Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Capital Bank and Trust Company (CBTC) on behalf of American Funds, except for comparing such information with the related information included in the financial statements. NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Spokeo, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan which was established on January 1, 2013 and was most recently restated effective January 1, 2016. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code of 1954. The Plan is sponsored by Spokeo, Inc. (the Company). Generally, employees of the Company who have reached the age of 21 and have completed six months of service are eligible to participate in the Plan. Employees may enter the Plan on the first day of the quarter coinciding with or following completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by both the Company and QBI, LLC (QBI). Among other duties, it is the responsibility of the administrators to interpret the Plan, decide on questions of eligibility, determine the amount and manner of benefit payments and maintain administrative records of the Plan. All Plan assets as of December 31, 2017 and 2016 and at all times during the year ended December 31, 2017, were held by American Funds, a subsidiary of Capital Bank and Trust Company (CBTC).

Trustee

The trustee of the Plan is CBTC. The primary duties of the trustee are to authorize investments and monitor payment of contributions and benefits as directed by the Plan administrators.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contributions, when applicable, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note Receivable from Participant

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The one outstanding note receivable as of December 31, 2017 and 2016 was secured by the balance in the borrowing participant's account and bears interest at 5.0%, the prime rate plus one percent at time of borrowing. Principal and interest is paid ratably through bi-weekly payroll deductions.

Contributions

Participants – The Plan permits each participant, at the participant's option, to elect to contribute up to 100 percent of annual pretax compensation as a basic contribution to the Plan or after-tax compensation as a Roth contribution to the Plan, not to exceed the Internal Revenue Service (IRS) limitations. For the year ended December 31, 2017, the maximum pretax and Roth salary deferrals were limited to $18,000 and $5,500, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Participants direct the investment of their contributions into various mutual fund options currently offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of pretax compensation and their contributions invested in a designated balanced fund until redirected by the participant. Participants are vested immediately in their contributions plus actual earnings thereon.

Employer – The Company may make discretionary matching and profit-sharing contributions. No discretionary matching or profit-sharing contributions were made during the year ended December 31, 2017. When made by the Company, the discretionary matching and profit-sharing contributions vest according to the following schedule:

Years of Service	Vesting %
2 years	20
3 years	40
4 years	60
5 years	80
6 years or more	100

Payment of Benefits

Participants may receive distributions from their accounts upon attainment of age 59½, retirement as a result of disability, incurrence of a financial hardship (as defined), termination of their employment with the Company, death, or termination of the Plan. The participant may elect to receive either a lump-sum amount equal to the vested value of the participant's account balance, or installments over a period not to exceed the participant's assumed life expectancy. For eligible participants receiving a required minimum distribution, the vested balance will be paid out in installments over a period not to exceed the participant's assumed life expectancy.

Plan Termination

Although the Company has not expressed any intent to discontinue the Plan, the Company may do so at any time subject to the provisions of ERISA. In the event of termination, participants would become fully vested in their Company contributions and assets of the Plan would be allocated to all participants and distributed in lump sum payments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on a cash basis of accounting. Contributions by the participants and the employer are recognized when received by the trustee and withdrawals from the Plan are recognized when paid to the participants. Therefore, these financial statements are not intended to be a presentation in conformity with generally accepted accounting principles.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as determined by American Funds. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net increase in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participant

The Plan's note receivable from one participant is measured at its unpaid principal balance. Interest income is recorded on a cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2017 and 2016. If the participant ceases to make loan repayments and the Plan administrators deem the participant's loan to be in default, the participant loan balance would be reduced and a benefit payment recorded by the Plan.

Administrative Expenses

Plan investments are subject to certain investment fees based on a percentage of invested assets. Such fees are included within net increase in fair value of mutual funds in the accompanying statement of changes in net assets available for benefits. Participant loan accounts are assessed a separate fee for the administration of loans. Certain other expenses incurred for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees incurred for the administration of the Plan and participant requested services are reflected as administrative expenses on the accompanying statement of changes in net assets available for benefits.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through the date of the auditors' report, October 11, 2018, which is the date the accompanying financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the Financial Accounting Standards Board's *Accounting Standards Codification (ASC) 820,* are described as follows:

a) Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

b) Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

c) Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for Plan investments measured at fair value. There is no change in the methodology used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of Plan financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,361,380	$ -	$ -	$ 3,361,380
Total investments at fair value	$ 3,361,380	$ -	$ -	$ 3,361,380

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,229,567	$ -	$ -	$ 2,229,567
Total investments at fair value	$ 2,229,567	$ -	$ -	$ 2,229,567

NOTE 4 – TRUST CERTIFICATION

The Plan administrators have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. CBTC has certified that the following data included in the accompanying financial statements and supplemental Schedule I is complete and accurate:

a. Fair value of investments and note receivable from participant as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.

b. Investment and interest income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

c. Schedule of assets (held at end of year) as of December 31, 2017, as shown on Schedule I.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are managed by American Funds, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net increase in fair value of the investments. The Plan also paid fees totaling $1,985 to American Funds for Plan administration during the year ended December 31, 2017, which have been reflected as administrative expenses on the accompanying statement of changes in net assets available for benefits.

NOTE 6 – TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan has been designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the opinion letter, the Plan administrators believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust account is tax-exempt.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
