Note 1. Description of Plan and Significant Accounting Policies

Plan description: The following description of the BrickStreet Mutual Insurance Company 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan, which was established January 1, 2006, and was restated effective January 1, 2017, to allow for an increase in contributions of 1% per year up to a maximum of 7% for those participants who become enrolled under the automatic deferral provisions of the Plan. The Plan has been since restated effective January 1, 2018 (refer to Note 8). All employees of the Plan Sponsor (excluding intern and temporary employees who work less than 1000 hours) who have 60 days of service, are eligible to participate in the Plan. Employees who do not complete a waiver of non-participation are automatically enrolled in the Plan upon meeting the above eligibility requirements at a deferral rate of 4%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer a percentage of their compensation as defined in the Plan document limited to the maximum percentage allowable under the Internal Revenue Code for such Plan year. The Plan also allows for participant Roth elective deferrals. Rollover contributions are permitted from other qualified plans. The employer's matching contribution is an enhanced safe harbor contribution which is an amount equal to 100% of the participant's deferral contributions up to 7% of participants' compensation for the years ended December 31, 2017 and 2016. The Plan allows for a discretionary employer contribution. The Plan Sponsor elected to not make a discretionary contribution for the year ended December 31, 2017 or 2016.

Participant accounts: Each participant account is credited with the participant's elective deferrals, participant rollover contributions and any employer contributions. In addition, each participant's account is credited with their share of appreciation/depreciation in the value of investments and charged with an allocation of administrative expenses paid from Plan assets. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant investment options: Each participant has the right to direct contributions and earnings of their account among alternative investment funds provided under the Plan. Participants should refer to the most recent annual report of each investment fund for information on risk factors, asset concentrations, use of derivative financial instruments and other financial data. Participants may transfer funds between investment options at any time.

If a participant does not make an investment option election, contributions are automatically allocated to in accordance with the default investment alternatives established under the Plan. These default investments would be made in accordance with specific rules under which the fiduciaries of the Plan, including the Employer, the Trustee and the Plan Administrator, are relieved of any legal liability for any losses resulting from the default investments.

Vesting: Participants are immediately vested in their deferral contributions, rollover contributions and employer contributions.

Payment of benefits: Upon retirement (normal retirement age is 65), death, disability, other termination of employment, hardship, or in-service distribution (after age 59 1/2), as defined, participants or their spouses and/or beneficiaries will receive their account balance under a method allowed by the Plan as disclosed below. If vested balances are less than $5,000, the Plan Administrator may elect to distribute the entire account balance to the participant without the participant's consent.

Distribution methods allowed by the Plan upon separation of employment include:

- Lump sum,
- Partial withdrawals, or
- Rollovers to an Individual Retirement Account or Annuity or other qualified employer plan.

Distribution methods allowed by the Plan if under normal retirement age include:

- Lump sum, or
- Partial withdrawals.

The Plan allows for hardship withdrawals for certain participant needs as defined in the Plan document. Hardships may be taken from participant elective contributions, Roth deferrals, employer profit sharing contributions and related earnings.

Notes Receivable from Participants: The Plan provides that participants can borrow from the Plan. These loans are secured by the balance in the participant's account and bear interest commensurate with prevailing rates. These loans are limited to the lesser of $50,000 or 50% of the participants vested account balance with a minimum requirement of $1,000. Loan principal and interest payments are made in accordance with the note's amortization schedule.

Forfeitures: Any forfeitures the Plan may realize would be used to pay Plan administrative expenses, and then used to reduce employer contributions. As of December 31, 2017 and 2016, forfeited non-vested accounts amounted to $3,722 and $1,980, respectively.

Significant accounting policies: The accounting and reporting policies of the Plan conform to the modified cash basis of accounting and to general practices within the employee benefit plan industry. The preparation of financial statements in conformity with the Plan's basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The principles and policies which significantly affect the determination of net assets and the changes in net assets are summarized below.

Basis of accounting: The accounting records of the Plan are maintained, and the statements of net assets available for benefits and related statements of changes in net assets available for benefits are presented on a modified cash basis of accounting, a practice permitted by the United States Department of Labor. Accordingly, with the exception of appreciation or depreciation in the fair value of investments and the recording of contributions receivable, income and expense items are recognized only as cash is received or paid. Therefore, certain receivables, payables and accrued expenses and deferred expenses, which would be recognized under accounting principles generally accepted in the United States of America, and general practices within the employee benefit plan industry, and which may be material in amount, are not recognized in the accompanying financial statements. Accordingly, the accompanying financial statements are not intended to present net assets or changes in net assets in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition: The Plan's investments are stated at fair value which is based upon the quoted market price as of the last day of the Plan year. Mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

Payment of benefits: Benefit payments are recorded upon distribution.

Operating expenses: Expenses of maintaining the Plan may be paid by the Plan Sponsor.

Subsequent events: The Plan has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

Note 2. Income Tax Status

The Plan has adopted the Great-West Trust Company Defined Contribution Volume Submitter Plan and Trust. Great-West Trust Company, LLC, has received a determination letter dated March 31, 2014, that

the volume submitter plan qualifies under Internal Revenue Code Section 401(a). The determination letter has been relied upon by this Plan. The Plan has been restated since the receipt of the aforementioned determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Plan management evaluates tax positions taken by the Plan to determine if any uncertain tax positions exist that compromise the Plan's tax exempt status that could result in tax obligations requiring recognition or disclosure in the Plan's financial statements. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2014.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 4. Parties-in-Interest and Related Party Transactions

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employers and certain others. During the years ended December 31, 2017, and 2016, fees for these services were $8,996 and $9,194, respectively. Certain other administrative expenses for legal, auditing, and other professional services are paid directly by the Plan Sponsor and certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

Note 5. Information Certified by the Trustee

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2017 and 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Great-West Trust Company, LLC, the Plan's trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule.

Assets certified by the Plan's current trustee as of December 31, 2017, and 2016, are as follows:

Total investments certified	**$ 129,916,411**	$ 41,826,971

For the years ended December 31, 2017, and 2016, Great-West Trust Company, LLC, certified the net appreciation in the fair value of investments in the amount of $6,384,576 and $1,553,231, respectively. Additionally, the Great-West Trust Company, LLC certified the investment income for the years ended December 31, 2017 and 2016 to be $1,243,375 and $1,119,167, respectively, and interest income related to notes receivable from participants to be $59,901 and $48,488, respectively.

Note 6. Fair Value Measurement

ASC Topic 820 *"Fair Value Measurements and Disclosure"* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

***Mutual Funds*:** Valued at the net asset value (NAV) of shares held by the Plan based on quoted market prices at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	**$ 128,590,544**	**$ -**	**$ -**	**$ 128,590,544**
Total assets at fair value	**$ 128,590,544**	**$ -**	**$ -**	**$ 128,590,544**

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 40,412,331	$ -	$ -	$ 40,412,331
Total assets at fair value	$ 40,412,331	$ -	$ -	$ 40,412,331

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Subsequent Events

Effective April 24, 2017, BrickStreet Mutual Insurance Company, the Plan Sponsor, entered into a joint venture affiliation arrangement with the Motorists Mutual insurance Company with interlocking governing Boards and common members of management. On October 30, 2017, the governing Board of the Plan Sponsor resolved to change the name of the Plan to Motorists Insurance Group 401(k) Plan effective January 1, 2018. Further, the respective governing Boards of the BrickStreet Mutual Insurance Company and Motorists Mutual Insurance Company resolved to merge the assets and participants of the Motorists Mutual Incentive Savings Plan into the Plan effective January 1, 2018, resulting in the termination of the Motorists Mutual Incentive Savings Plan. Additionally, effective January 1, 2018, management restated the Plan to adopt the Great-West Trust Company Defined Contribution Prototype Plan and Trust Nonstandardized 401(k) Plan. Consequent to these actions by the management and governing Boards of the Plan Sponsor and Motorists Mutual insurance Company, assets of approximately $154.3 million in the form of cash and investments formerly of the Motorists Mutual Incentive Savings Plan have been transferred into the Plan. On December 29, 2017, the Plan received $76,366,470 of in-kind investments transferred from the Motorists Mutual Incentive Savings Plan in preparation for the January 1, 2018, merger. On January 3, 2018, approximately $78 million in cash was transferred to the Plan for the liquidation of the Motorists Mutual Incentive Savings Plan to conclude the merger transaction.
