NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of CFG Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a participant-directed, defined contribution plan covering all employees of Columbian Mutual Life Insurance Company and subsidiaries (the "Company") who are not already covered by a defined contribution plan of a subsidiary, as defined, and have elected to be included in the Plan. Plan management controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (the "Trustee") serves as the Trustee of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Pension Committee is responsible for oversight of the Plan. The Pension Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Employee contributions may not exceed the annual limits as set by the Internal Revenue Code (IRC). The limit was $18,000 for both years ended December 31, 2017 and 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investments offered by the Plan. The Company may at its discretion determine the matching amount for the Plan year. The Company matches 100% for the first 2% of compensation and then 50% of the next 4% of compensation. Also, the Company contributes 100% of the first 4% of compensation for all employees. An additional contribution may be made at the discretion of the Company. During 2017 and 2016, there were no additional discretionary contributions.

Participants' Accounts

Each participant's account is credited with the participant's contributions, matching contributions, discretionary contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of Plan earnings are based upon performance of the investment funds chosen by individual participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF THE PLAN – Continued

Vesting

Participants are immediately fully vested in their contributions plus earnings thereon. Participants become 100% vested in the Company's matching and discretionary contributions upon completion of two years of credited service.

Notes Receivable from Participants

The Plan allows participants to borrow against their accumulated vested balances in the Plan. In general, participants may borrow up to 50% of their vested account balances from a minimum of $1,000, to a maximum of $50,000. No more than two loans can be granted in any one calendar year, and no more than two loans can be outstanding at any time. These loans are secured by individual employee accounts, bear interest at prime rate plus 1% at the date the loan is issued, and must be repaid within five years. If loans are for participants' principal residence, participants may repay loans over a 15-year period. Principal and interest are paid ratably through weekly payroll deductions. Participants are charged $40 for each new loan and a $25 annual maintenance fee for as long as the loan remains outstanding.

Payment of Benefits

Upon reaching normal retirement age or termination of service, participants may select a method of payment of their vested benefit available, as outlined in the Plan Document. Any non-vested Company contributions shall be forfeited on the date of termination. These amounts will be used to offset Plan expenses.

Forfeitures

Upon termination of a participant's employment, any non-vested Company contributions (and earnings and losses thereon) are placed in a separate account and will become a forfeiture when the participant incurs a break-in-service (as defined). Forfeited amounts can be used to offset Plan expenses and employer contributions. During 2017 and 2016, forfeitures totaling $12,863 and $5,275, respectively, were used to offset Plan expenses. During 2017 and 2016, forfeitures totaling $1,307 and $15,095, respectively, were used to offset employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts available for future offset totaled $7,418 and $12,660, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases or sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of Benefits

Benefit payments are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Plan Expenses

Most administrative expenses, management fees, and operating expenses incurred by the Plan are paid directly by the Company, in which case they are excluded from these financial statements. However there are processing and miscellaneous charges that are paid directly by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 9, 2018, which is the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained a certification from the trustee that all of the information provided by them is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee, as of and for the years ended December 31, 2017 and 2016.

	2017	2016
Investments, at Fair Value	$ 59,067,265	$ 48,310,189
Notes Receivable from Participants	$ 977,057	$ 947,638
Investment Income (Loss)	$ 8,296,865	$ 3,775,683
Interest Income on Notes Receivable from Participants	$ 42,964	$ 38,541

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 4 – FAIR VALUE MEASUREMENTS – Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

> ***Mutual Funds***: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's assets recorded at fair value on a recurring basis, as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 59,067,265	$ 0	$ 0	$ 59,067,265
Total Assets at Fair Value	$ 59,067,265	$ 0	$ 0	$ 59,067,265

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 48,310,189	$ 0	$ 0	$ 48,310,189
Total Assets at Fair Value	$ 48,310,189	$ 0	$ 0	$ 48,310,189

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan has investments in mutual funds managed by Vanguard Group. Vanguard Fiduciary Trust Company is the record keeper and the Trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Vanguard Group receives fees for investment management that is paid from the net assets of the mutual funds. As described in Note 2, the Plan Sponsor or the Plan paid certain expenses related to Plan operation and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA and are exempt from prohibitive transaction rules.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE 7–TAX STATUS

The Company adopted a Vanguard Fiduciary Trust Company Prototype Basic Plan Document and obtained a favorable determination letter from the Internal Revenue Service dated April 15, 2003, that states that the Plan and the related Trust are designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related Trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of CFG Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a participant-directed, defined contribution plan covering all employees of Columbian Mutual Life Insurance Company and subsidiaries (the "Company") who are not already covered by a defined contribution plan of a subsidiary, as defined, and have elected to be included in the Plan. Plan management controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (the "Trustee") serves as the Trustee of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Pension Committee is responsible for oversight of the Plan. The Pension Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Employee contributions may not exceed the annual limits as set by the Internal Revenue Code (IRC). The limit was $18,000 for both years ended December 31, 2017 and 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investments offered by the Plan. The Company may at its discretion determine the matching amount for the Plan year. The Company matches 100% for the first 2% of compensation and then 50% of the next 4% of compensation. Also, the Company contributes 100% of the first 4% of compensation for all employees. An additional contribution may be made at the discretion of the Company. During 2017 and 2016, there were no additional discretionary contributions.

Participants' Accounts

Each participant's account is credited with the participant's contributions, matching contributions, discretionary contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of Plan earnings are based upon performance of the investment funds chosen by individual participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF THE PLAN – Continued

Vesting

Participants are immediately fully vested in their contributions plus earnings thereon. Participants become 100% vested in the Company's matching and discretionary contributions upon completion of two years of credited service.

Notes Receivable from Participants

The Plan allows participants to borrow against their accumulated vested balances in the Plan. In general, participants may borrow up to 50% of their vested account balances from a minimum of $1,000, to a maximum of $50,000. No more than two loans can be granted in any one calendar year, and no more than two loans can be outstanding at any time. These loans are secured by individual employee accounts, bear interest at prime rate plus 1% at the date the loan is issued, and must be repaid within five years. If loans are for participants' principal residence, participants may repay loans over a 15-year period. Principal and interest are paid ratably through weekly payroll deductions. Participants are charged $40 for each new loan and a $25 annual maintenance fee for as long as the loan remains outstanding.

Payment of Benefits

Upon reaching normal retirement age or termination of service, participants may select a method of payment of their vested benefit available, as outlined in the Plan Document. Any non-vested Company contributions shall be forfeited on the date of termination. These amounts will be used to offset Plan expenses.

Forfeitures

Upon termination of a participant's employment, any non-vested Company contributions (and earnings and losses thereon) are placed in a separate account and will become a forfeiture when the participant incurs a break-in-service (as defined). Forfeited amounts can be used to offset Plan expenses and employer contributions. During 2017 and 2016, forfeitures totaling $12,863 and $5,275, respectively, were used to offset Plan expenses. During 2017 and 2016, forfeitures totaling $1,307 and $15,095, respectively, were used to offset employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts available for future offset totaled $7,418 and $12,660, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases or sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of Benefits

Benefit payments are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Plan Expenses

Most administrative expenses, management fees, and operating expenses incurred by the Plan are paid directly by the Company, in which case they are excluded from these financial statements. However there are processing and miscellaneous charges that are paid directly by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 9, 2018, which is the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained a certification from the trustee that all of the information provided by them is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee, as of and for the years ended December 31, 2017 and 2016.

	2017	2016
Investments, at Fair Value	$ 59,067,265	$ 48,310,189
Notes Receivable from Participants	$ 977,057	$ 947,638
Investment Income (Loss)	$ 8,296,865	$ 3,775,683
Interest Income on Notes Receivable from Participants	$ 42,964	$ 38,541

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 4 – FAIR VALUE MEASUREMENTS – Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

> ***Mutual Funds***: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's assets recorded at fair value on a recurring basis, as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 59,067,265	$ 0	$ 0	$ 59,067,265
Total Assets at Fair Value	$ 59,067,265	$ 0	$ 0	$ 59,067,265

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 48,310,189	$ 0	$ 0	$ 48,310,189
Total Assets at Fair Value	$ 48,310,189	$ 0	$ 0	$ 48,310,189

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan has investments in mutual funds managed by Vanguard Group. Vanguard Fiduciary Trust Company is the record keeper and the Trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Vanguard Group receives fees for investment management that is paid from the net assets of the mutual funds. As described in Note 2, the Plan Sponsor or the Plan paid certain expenses related to Plan operation and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA and are exempt from prohibitive transaction rules.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE 7–TAX STATUS

The Company adopted a Vanguard Fiduciary Trust Company Prototype Basic Plan Document and obtained a favorable determination letter from the Internal Revenue Service dated April 15, 2003, that states that the Plan and the related Trust are designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related Trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of CFG Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a participant-directed, defined contribution plan covering all employees of Columbian Mutual Life Insurance Company and subsidiaries (the "Company") who are not already covered by a defined contribution plan of a subsidiary, as defined, and have elected to be included in the Plan. Plan management controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (the "Trustee") serves as the Trustee of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Pension Committee is responsible for oversight of the Plan. The Pension Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Employee contributions may not exceed the annual limits as set by the Internal Revenue Code (IRC). The limit was $18,000 for both years ended December 31, 2017 and 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investments offered by the Plan. The Company may at its discretion determine the matching amount for the Plan year. The Company matches 100% for the first 2% of compensation and then 50% of the next 4% of compensation. Also, the Company contributes 100% of the first 4% of compensation for all employees. An additional contribution may be made at the discretion of the Company. During 2017 and 2016, there were no additional discretionary contributions.

Participants' Accounts

Each participant's account is credited with the participant's contributions, matching contributions, discretionary contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of Plan earnings are based upon performance of the investment funds chosen by individual participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN – Continued

Vesting

Participants are immediately fully vested in their contributions plus earnings thereon. Participants become 100% vested in the Company's matching and discretionary contributions upon completion of two years of credited service.

Notes Receivable from Participants

The Plan allows participants to borrow against their accumulated vested balances in the Plan. In general, participants may borrow up to 50% of their vested account balances from a minimum of $1,000, to a maximum of $50,000. No more than two loans can be granted in any one calendar year, and no more than two loans can be outstanding at any time. These loans are secured by individual employee accounts, bear interest at prime rate plus 1% at the date the loan is issued, and must be repaid within five years. If loans are for participants' principal residence, participants may repay loans over a 15-year period. Principal and interest are paid ratably through weekly payroll deductions. Participants are charged $40 for each new loan and a $25 annual maintenance fee for as long as the loan remains outstanding.

Payment of Benefits

Upon reaching normal retirement age or termination of service, participants may select a method of payment of their vested benefit available, as outlined in the Plan Document. Any non-vested Company contributions shall be forfeited on the date of termination. These amounts will be used to offset Plan expenses.

Forfeitures

Upon termination of a participant's employment, any non-vested Company contributions (and earnings and losses thereon) are placed in a separate account and will become a forfeiture when the participant incurs a break-in-service (as defined). Forfeited amounts can be used to offset Plan expenses and employer contributions. During 2017 and 2016, forfeitures totaling $12,863 and $5,275, respectively, were used to offset Plan expenses. During 2017 and 2016, forfeitures totaling $1,307 and $15,095, respectively, were used to offset employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts available for future offset totaled $7,418 and $12,660, respectively.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases or sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Plan Expenses

Most administrative expenses, management fees, and operating expenses incurred by the Plan are paid directly by the Company, in which case they are excluded from these financial statements. However there are processing and miscellaneous charges that are paid directly by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 9, 2018, which is the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained a certification from the trustee that all of the information provided by them is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee, as of and for the years ended December 31, 2017 and 2016.

	2017	2016
Investments, at Fair Value	$ 59,067,265	$ 48,310,189
Notes Receivable from Participants	$ 977,057	$ 947,638
Investment Income (Loss)	$ 8,296,865	$ 3,775,683
Interest Income on Notes Receivable from Participants	$ 42,964	$ 38,541

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS – Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

> ***Mutual Funds***: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's assets recorded at fair value on a recurring basis, as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 59,067,265	$ 0	$ 0	$ 59,067,265
Total Assets at Fair Value	$ 59,067,265	$ 0	$ 0	$ 59,067,265

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 48,310,189	$ 0	$ 0	$ 48,310,189

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan has investments in mutual funds managed by Vanguard Group. Vanguard Fiduciary Trust Company is the record keeper and the Trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Vanguard Group receives fees for investment management that is paid from the net assets of the mutual funds. As described in Note 2, the Plan Sponsor or the Plan paid certain expenses related to Plan operation and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA and are exempt from prohibitive transaction rules.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE 7–TAX STATUS

The Company adopted a Vanguard Fiduciary Trust Company Prototype Basic Plan Document and obtained a favorable determination letter from the Internal Revenue Service dated April 15, 2003, that states that the Plan and the related Trust are designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related Trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.
