NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 1 – Description of Plan

The following description of the Omega Moulding Co. Ltd. 401(K) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Omega Moulding Ltd and certain affiliates (the "Company") who have 3 months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees of the Company also serves as the Board of Trustees of the Plan. The Board of Trustees is responsible for oversight of the Plan and they determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute an amount equal to a percentage of the contributing participant's compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Company may elect to make discretionary profit sharing contributions to the Plan. For the years ended December 31, 2017 and 2016 the Company did not make any contributions to the Plan. Company contributions are invested in a portfolio of investments as directed by participants. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant's accounts are charged with al allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions is based on years of continuous service. A participant is fully vested after six years of continuous service.

Notes Receivable from Participants

The Plan allows participants to borrow from their individual accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested employee contributions account balance. Loan repayments are made through payroll deductions, in equal installments of principal and interest, and repaid within 5 years, except for loans made in connection with the purchase of a primary residence. All loans are required to bear a reasonable rate of interest and are secured by the balance of the participant's account. The interest rates on outstanding participant loans range from 4.25 % to 5.25%. The notes are secured by the balance in the participant's accounts. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a certain period, as defined in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Upon termination of a participant's employment, the Company's nonvested contributions are placed in a separate account and become a forfeiture when the participant incurs a break in service, as defined. Forfeitures of Employer contributions will be used to reduce future employer contributions. There were no forfeitures for the years ended December 31, 2017 or 2016.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles ("GAAP") in the United States of America.

.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan is reduced and a benefit payment is recorded.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. . Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and processing of benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued.

Recently Adopted Accounting Pronouncement

In May 2016, the Financial Accounting Standards Board ("FASB") issued ASU No. 2015-07 "Fair Value Measurement (Topic 820); Disclosures for Investments That Calculate Net Asset Value per Share (or Its equivalent)." ASU 2015-07 removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. It also eliminated certain disclosures for investments eligible to be measured at fair value using this practical expedient. We adopted this standard as of January 1, 2016, and applied it retrospectively to all periods presented. It did not have a material impact on the Plan's financial statement disclosures.

Recent Issued Accounting Pronouncement Not Yet Adopted

In January 2026, the FASB issued ASU No. 2016-01, "Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities." ASU 2016-01 addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. ASU 2016-01 is effective for the Plan years beginning after December 31, 2018. With certain exceptions, early adoption is not permitted. This standard is not expected to have a material impact on the Plan's financial statements.

Note 3 – Information Certified by Trustee

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the Plan for 2017 and 2016. The plan administrator has obtained certifications from the trustee of the Plan that such information is complete and accurate as of the years ended December 31, 2017 and 2016, and for the year ended December 31, 2017, as follows:

	2017	2016
Statement of net assets available for benefits:		
Investments at fair value:		
Mutual funds	$ 1,714,688	$ 1,414,535
Notes receivable from participants	53,815	32,745

	2017
Statement of changes in net assets available For benefits – investment income:	
Net appreciation in fair value of investments	$ 176,661
Interest and dividend income	65,387

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid-Atlantic Trust Company has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017 and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2017.

OMEGA MOULDING LTD 401(K) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 4 – Plan Investments

The Plan's investments are held in trust by the trustee. The Plan's trust agreement requires the trustee to invest the Plan's assets into various fund options as directed by each participant.

During the year ended December 31, 2017, the Plan's net appreciation in investments (including gains and losses on investments bought and sold, as well as held during the year) resulted from mutual funds.

Note 5 – Related Party Transactions

Certain Plan investments are shares of mutual funds and investment contracts managed by Mid Atlantic Trust Company, the Trustee, as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net depreciation in fair value of the investment.

Note 6 – Fair Value Measurements

The framework for measuring fair value provides a fair hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels are:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
Level 3	Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Note 6 – Fair Value Measurements (continued)

The Plan's policy is to recognize significant transfers between level sat the actual date of the event or circumstance that caused the transfer. For the years ended December 31, 2017 and 2016, there were no transfers in or out of levels 1, 2 or3.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the pPan is terminated, participants would become 100% vested in their accounts.

Note 8 – Tax Status

The Plan is structured and follows a prototype non-standardized cash or deferred profit sharing plan, pre-approved by the Internal Revenue Service (IRS). The IRS issued an opinion letter dated March 31, 2008, that the prototype non-standardized profit sharing plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and related trust tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are no audits currently in progress. The Plan is subject to income tax examinations for three years.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market fluctuations, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
