Contributions

The participants and the Employer can make contributions to the Plan. Participants may elect to defer the receipt of a portion of their compensation on a pre-tax basis, subject to certain limitations, from a minimum of 1% of their compensation up to a maximum of 100% or the maximum allowed by the Internal Revenue Code (the "Code") ($18,000 for 2017), and direct the Employer to contribute this deferral to the Plan on their behalf (salary savings agreement contribution). In addition, participants age 50 or older could make additional catch-up contributions up to $6,000.

The Employer may contribute and allocate to each eligible participant's account an amount equal to a percentage of the participant's salary savings agreement contribution (matching contribution). The Employer has not elected to make any matching contributions during the year ended December 31, 2017.

A participant may make a rollover contribution to the Plan of any portion or all of the property received from another qualified plan.

Participant accounts

Each participant has a separate account to receive each type of contribution. These accounts include, if applicable, a matching contribution account, a rollover account and a salary savings agreement account. Each participant's account is credited with the participant's contribution, an allocation of the Employer's contribution, if any, and the Plan's earnings and charged with an allocation of administrative expenses not paid by the Employer. Allocations of earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

The Plan offers several investment options for participants. Employer contributions are discretionary and may be changed from year to year. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer contributions is based on years of service in accordance with the following schedule:

Years of service	Vested percentage
1	15%
2	25%
3	50%
4	100%

Notwithstanding the above, participants shall become fully vested upon their normal retirement age, upon date of death or upon the date of total or permanent disability.

Payment of benefits
Participants are entitled to receive benefits in a single lump sum upon the attainment of normal retirement age of 65 or the termination of service with the Employer. The Plan allows for the full value of the participant's account balance to be payable at age 70½ even if the participant continues to work, or the participant may defer payment until the end of the year in which he or she reaches the age of 70½.

The Plan permits early retirement at age 59½ and is entitled to 100% of their vested balance. The balance in a participant's salary savings agreement account may not be distributed prior to the earliest of the participant's attainment of age 59½, separation from service with the Employer, death or financial hardship, as defined.

Notes receivable from participants
Participants may borrow from the balance of their vested accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested interest in the Plan, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate will be based on the rates available for similar loans from commercial lending institutions. The loan administrator periodically examines the rates such lenders are using. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts
The vested portion of a participant's account is not forfeited. Forfeitures that have not been used to pay administrative expenses or used to reduce Employer contributions shall be allocated as of the last day of the Plan year in which such forfeitures are determined. Upon their allocation to accounts, or application to reduce Employer contributions, forfeitures shall be deemed to be Employer contributions. The nonvested portion of a participant's account is forfeited upon separation of services. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $385 and $515, respectively.

Note 2 - Summary of significant accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value (except for fully benefit responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. There have been no delinquent loans that were reclassified as distributions for the years ended December 31, 2017 and 2016.

Excess contributions payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (the "IRS") are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions during the 2017 or 2016 Plan year.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events
The Plan has evaluated events and transactions for potential recognition or disclosure through October 12, 2018, which is the date the financial statements were available to be issued.

Note 3 - Fully benefit-responsive investment contracts

The Plan holds a traditional investment contract. This contract met the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	2017	2016
Traditional investment contract	$ 1,128,937	$ 1,376,494
Total	$ 1,128,937	$ 1,376,494

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

On August 26, 2017, the Plan sponsor filed a voluntary petition relief under Chapter 11 of Title 11 of the United States Code, in the United States Bankruptcy Court. On October 11, 2017, the Plan sponsor emerged from Chapter 11 bankruptcy. The Plan sponsor has no plans or intentions to terminate the Plan due to the filing and the filing does not limit the ability of the Plan to transact at contract value with the contract issuers or limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.

2. A breach of material obligation under the contract.

3. A material misrepresentation.

4. A material amendment to the agreements without the consent of the issuer.

On April 23, 2018 the Plan sponsor informed Principal Trust Company that the Plan was initiating its 12 month liquidation period as a result of the change in the Plan's trustee to Empower Retirement.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement,* are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,920,910	$ -	$ -	$ 11,920,910
Total assets at fair value	$ 11,920,910	$ -	$ -	$ 11,920,910

2016	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,697,696	$ -	$ -	$ 10,697,696
Total assets at fair value	$ 10,697,696	$ -	$ -	$ 10,697,696

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2017 and 2016, and investment income for the year ended December 31, 2017, that are disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 6 - Related party transactions

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by affiliates of Principal Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments as they are paid through revenue sharing, rather than direct payments. As described in Note 2, the Plan made a direct payment to the third-party administrator of $29,047 which was not covered by revenue sharing. The Plan allows for participants to take loans against their account balances, which are also considered exempt party-in-interest transactions. The Employer pays directly any other fees related to the Plan's operations.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested, and the Employer shall direct the distribution of accounts to or for the exclusive benefit of participants or their beneficiaries.

Note 8 - Tax status

The prototype Plan sponsor has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the prototype Plan document was in compliance with applicable requirements of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the Code and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and uncertainties

The Plan provides various investment options. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the financial statements.

Note 10 - Chapter 11 bankruptcy filing of Plan sponsor

On August 26, 2017, the Plan sponsor filed a voluntary petition relief under Chapter 11 of Title 11 of the United States Code, in the United States Bankruptcy Court. On October 11, 2017, the Plan sponsor emerged from Chapter 11 bankruptcy. The Plan sponsor has no plans or intentions to terminate the Plan due to the filing.

In response to the circumstances described above, Plan management performed an assessment and determined there is no going concern as the Plan sponsor does not intend to terminate the Plan.

Note 11 - Subsequent event

Effective March 30, 2018 the Plan notified the trustee, Principal Trust Company, that they were terminating their relationship as of June 30, 2018. As of July 1, 2018, Empower Retirement became the Plan’s new trustee, replacing Principal Trust Company and Alliant Insurance Services became the Plan’s new third party administrator.
