Notes to the Financial Statements
December 31, 2017 and 2016

A. PLAN DESCRIPTION

The following description of the CPF/SSC 401k Plan (the “Plan”), formerly known as the Country Pure Foods, Inc. 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

In 2016, Country Pure Foods, Inc (the “Company” or “Plan Sponsor”) became a wholly owned subsidiary of Silver Springs Citrus. Effective January 1, 2017, the Country Pure Foods, Inc. 401(k) Plan merged with the Silver Spring Citrus 401(k) Plan. Assets totaling \$5,197,318 were merged into the Plan, and the plan name was changed to CPF/SSC 401k Plan.

General - The Plan is a defined contribution plan with an Internal Revenue Service (“IRS”) Code Section 401(k) arrangement which allows Plan participants to defer current taxation on a portion of their salaries by electing a percentage of their salary to be contributed to the Plan. These employee salary savings contributions are hereafter referred to as employee salary deferrals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan covers all employees of the Company, who have completed six months of service and are age twenty-one or older. Effective January 1, 2017, the Plan was restated and amended to reduce the eligibility age from twenty-one to eighteen years. All newly eligible participants are automatically enrolled at a default rate of 3%.

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions. The types of contributions are as follows:

Employee salary deferrals - Participants may defer up to 100% of pre-tax annual compensation, as defined in the Plan. Effective January 1, 2017, participants may also defer up to 100% of their compensation on a post-tax (Roth) basis. Participants aged fifty years or older are eligible to make catch-up contributions. The Company, however, may be required to limit the contributions of certain employees to comply with the Internal Revenue Code (“IRC”).

Employer matching contributions - The Company may annually declare a percentage of the union and non-union employee salary deferral contributions that it will match and contribute to the Plan for each participant.

Employer discretionary contributions - If the Company so elects, it may make discretionary employer contributions other than the matching contribution noted above. No discretionary contributions were made during 2017.

Employer union contributions - The contribution to the union participants is the amount required under the applicable collective bargaining agreement between the employer and union which expires March 31, 2021.

The Plan also permits rollover contributions from other qualified retirement plans.

CPF/SSC 401k Plan
Notes to the Financial Statements
December 31, 2017 and 2016

Participant Accounts - Each participant's account is credited with the participant's contributions, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct their contributions to any or all of the investment options provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are 100% vested in their contribution and investment earnings thereon. Employer contributions for existing Country Pure participants are vested on a graded schedule ranging from two to six years. Employer contributions for existing Silver Springs Citrus participants are vested on a graded schedule ranging from two to five years. Effective January 1, 2017, employer contributions for all new participants are vested on a graded schedule ranging from two to six years.

A year of vested service is a year in which a participant has at least 1,000 hours of service. Participants are fully vested upon their death, disability, or retirement if employed by the Company at the time of death, disability, or retirement.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the Plan document. Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance, reduced by the participant's highest outstanding loan balance during the preceding twelve months. Loan terms range from one to five years unless used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined at the time the loan is taken based on Prime (4.50% and 3.75% at December 31, 2017 and 2016, respectively). Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, the participant may elect to receive his or her account balance as a lump-sum payment, in periodic installments, or as an annuity contract. The Plan administrator may automatically make a lump-sum distribution for account balances less than \$1,000. Participants terminated are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan administrator under certain hardship conditions.

Forfeitures - Non-vested account balances are forfeited upon termination of employment or withdrawal of the vested account balance. Forfeitures are used to reduce employer contributions. During the year ended December 31, 2017, forfeitures totaling \$3,208 were used to reduce employer contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CPF/SSC 401k Plan
Notes to the Financial Statements
December 31, 2017 and 2016

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trustees. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid from the Plan. Fees attributable to loans, distributions, and deferred payouts are paid by the participants. All other expenses of maintaining the Plan are paid by the Company. Investment related expenses are included in net appreciation in fair value of investments.

C. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Principal, the custodian of the Plan.

Principal has certified as to the completeness and accuracy of the investments it holds (except notes receivable from participants) and changes in net assets arising from said investment activity as of December 31, 2017 and 2016, and for the year ended December 31, 2017.

Principal has certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2017.

D. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan held Guaranteed Interest Accounts at December 31, 2016 that met the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

CPF/SSC 401k Plan
Notes to the Financial Statements
December 31, 2017 and 2016

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The Guaranteed Pooled Fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

E. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CPF/SSC 401k Plan
Notes to the Financial Statements
December 31, 2017 and 2016

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts (“PSA”): The separate account owns and holds the underlying mutual fund shares which are valued daily at their NAV. Plans and participants hold units of participation in the separate account. The accumulation unit value (“AUV”) is the value of each unit in the separate account and the separate account is valued daily as the number of accumulation units held multiplied by the AUV.

Common/collective trust: Valued at the NAV of units in an investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2017 and 2016:

F. EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions required to be returned due to failed non-discrimination testing as promulgated by the IRC and the earnings thereon are recorded as a liability with a corresponding reduction to contributions and earnings. The Plan distributed the excess contributions to the applicable participants in March 2017 for December 31, 2016. There were no excess contributions payable for the year ended December 31, 2017.

G. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by Principal, the custodian of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

Principal provides certain administrative services to the Plan pursuant to a Service Agreement (SA) between the Company and Principal. Principal receives revenue from mutual fund service providers for services Principal provides to the funds. The revenue is used to offset certain amounts owed to Principal for its administrative services to the Plan.

If the revenue received by Principal from such mutual fund service providers exceeds the amount owed under the SA, Principal remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Principal for administrative expenses not covered by revenue sharing.

CPF/SSC 401k Plan
Notes to the Financial Statements
December 31, 2017 and 2016

H. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions.

I. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Company by letter dated August 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended subsequent to receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

J. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

K. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the Statements of Net Assets Available for Benefits to the Form 5500 for the years ended December 31, 2017 and 2016:

L. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2018, which is the date that the Plan's annual financial statements were available to be issued.

The Plan was restated effective February 1, 2018 and renamed the Country Pure Foods 401k Plan.

Effective March 29, 2018, Raymond Lee was removed as Trustee, and James O'Toole was designated as Trustee/Successor Trustee.
