Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Certified Public Accountants
Employee Benefit Plan Audits

October 12, 2018

To the Plan Administrator of
Informa USA, Inc. 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of Informa USA, Inc. 401(k) Plan for the year ended December 31, 2017 and have issued our report thereon dated October 12, 2018. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 2, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Informa USA, Inc. 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2017. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements relates to the fair value measurement of investments.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan Administrator and management of Informa USA, Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Informa USA, Inc. 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Informa USA, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

INFORMA USA, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 1 **Description of Plan**

The following description of the Informa USA, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide all employees of Informa USA, Inc. (the "Company"), located within the United States of America, with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2017, certain related qualified defined contribution benefit plans sponsored by the Company were merged into the Plan. In connection with these mergers, net assets of $105,952,559 were transferred into the Plan.

Eligibility

All employees of the Company (except certain employees as defined in the Plan document) who have attained the age of 21 and completed six months of service are eligible to participate in the Plan immediately upon meeting eligibility requirements. Effective January 1, 2017, the Plan was amended and the six month service requirement was removed, allowing employees to participate immediately upon hire if they have attained the age of 21.

Participant contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 75% of their eligible annual pre-tax compensation, as defined by the Plan. The Plan also allows participants to defer funds into a "Roth 401(k) deferral", which are subject to federal income taxes. These contributions combined are limited to the maximum amounts allowed under the provisions of the IRC ($18,000 in 2017). Further, participants who are 50 years of age or older as of December 31, 2017 may contribute an additional "catch up" contribution ($6,000 in 2017). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, a money market fund, a common collective trust and brokerage funds as investment options for participants.

Employer contributions

The Company will make a matching contribution of 50 cents for every dollar contributed up to 6% of the participant's eligible compensation. Subsequent to year end, the Company calculated a true-up contribution of $266,902 relating to the 2017 match. The match was funded in 2018 with forfeitures of $155,873 and a Company contribution of $111,029, which is included in employer contributions on the statement of changes in net assets available for benefits and as an employer contribution receivable on the statements of net assets available for benefits.

Note 1 **Description of Plan (continued)**

Participants' accounts

Each participant's account is credited with their respective contribution and its allocation of (a) employer contributions and (b) Plan earnings or losses.

Vesting

Participant's voluntary contributions, rollover contributions, and any earnings thereon vest immediately. Vesting in employer matching contributions and any earnings thereon is based on the number of years of continuous service (as defined). Vesting begins after one year of service, with full vesting after completing three years of credited service. In the event of death, disability or attainment of age 55, participant's accounts become fully vested.

Notwithstanding the above vesting definition, participants who were participants in plans of certain employers that have been merged into the Plan are subject to different vesting schedules for contributions from the prior employers that were made before they merged into the Plan, as defined in those plans.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of $1,000 and a maximum of $50,000. Loans from participants are subject to approval by the plan administrator and terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended to ten years. Further, loans will bear interest at a reasonable percentage interest rate to be determined by the plan administrator and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon termination of employment, retirement, attainment of age 59 ½, death, or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum payment, in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions. Certain participants may also elect to receive distributions in the form of an annuity. Withdrawals from the plan are also available for special "hardship" reasons (as defined). Distributions to participants are recorded when paid.

Note 1 **Description of Plan (continued)**

Forfeitures
The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, can be used to reduce Company contributions. The Company used the forfeiture account to reduce its contributions during 2017 by $93,361. As of December 31, 2017 and 2016, there was $156,951 and $51,053, respectively, of forfeitures available to reduce future Company contributions.

Other income
Certain mutual fund and collective trust expenses that are charged by the mutual fund companies to the individual participants are credited to the Plan on a quarterly basis. These assets are held in a reserve account and may be used to pay expenses of the Plan, as described in the agreement. Effective February 2, 2017, amounts unused for expenses may be allocated to eligible participant accounts based upon each participant's pro rata percentage of total plan investments. Such allocation is permitted to take place no more frequently than on a quarterly basis. As of December 31, 2017 and 2016, the balance in the reserve account amounted to $183,222 and $80,513, respectively. During the year ended December 31, 2017, funds credited to the Plan amounted to $145,000, and are included in other income in the accompanying statement of changes in net assets available for benefits.

Note 2 **Summary of significant accounting policies**

The following is a summary of significant accounting policies followed by the Plan.

Basis of accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates
The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition
Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the trustee. See Note 8 for discussions of fair value measurements.

Note 2 **Summary of significant accounting policies (continued)**

Investment valuation and income recognition (continued)
Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the plan year or at the time of purchase during the plan year. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative expenses
The Company may, at its discretion, pay the expenses incidental to administering the Plan. In the event that the Company does not pay Plan expenses, the expenses shall be paid by the Plan.

Fair value
Accounting standards provide a common definition of fair value and establish a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial and non-financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (see Note 8).

Reclassifications
Certain amounts in the 2016 financial statements have been reclassified to conform to the current year presentation.

Subsequent events
The Company has evaluated subsequent events through October 12, 2018, which is the date the financial statements were available to be issued.

Note 3 **Information certified by the Plan's trustee (unaudited)**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan.

Note 4 **Related party transactions**

Certain Plan investments include shares of mutual funds, money market funds, and a common collective trust managed by Fidelity. As described in Note 1, these Fidelity-managed funds may also have fund expenses recaptured by the Plan. Fidelity is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules, as defined by ERISA.

Note 5 **Tax status**

The Plan operates under a prototype plan which has received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, indicating that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 **Plan termination**

Although it has not expressed any interest to do so, the Board of Directors of the Company may, at its discretion, terminate the Plan at any time, subject to the provisions set forth in ERISA. In the event that the Plan and the related trust terminate, all accounts will be valued as of the termination date, and all accounts will be distributed in full to participants.

Note 7 **Risks and uncertainties**

The Plan provides for various options in accounts which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes would, in the near term, materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 8 **Fair value measurements**

Accounting standards require that financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability that are significant to the fair value measurement. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 8 **Fair value measurements (continued)**

Money market fund: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

Common collective trust: Value is based on the underlying unit value of the assets held. The assets of the underlying fund are invested primarily in certain investment contracts, asset-backed securities, corporate bonds, and other securities. The fair value of the contracts is determined using the market approach based on market prices of similar contracts. The NAV is used as a practical expedient to estimate fair value.

Brokerage funds: Consists of mutual funds, money market funds, common stock, a government bond, a corporate bond, and a certificate of deposit valued as follows:

Mutual funds: Valued as stated above.

Money market funds: Valued as stated above.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Government bond: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Corporate bond: Valued at the closing price reported on the active market on which the individual securities are traded.

Certificate of deposit: Valued at cash balance on hand.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8 **Fair value measurements (continued)**

The following table summarizes the valuation of the Plan's financial assets which are measured at fair value at December 31, 2017:
