Notes to Financial Statements

1. Description of Plan

The following description of the Next Day Blinds 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Next Day Blinds Corporation (the "Company") who are at least 21 years old, upon completion of 60 days of eligibility service. Senior management of the Company controls and manages the operation and administration of the Plan. Principal Life Insurance Company and Principal Trust Company (Principal) serve as the custodians of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company may make a discretionary matching contribution to the Plan which is determined by the Company on an annual basis. For 2017, the Company matched 5% of eligible employee contributions. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, a stable value collective trust fund, and pooled separate accounts as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings and is charged with benefit payments and transaction fees related to notes receivable from participants and distributions as well as allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service, as defined by the Plan. A participant is 100% vested after six years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2017, outstanding loans bore an interest rate ranging from 5.25% to 6.25%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or installment payments. Hardship distributions are available from elective deferrals upon demonstration of financial hardship, with limitations defined in the Plan. In-service distributions are allowed from vested accounts after participants reach the age of 59.5 years.

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts were \$0 and \$0, respectively. These accounts are used to reduce future Company contributions or to pay administrative expenses. During 2017, \$697 in forfeitures were used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess contributions payable

The excess contributions payable are corrective distributions paid to highly compensated employees to pass the Plan's annual non-discrimination testing. These corrective distributions are recorded as a reduction to participant contributions.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives

Next Day Blinds 401(k) Plan Notes to Financial Statements

compensation from the Plan. Expenses relating to specific participant transactions (distributions and notes receivable from participants) are charged directly to the participant's account.

Subsequent events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 4, 2018, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2017 and 2016. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable value collective trust fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") per share provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

Pooled separate accounts

The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV per share, as determined by Principal Life Insurance Company, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

Next Day Blinds 401(k) Plan
Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2017 and 2016:

Assets Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 563,905</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV (a)			<u>8,241,420</u>
Investments at fair value			<u>\$ 8,805,326</u>

Assets Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 510,160</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV (a)			<u>6,900,698</u>
Investments at fair value			<u>\$ 7,410,858</u>

- (a) *In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2017	Fair Value at December 31, 2016	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Stable value collective trust fund	<u>\$ 1,067,595</u>	<u>\$ 1,327,360</u>	None	Daily	12 months
Pooled separate accounts	<u>7,173,825</u>	<u>5,573,338</u>	None	Daily	None
	<u>\$ 8,241,420</u>	<u>\$ 6,900,698</u>			

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial investments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by the Custodians

The accompanying financial statements include the following unaudited information as of December 31, 2017 and 2016 and for the year ended December 31, 2017 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodians:

Next Day Blinds 401(k) Plan

	<u>2017</u>	<u>2016</u>
Investments at fair value	<u>\$ 8,805,326</u>	<u>\$ 7,410,858</u>
Net appreciation in fair value of investments	<u>\$ 1,200,828</u>	
Interest and dividends	<u>\$ 9,324</u>	

5. Exempt Party-in-Interest Transactions

Certain Plan investments are managed Principal Trust Company (Principal Trust) and Principal Life Insurance Company (Principal Life). Principal Trust and Principal Life are the custodians as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the custodians by the Plan for administrative services and participant initiated transactions were \$28,651. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (IRS) stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the non-standardized prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2017 and 2016 financial statements to Schedule H of Form 5500 for the year ended December 31:

	<u>2017</u>	<u>2016</u>

Excess contribution payable not reported on the Form 5500	<u>24,005</u>	<u>60,806</u>
Net assets available for benefits per the Form 5500	<u>\$ 9,150,264</u>	<u>\$ 7,733,679</u>

The following is a reconciliation of net change in net assets available for benefits per the financial statements to the Form 5500 for 2017:

Net change in net assets per the financial statements	\$ 1,427,432
Change in employer contributions receivable	28,731
Change in excess contribution payable	(36,801)
Change in adjustment from NAV to fair value for collective trust fund	<u>(2,777)</u>
Net income per the Form 5500	<u>\$ 1,416,585</u>

10. Non-Exempt Party-In-Interest Transactions

During 2017, there were unintentional delays by the Company in submitting participant contributions and loan repayments in the amount of \$112,131 to the custodian. These delinquent payments constitute prohibited transactions and the Company will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays. As of the financial statement date, these corrective contributions for lost earnings related to the 2017 late remittances had not been remitted. However, the actual participant contributions and loan repayments were deposited.

During prior plan years, there were unintentional delays by the Company in submitting participant contributions and loan repayments in the amount of \$57,594 to the custodian. The Company will remit earnings related to the late remittances in 2018 Plan year.
