Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedules

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of or for the year ended December 31, 2017 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Capital Bank and Trust Company, the trustee of the Plan. Their report, dated October 12, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2017

The form and content of the information included in the 2017 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Greenwood Chevrolet, Inc. 401(k) Profit Sharing Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The plan, which began October 1, 1985, is a defined contribution plan covering all employees of Greenwood Chevrolet, Inc. and Greenwood Hubbard Chevrolet Oldsmobile, Inc. (the Companies) who are at least twenty-one years of age and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Companies' Board of Directors. To maintain compliance with current regulations, the Plan's prototype plan document was restated as of January 1, 2016.

Contributions

Each year, participants may make voluntary pre-tax and Roth contributions of up to 100% of their eligible compensation, as defined in the Plan. The Plan permits eligible employees to voluntarily contribute to the Plan through salary deferrals subject to annual limits set by law. Participants may contribute up to \$18,000 for 2017 and 2016, with participants over age 50 eligible to contribute an additional \$6,000 of deferred compensation earned while a participant under the Plan.

Rollover contributions from other plans are accepted, providing certain specified conditions are met.

Effective January 1, 2016, the Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Additionally, on each subsequent first day of the Plan year, enrolled participants' automatic deferral percentage will increase by 1 percent per year up to a maximum of 6 percent of eligible compensation unless changed or declined by the participant.

The Companies may, at their discretion, make matching contributions and profit sharing contributions as determined by the Companies' Board of Directors each year. These contributions require participants to be employed at the end of the Plan year and are funded in the year subsequent to their authorization. There were no matching or profit sharing contributions for the years ended December 31, 2017 and 2016. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Companies' contributions, and Plan earnings or losses, as defined by the Plan agreement. Allocations of the Companies' profit sharing contributions are given only to participants who have completed at least 1,000 hours of service during the Plan year, and are based on the participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE A - DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow money within certain limits from their individual accounts. The notes are secured by the balance in the participant's account. Such notes bear interest at Prime interest rate (4.50% and 3.75% at December 31, 2017 and 2016, respectively) as determined at the inception of the note, plus 1%, as defined, in accordance with the Plan's loan policy. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, as defined. If the participant's account balance is less than \$1,000, the plan administrator directs the trustee to make a lump-sum distribution. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions. Upon termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

Forfeitures are used first to reduce administrative expenses and then to reduce future employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$2,523 and \$756, respectively. During 2017, \$2,510 was transferred to the forfeiture account, and \$756 of forfeitures were used to pay Plan fees. During 2016, no amounts were transferred to the forfeiture account, and \$1,038 of forfeitures were used to correct a participant account for a prior year vesting error.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

Investment Options

Participants are responsible for making their investment decisions and may direct contributions in a number of the investment options offered by the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value by Capital Bank and Trust, the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 and 2016 excess contributions to the applicable participants prior to March 15, 2018 and 2017, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Companies as provided by the Plan agreement. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE C – CERTIFICATION

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016 and net change in investment income and expenses for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustee.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE D – INVESTMENTS

Assets of the Plan are held in separate accounts of a trust administered by Capital Bank and Trust as of December 31, 2017 and 2016, representing investments in mutual funds and a stable value collective trust fund.

NOTE E - FAIR VALUE MEASUREMENTS

Financial accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets primarily include exchange traded equity securities, mutual funds and U.S. Treasury bonds. Prices are obtained from readily available sources for market transactions involving identical assets and liabilities.

Fair values for Level 2 inputs are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs include quoted market prices in active markets for similar assets, quoted prices in markets that are not active for identical or similar assets and other market observable inputs such as interest rate, credit spread and foreign currency exchange rates observable in the marketplace or derived from market transactions. Level 2 assets primarily include fixed maturity securities (including public and private bonds), equity securities, over-the-counter derivatives, group annuity contracts, and other investments. These fair values are generally obtained from third-party pricing services or determined through the use of valuation models or methodologies, including matrix pricing, using substantially all observable inputs. Prices are validated through an investment analyst review process including direct interaction with external sources, recent trade activity or through use of internal models.

Level 3 fair values are based on at least one significant unobservable input for the asset. Level 3 securities contain unobservable market inputs and as a result considerable judgment may be used in determining the fair values. Level 3 assets include certain fixed maturity securities, private equity securities and complex derivatives. These fair values are generally obtained through the use of valuation models or methodologies using significant unobservable inputs or broker quotes. In circumstances where broker quotes are used to value an instrument, a nonbinding quote is generally received. Broker quotes are validated through an investment analyst review process, including direct interaction with external sources, through the use of internal models or other relevant information.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at year end.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE E - FAIR VALUE MEASUREMENTS (continued)

Stable value collective trust fund: A stable value fund composed of a stable value fund that invests in fully benefit-responsive investment contracts. The fund is valued at the NAV of units of the bank collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner; otherwise redemptions are allowable daily with no notice.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with GAAP, investments measured at net asset value as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets Measured at Fair Value at December 31, 2017 on a Recurring Basis

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE F – TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE G – PARTY-IN-INTEREST

The Plan allows participants to borrow funds against their account balances. These transactions qualify as party-in-interest transactions.

The Plan invests in shares of mutual funds managed by Capital Bank and Trust (American Funds), who is the trustee of the Plan. Transactions in such investments qualify as party-in-interest transactions.

NOTE H – RISKS AND UNCERTAINTIES

The Plan provides various investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
