Independent Auditor's Report

To the Retirement Investment Committee
Northern Colorado Anesthesia Professionals, PLLC 401k Plan
Fort Collins, Colorado

We have audited the accompanying financial statements of Northern Colorado Anesthesia Professionals, PLLC 401k Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financials statements referred to above present fairly, in all material aspects, the net assets available for benefits of the Northern Colorado Anesthesia Professionals, PLLC 401k Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules for the Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2017, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Description of Plan

The following description of the Northern Colorado Anesthesia Professionals, PLLC 401k Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all regular employees of the Employers, Northern Colorado Anesthesia Professionals, PLLC, and Encompass Medical Partners, LLC (related parties), who have completed 1,000 hours of service in the calendar year beginning on the employee's commencement date and ending 12 months following the original commencement date. The Plan was established on January 1, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and has been amended to incorporate legislative change under the Economic Growth Tax Relief Reconciliation Act (EGTRAA).

The Retirement Investment Committee of Northern Colorado Anesthesia Professionals, PLLC (the Company) administers the Plan. TD Ameritrade Trust Company (TD Ameritrade) serves as a nondiscretionary trustee and TPP Retirement Plan Specialists LLC manages Plan assets and maintains the Plan's records.

Contributions - Participants may defer before-tax or after-tax (ROTH) contributions, up to a maximum of 100%, of their total compensation each year instead of receiving that amount in cash. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The amount of the deferral is limited to the maximum allowed by law. The Plan also allows rollover contributions from qualified plans. Employee contributions are withheld from the participants' payroll each pay period.

The Company will make non-elective safe harbor and discretionary profit sharing and match contributions to the Plan. In order to receive these contributions, participants must have been active during the year of the contribution, as well as have worked at least 1,000 hours during the eligibility period. Non-elective safe harbor contributions in the amount of 4% of a participant's eligible compensation were contributed to the Plan for the year ended December 31, 2017 in the amount of $793,746. A profit sharing contribution of $1,200,193 was also made into the Plan by the Company for the year ended December 31, 2017.

The Company may make discretionary matching contributions to the Plan, up to a maximum percentage of 6% of a participant's eligible compensation. Whether or not these contributions will be made is determined on an annual basis. For years that those discretionary contributions are made, there are no requirements for participants to receive the contribution. A discretionary employer matching contribution was made in the amount of $552,267 for the Plan year ended December 31, 2017.

Note 1 - Description of Plan (continued)

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Plan sponsor's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in all elective deferral contributions into the Plan as well as safe harbor non-elective employer contributions, discretionary matching contributions, and discretionary profit sharing contributions.

Notes Receivable From Participants - Participants may borrow from their fund accounts up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest rates determined by the Plan Sponsor. The interest rates on outstanding notes receivable from participants ranged from 5.25% - 6.25%. Interest income on notes receivable from participants is recognized in the period it is earned. Installment payments including principal and interest on the loans are withheld from the participant payroll every pay period. Loans mature through July 22, 2022.

Payment of Benefits - Upon death, disability, retirement, or termination of service, a participant can elect to receive either a lump-sum distribution equal to the vested value of the participant's account, or installments under a life annuity plan. Participants may not make withdrawals from their accounts prior to retirement at age 59 and a half, except in the event of disability, death, termination of employment or notice of hardship, without being subject to certain restrictions and penalties.

Forfeitures - According to the plan document, all forfeitures will first be used to pay administrative expenses and then allocated to participants based on the same allocation as would be used for employer non-elective contributions. The Internal Revenue Code does not authorize forfeiture suspense accounts to hold unallocated monies beyond the plan year in which they arise. Forfeitures in the amount of $0 were used to pay administrative expenses during the year ended December 31, 2017. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $0 and $0 respectively.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value. See Note 4 for discussion of contracts). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Investment Committee determines the Plan's valuation policies utilizing information provided by the investments advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are considered in default at the end of the cure period set forth by the separate loan procedures, for which there is any outstanding payment due (principal or interest). At this date, the entire outstanding principal and accrued interest shall be distributed or deemed distributed to the participant. For the year ended December 31, 2017, there were $0 of deemed distributions that resulted from defaulted loans.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - According to the Plan document, it is anticipated that all administrative expenses shall be paid by the Company. However, to the extent that the administrative expenses are not paid by the Company, such expenses shall be paid out of the Trust Fund upon the direction of the Administrator provided that such payments are consistent with ERISA. Investment related expenses are included in net appreciation of fair value of investments. During the plan year 2017, administrative expenses were paid by the Trust Fund in the amount of $126,365. Administrative fees in the amount of $0 were paid from the forfeiture account.

Note 2 - Summary of Accounting Policies (continued)

Plan Restatement - The Plan was restated effective January 1, 2015 in order to comply with all the applicable requirements as set forth by the Internal Revenue Code. The Plan has adopted a TPP Retirement Plan Specialists, L.L.C. Defined Contribution Protoype Plan.

Reclassification - Certain 2016 amounts have been reclassified to conform with the 2017 presentation.

Subsequent Events - The Company has evaluated all subsequent events through October 10, 2018, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market which the Plan has the ability to access at the measurement date.

Level 2 Fair Value Measurements - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in an active market;
- Quoted prices for identical or similar assets or liabilities in an inactive market;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 3 - Fair Value Measurements (continued)

Level 3 Fair Value Measurements - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017, and 2016.

Cash Equivalents: Short-term, highly liquid investments with an original maturity of three months or less.

Mutual funds: Valued at the daily closing price as reported by the fund and are classified as Level 1 investments. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Outside self-directed brokerage account: Accounts primarily consist of mutual funds and common stocks, but also include corporate bonds, a master limited partnership (which is a publicly traded partnership), a non-traded REIT, and a life insurance annuity contract. These accounts are held separately outside of the Plan manager, TPP Retirement Plan Specialists LLC.

Self-directed brokerage account: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices. The self-directed brokerage account is held through the trustee, TD Ameritrade Trust Company, and has been deemed to be all level 1 investments.

Note 3 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017, and 2016.

	Assets at Fair Value as of December 31, 2017

Note 3 - Fair Value Measurements (continued)

Transfers between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For years ended December 31, 2017, and 2016, there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3.

Note 4 - Group Annuity Contracts Held in Outside Self-Directed Brokerage Accounts

Two participants in the Plan held traditional fully benefit-responsive guaranteed contracts during 2016. One participant in the Plan held a traditional fully benefit-responsive guaranteed contract with American Equity Investment Life Insurance Company (American Equity), within their self-directed brokerage account totaling $0 in 2017 and $132,077 in 2016. American Equity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and interest. There are several options for investment within the contract that offer different crediting methods. There is a stated guaranteed minimum interest rate of 1% for all methods. Participants are eligible to transfer money in or out of methods on each contract anniversary.

Another participant in the Plan held a traditional fully benefit-responsive guaranteed contract with Nationwide Life Insurance Company (Nationwide), within their self-directed brokerage account totaling $0 in 2017 and $60,885 in 2016. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and interest. There are several options for investment within the contract that offer different crediting methods. The interest rate on the general account is determined at the time of purchase of the contract.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by American Equity and Nationwide, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 4 - Group Annuity Contracts Held in Outside Self-Directed Brokerage Accounts (cont)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants are 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or beneficiary.

Note 6 - Tax Status

The Plan has adopted a prototype plan from TPP Retirement Plan Specialists, LLC, "Prototype Non-standardized Profit Sharing Plan." The prototype plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Volume Submitter Profit Sharing Plan With CODA, as designed, is in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator has not received a determination letter for their specific plan. However, the Plan administrator and the Plan's tax counsel believe that the plan is designed and is currently being operated in compliance with all applicable requirements of the Internal Revenue Code.

Note 6 - Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and December 31, 2016 to Schedule H of Form 5500:

	2017	2016
Net assets available for benefits per the financial statements	$ 43,712,522	$ 36,216,279
Adjustment for fees paid after year-end	(2,233)	(1,776)
Net assets available for benefits per Schedule H of Form 5500	$ 43,710,289	$ 36,214,503

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2017 to Schedule H of Form 5500:

Benefits paid to participants per the financial statements	$ 2,796,185
Benefits paid directly to participants or beneficiaries per Schedule H of Form 5500	$ 2,796,185

The following is a reconciliation of contributions received from the employer per the financial statements for the year ended December 31, 2017 to Schedule H of Form 5500:

Employer contributions per the financial statements	$ 2,546,205
Employer contributions per Schedule H of Form 5500	$ 2,546,205

Note 7 - Reconciliation of Financial Statements to Schedule H Form 5500 (continued)

The following is a reconciliation of contributions received from the employee per the financial statements for the year ended December 31, 2017 to Schedule H of Form 5500:

Employee contributions per the financial statements	$ 1,527,413
Employee contributions per Schedule H of Form 5500	$ 1,527,413

The following is a reconciliation of net investment gain from registered investment companies and unrealized appreciation of assets per the Schedule H of Form 5500 to the financial statements for the year ended December 31, 2017:

Net appreciation in fair value of investments per the financial statements	$ 3,737,426
Net investment income from investments per Schedule H of Form 5500	$ 3,737,426

The following is a reconciliation of expenses per the Schedule H of Form 5500 to the financial statements for the year ended December 31, 2017:

Administrative fees paid per the financial statements	$ 126,365
Adjustment for 2016 fees paid in 2017	(1,776)
Adjustment for 2017 fees paid in 2018	2,233
Administrative fees per Schedule H of Form 5500	$ 126,822

Note 8 - Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian. Please note that the certification only includes information for funds held inside TD Ameritrade, and does not cover those held in outside self-directed brokerage accounts.

	2017	2016
Investments, at fair value:		
Mutual funds	$ 32,771,278	$ 23,261,719
Self-directed brokerage accounts held inside TD Ameritrade	$ 3,088,562	$ 2,294,076
Cash equivalents	$ 147,248	$ 69,405

Note 9 - Related-Party and Party In Interest Transactions

Certain Plan investments are shares of mutual funds managed by the custodian, TD Ameritrade. The transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid thorough revenue sharing, rather than a direct payment. As described in Note 2, the Plan also made direct payments to the third party administrator totaling $126,365, of which $0 were from the Plan's forfeiture account. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term (as defined within one year) and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 - Accounting for Uncertain Tax Positions

The Plan adopted FASB Interpretation No. 48 (FASB ASC 740-10-10), *Accounting for Uncertainty in Income Taxes* on January 1, 2009. ASC 740-10-10 is an interpretation of SFAS No. 109, Accounting for Income Taxes. ASC 740-10-10 prescribes recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken, or expected to be taken in a tax return. ASC 740-10-10 requires the affirmative evaluation that is more likely-than-not, based on the technical merits of a tax position, that an enterprise is entitled to economic benefits resulting from positions taken in income tax returns. If a tax position does not meet the more-likely-than not recognition threshold, the benefit of the position is not recognized in the financial statements. ASC 740-10-10 also requires companies to disclose additional quantitative and qualitative information in the financial statements about uncertain tax positions. The Company's adoption of ASC 740-10-10 on January 1, 2009, did not have a material impact on the financial statements.

The Plan's evaluation on December 31, 2017 revealed no tax positions that would have a material impact on the financial statements. The 2014 through 2016 tax years remain subject to examination by the Internal Revenue Service (IRS). As of the date of the financial statements, the IRS has not commenced any examinations. The Plan does not believe that any reasonably possible changes will occur within the next twelve months that will have a material impact on the financial statements.
