plan.

Effective October 3, 2016, employees of Jaquet North America, Inc. were allowed to participate in the Plan. On November 30, 2016, assets totaling \$117,104 of the Jaquet North America 401(k) Plan were merged into the Plan.

Effective January 1, 2017, the name of the Plan Sponsor, Tyco Electronics Corporation changed to TE Connectivity Corporation and the name of the Plan was changed to the TE Connectivity Retirement Savings and Investment Plan.

Effective January 1, 2017, employees of Brantner & Associates, Inc., SEACON Advanced Products, LLC, Advanced Fiber Products, LLC, TE Connectivity Seacon Phoenix, Inc., TE Connectivity Phoenix Optix, Inc., LSA Laser LLC, MP&E, Inc., TechDevice Corporation, AdvancedCath Technologies, LLC, Precision Wire Components, LLC, TacPro, LLC, and Creganna Medical Devices were allowed to participate in the Plan.

Effective January 1, 2017, employees of L.L. Rowe Company, Brantner & Associates, SEACON Advanced Products, LLC, Advanced Fiber Products, LLC, TE Connectivity Seacon Phoenix, Inc., TE Connectivity Phoenix Optix, Inc., Tech Device Corporation, LSA Laser LLC, MP&E, Inc., Precision Wire Components, LLC, or TacPro, LLC on December 31, 2016 were not automatically enrolled into the Plan.

TE CONNECTIVITY RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 PLAN DESCRIPTION (CONTINUED)

General (Continued)

On January 13, 2017, the RSIP II and Brantner & Associates, Inc. 401(k) Profit Sharing Plan and Trust were merged into the Plan. On February 1, 2017, the MP&E, Inc. 401(k) Profit Sharing Plan & Trust and LSA Laser 401(k) Retirement Plan were merged into the Plan. On February 3, 2017, the TechDevice Corporation 401(k) Retirement Plan was merged into the Plan. Finally, On March 1, 2017, the Creganna Medical Devices, Inc. 401(k) Plan and Precision Wire Components LLC 401K Profit Sharing Plan and Trust and on March 15, 2017 the L.L. Rowe Company 401(k) Profit Sharing Plan were merged into the Plan. Investments of approximately \$26,400,000 were transferred into the Plan from these mergers.

Contributions

Eligible employees are automatically enrolled in the Plan as participants, contributing 5% of compensation unless an eligible employee declines participation or enrolls at a different contribution percentage. Prior to August 1, 2016, participants could elect to have their deferral election automatically increased by a whole percentage point each year. Effective August 1, 2016, employees who are automatically enrolled in the Plan will have their deferral percentage increased by 1% up to a maximum of 10% on March 1 of each year unless they have elected otherwise. Participants may make tax-deferred contributions of up to 35% of their eligible compensation on a before-tax or after-tax basis or a combination of the two, subject to any restrictions imposed by the Internal Revenue Code (IRC) as defined in the Plan. Highly compensated employees (HCE) are subject to a lower annual contribution limit (\$17,000 for 2017 and 2016) and HCEs who are eligible for the Company's non-qualified plan (the TE Connectivity Supplemental Savings and Retirement Plan) are not permitted to make after-tax contributions to the Plan.

Employees 50 years or older may elect to defer additional amounts (catch-up contributions) to the Plan, also subject to IRS limitations. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Company makes a matching contribution for all participants in the Plan according to the following schedule:

<u>Years of Service</u>	<u>If Participant Contributes</u>	<u>Company Contributes</u>
0-9	1%	5%
10-19	2%	6%
20-24	3%	7%
25-29	4%	8%
30 or more	5%	9%

Contributions (Continued)

Effective July 1, 2016, the Plan was amended to allow for a standard and non-standard matching contribution. The standard matching contribution is in line with the above chart. The non-standard matching contribution applies to employees of TE Connectivity Seacon Phoenix, TE Connectivity Phoenix Optix, Brantner & Associates, Inc. SEACON Advanced Products, LLC, and Advanced Fiber Products, LLC. The non-standard matching contribution is made according to the following table:

Year	If Participant Contributes	Company Contributes
2017	No match	No match
2018	1%	1%
2019	3%	3%
2020	See standard match table	See standard match table

No match applies to catch up contributions.

Transition Benefit Contributions

The Company contributes a transition benefit for certain employees whose pensions have been frozen and are still employed by the Company at the end of the plan year unless they terminate due to death, disability, or normal retirement at or after the age of 55. These are employees who were participants in the AMP Incorporated Pension Plan (AMP) that was frozen effective December 31, 1999, and the Raychem Corporation Pension Plan (Raychem) that was frozen effective July 31, 2000, the ADC Telecommunications, Inc. Pension Plan (ADC Pension Plan), and certain participants of AT&T Management Pension Plan.

In order to be eligible for the AMP transition benefit, employees must have met the following requirements:

1. Been an active employee of AMP on December 31, 1999,
2. Been an eligible participant of AMP on December 31, 1999
3. Had not received a payment of their total vested accrued benefit from AMP
4. Had to be an active employee of Tyco International, the former Parent of the Company, on December 31, 2000, attained age 40, and completed 10 years of service as of December 31, 1999.

The transition benefit percentage is then determined based on employee age on December 31, 1999.

Transition Benefit Contributions (Continued)

In order to be eligible for the Raychem transition benefit, employees must have met the following requirements:

1. Been an active employee of Raychem on July 31, 2000,
2. Been eligible participant of Raychem on that date,
3. Had not received a payment of their total vested accrued benefit from Raychem,
4. Had to be an active employee of Tyco International, the former Parent of the Company, on December 31, 2000, attained age 40, and completed 10 years of service as of July 31, 2000.

The transition benefit formula is 1% of pay plus 0.2% of pay multiplied by age at hire date minus 25.

Active legacy ADC Telecommunications, Inc. employees who participated in the ADC Pension Plan on January 5, 1998, also receive an annual transition benefit contribution into the Plan account if they met the Rule of 55 or the Rule of 60 as of December 31, 1997 and were credited with at least 10 years of service in the ADC Pension Plan as of that date. A participant met the Rule of 55 if the sum of the participant's age and vesting service under the ADC Pension Plan as of December 31, 1997, equaled at least 55 but less than 60. Annual contributions for participants who met the Rule of 55 range from 0% to 6% of their recognized compensation for the plan year and were determined based on their age as of December 31 of the plan year. A participant met the Rule of 60 if the sum of the participant's age and years of vesting service under the ADC Pension Plan as of December 31, 1997 equaled 60 or more. Annual contributions for participants who met the Rule of 60 ranged from 0% to 9% of their eligible compensation for the plan year and are based on their age as of December 31 of the plan year. Eligible participants who terminated prior to December 31 of a plan year were credited with a partial-year contribution based on their age at termination and their recognized compensation from January 1 until the last day of the month in which their employment was terminated.

In addition, there is a special pension supplement contribution for former employees of Tyco Submarine Systems, Ltd. (TSSL). To receive this contribution, the employee must be employed by TSSL on the last day of the plan year unless terminated due to retirement (attained age 55), death, disability, or transfer from TSSL to one of the Companies. The contribution is equal to the greater of the employee's vested benefit percentage multiplied by employee's pay for the plan year plus the lesser of the employee's vested benefit percentage or 5.7% multiplied by the excess of such employee's pay for the plan year over the taxable wages base for the plan year, or one percent of the employee's eligible compensation for the year.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's contributions, and an allocation of Plan earnings (losses), and is charged with administrative fees. Allocations are based on participant compensation, participant earnings, account balances, or specific participant transactions, as defined. Participants are entitled to the benefit that can be provided from the participant's vested account. Accounts are participant-directed.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested in the Company's contribution portion of their accounts plus actual earnings after three years of vesting service or upon reaching age 55. Participants also become fully vested in the Company's contributions upon death, total disability, and normal retirement of the participant, termination due to a reduction in force and business separation or the termination of the Plan. The Plan permits normal retirement at age 55 except for participants subject to the CII CBA who reach the normal retirement age of 65. Participants are 100% vested in transition benefit contributions at all times.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loans are treated as transfers from the investment funds to the participant loan fund. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate coinciding with the rate at the first day of the quarter in which the loan was initiated. Interest rates ranged from 3.25% to 10.50% during 2017 and 2016. Loans are repaid through payroll deductions based upon an established amortization schedule.

Payment of Benefits

Upon termination of service, death, disability, or retirement, participants or their beneficiaries who have a balance greater than \$1,000 may elect to receive the total vested balance in a lump sum distribution or may leave the balance in the Plan until minimum distribution is required. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. Active participants may withdraw vested contributions from their accounts for reason of financial hardship under specific guidelines set forth in the Plan and participants who have reached the age of 59 ½ may withdraw vested contributions for any reason.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Forfeitures

Upon termination of employment, nonvested contributions and related investment earnings are forfeited. Nonvested forfeitures may be used to reduce expenses or matching contributions. During 2017 and 2016, forfeitures used to reduce Company matching contributions totaled \$1,359,225 and \$1,178,634, respectively. During 2017 and 2016, forfeitures used to reduce plan expenses totaled \$348,142 and \$267,229, respectively. At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$85,889 and \$56,719, respectively.

Investment Options

Plan participants are able to direct their investment of Plan holdings (Company and employee contributions) into various investment options offered under the Plan on a daily basis. The TE Connectivity Corporation Investment Committee (Investment Committee) acts as a named fiduciary of the Plan and is responsible for the selection of investment fund managers to manage investment funds. Four of the options available to participants are separate accounts created specifically for participants in the Plan. These accounts are the Wellington Mid-Cap Equity Fund, FMA Small Cap Value Equity, WAMCO Intermediate Bond Fund, Arrowstreet Capital and Limited Partnership – International Equity Strategy Separate Account. Since these accounts are not registered investments and the Plan owns the underlying assets, these underlying assets are presented in the schedule of assets held and fair value hierarchy table in Note 4.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Expenses for participant loans, qualified domestic relations orders, and hardship withdrawal transactions are paid by a participant by reducing the participant's account balance. Participants are charged a flat fee for record keeping services. Other expenses (generally including communications, legal, consulting, trustee and audit fees) incurred in the administration of the Plan are offset against forfeitures to the extent possible or paid by the Company. Certain investment and recordkeeping fees are offset against investment income. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Effective January 1, 2018, plan participants who are deferring less than 10% of compensation as of October 2, 2017, will have their deferral percentage automatically increased by 1% of January 1 of each year until the participant reaches 10%.

Effective March 1, 2018, the plan was amended to allow employees of Hirschmann Car Communication, Inc. to participate in the Plan.

The Plan has evaluated subsequent events through October 11, 2018, the date the financial statements were available to be issued.

NOTE 3 CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments at December 31, 2017 and 2016, interest and dividends and net appreciation in fair value of the investments for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Northern Trust Company.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Equity securities: valued at the closing price reported on the stock exchange on which the individual securities are traded. Participant transactions (purchases and sales) may occur daily.

Commingled equity funds: pooled investments in multiple equity-type securities. Fair value is calculated as the closing price of the underlying investments, an observable market condition, divided by the number of shares of the fund outstanding. Participant transactions (purchases and sales) may occur daily.

Government and corporate bonds: fair value is based on quoted market prices or market approach valuation models using observable market data such as quotes, spreads and data points for yield curves.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Commingled bond funds: pooled investments in multiple debt-type securities. Fair value is calculated as the closing price of the underlying investments, an observable market condition, divided by the number of shares of the fund outstanding. Participant transactions (purchases and sales) may occur daily.

Structured products: includes collateralized obligations, and mortgage- and asset-backed securities. These fixed income securities are valued using institutional bid evaluations in which pricing vendors use models to arrive at an estimated price. The inputs to these models are considered to be observable, market-based data. Participant transactions (purchases and sales) may occur daily.

Other investments: primarily comprised of derivatives and short term investments, which are marked to fair value using models that are supported by observable market-based-data (level 2). As of December 31, 2017 and 2016, derivatives include instruments with a notional value in asset positions of \$18,995,148 and \$32,917,265 and liability positions of \$19,278,385 and \$32,917,899, respectively. The Investment Committee has authorized certain investment managers to invest in derivative instruments for hedging purposes. As a global institutional investment, the Plan is in a position to take advantage of derivative instruments to ensure overall investment performance objectives are achieved as specified. Investment managers may utilize derivatives for risk control and substitution. Speculation is not permitted. Under no circumstances is a manager permitted to leverage the Plan's portfolio with derivatives.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their entire accounts.

NOTE 6 RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Fees expensed for Northwest Plan Services, Inc., the record keeper of the Plan and Northern Trust Company, the trustee of the Plan, during the years ended December 31, 2017 and 2016 qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 TAX STATUS

The IRS has determined and informed the Company by a letter dated May 9, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

TE CONNECTIVITY RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's investments include derivative financial instruments that are held by a custodian. Such instruments expose the Plan to credit risk and potential losses if a counterparty fails to perform according to the terms of its agreement. With respect to counterparty net asset positions at fiscal year-end 2017, we have assessed the likelihood of counterparty default as remote.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the IRS Form 5500 as of December 31:
