PLANES MOVING & STORAGE, INC. 401(K) TAX DEFERRED SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE A – DESCRIPTION OF PLAN

The following brief description of the Planes Moving & Storage, Inc. 401(k) Tax Deferred Savings Plan (the Plan) is provided for general information purposes. Participants should refer to the Summary Plan Description for a more comprehensive description of the Plan's provisions.

General Information

The Plan is a defined contribution plan covering all employees of Planes Moving & Storage, Inc. (the Company) and certain affiliated companies. Full time employees that have reached the age of 21 are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is qualified under Internal Revenue Code (the Code).

Contributions

Each year, participants may contribute up to 100% of their annual compensation through pre-tax deferrals or Roth 401(k) deferrals, subject to the Internal Revenue Service (IRS) limits as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).

The Plan has automatic enrollment for all employees who meet the eligibility requirements. As of January 1, 2017, the Plan was amended to reduce the automatic deferral election from 4% to 1% of their compensation unless the participant makes an affirmative election.

The Company may contribute discretionary matching contributions, which are also invested as directed by participants. For the year ended December 31, 2017, the matching Company contribution equaled 25% of the first 4% of the base compensation that a participant contributed to the Plan.

The Company may also make a discretionary profit sharing contribution that is allocated to all eligible participants for each plan year. There was no profit sharing contribution in 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and plan earnings and forfeitures of terminated participants' non-vested accounts. Each participant account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct investment of their account balances into various investment options offered by the Plan.

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Employer matching contributions to the Plan, plus any earnings they generate, vest after the second year of service at 20% each year and are fully vested after six years of service. If not fully vested before, participants become 100% vested upon reaching normal retirement age.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 4.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Participants become eligible for benefit distributions upon retirement, disability, death, termination of employment, or termination of the Plan. A participant who has attained age 59½ and who has not separated from service may also request to receive a distribution of the funds which the participant has contributed to his or her account. All in-service distributions are made in lump sum cash payments or rollovers to other plans. All benefit payment distributions are made in lump sum cash payments unless the participant elects payment in the form of periodic annuity payments. Benefit payments are recorded when distributed. Hardship withdrawals may be authorized for the following reasons: (a) purchase of primary residence, (b) tuition expense for post-secondary education, (c) medical expenses, (d) prevention of foreclosure on a primary residence, (e) funeral or burial expenses for parents, spouse, children, or dependents, and (f) repair damage expenses to primary home that would be tax deductible.

Forfeited Accounts

Forfeitures resulting from the non-vested portion of participants' accounts who terminate prior to being fully vested are generally used to pay any administrative expenses of the Plan and to reduce employer contributions. At December 31, 2017 and 2016, forfeitures totaled \$10,230 and \$201, respectively. For the year ended December 31, 2017, no forfeitures were used to reduce employer contributions and administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in the Company contribution of their account.

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Plan maintenance and service fees are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsible investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of Benefits

Benefits are recorded when approved. As of December 31, 2017 and 2016, there were no unpaid distribution requests.

NOTE C – INVESTMENTS (INFORMATION CERTIFIED BY THE PLAN TRUSTEE)

The plan administrator has elected the method of compliance permitted by 29 CFR 250.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2017 and 2016, net appreciation (depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2017, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used by the Plan at December 31, 2017 and 2016.

Registered Investment Companies: Valued based on quoted market prices in active markets (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 20,246,227	\$ -	\$ -	\$ 20,246,227
Total investments at fair value	<u>\$ 20,246,227</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,246,227</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 15,227,783	\$ -	\$ -	\$ 15,227,783

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2017 and 2016, the Plan held investments in a fully benefit-responsive guaranteed investment contract with VOYA Retirement Insurance and Annuity Company. The objective of this fund is stability of principal and a guaranteed minimum interest rate of 1% and may credit interest that exceeds the minimum guaranteed rate. Credited interest becomes part of principle and the investment increases through compound interest. All funds invested in the VOYA Fixed Account receive the same credited rate. The insurance company may have limitations on transfers with this fund. Withdrawals from the fund are not subject to limitations and may be made for any reason, subject to the plan document and Internal Revenue Code limitations. At December 31, 2017 and 2016, the VOYA Fixed Account's contract value equaled \$2,342,743 and \$3,023,531, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

NOTE F – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2017	2016

NOTES TO FINANCIAL STATEMENTS

NOTE G – RELATED-PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are mutual funds managed by Voya Institutional Trust Company. Voya Institutional Trust Company is the trustee, as defined by the Plan, and qualifies as a party in interest. The Plan also issues loans to participants, which are secured by the balances in the participants' accounts.

Certain administrative expenses are provided by the Company at no cost to the Plan and certain administrative expenses of the Plan are paid by the Company.

NOTE H– TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the approval letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain tax position that are more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE I – RISKS AND UNCERTAINTIES

The Plan provides for various investment options including any combination of certain mutual funds. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

NOTE J – SUBSEQUENT EVENTS

In connection with the preparation of the Plan's financial statements for the year ended December 31, 2017, events and transactions subsequent to December 31, 2017 through September 21, 2018 have been evaluated by the plan administrator for possible adjustment and/or disclosure. No subsequent events requiring financial statement adjustment and/or disclosure have been identified.
