EGNYTE, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2017

Note 1 - Description of plan:

The following description of the Egnyte, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established on October 1, 2010 and was most recently amended and restated on July 1, 2016 by Egnyte, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company.

The Company is the Plan Administrator and retains the services of a third party to assist in the administration of the Plan. Through December 31, 2017, the Plan's trustee was Fidelity Management Trust Company ("Fidelity").

Eligibility - Except for excluded employees, all employees are eligible to participate in the Plan on the date of hire. Eligibility requirements exclude employees who are under a collective bargaining agreement, non-resident aliens, leased employees, and part time or temporary employees.

Participant contributions - Eligible participants may elect to contribute up to 100% of their annual eligible compensation on a pretax and after tax basis, subject to the maximum allowed under section 401(k) of the Internal Revenue Code ("IRC"). Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). A participant may elect to increase or decrease the percentage contribution at any time. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer contributions - The Company may make discretionary matching contributions, subject to limits determined each year. Furthermore, the Company may, at its sole discretion, make annual employer profit sharing contributions at the option of the Company's Board of Directors, subject to limitations imposed by applicable provisions of the IRC. Such discretionary Company contributions plus any forfeitures may be allocated to each participant who is eligible, each Plan year. Contributions are subject to certain limitations which include that participants must be employed on the last day of the Plan year. The Company did not make any discretionary matching or profit sharing contributions for the year ended December 31, 2017.

Note 1 - Description of plan (continued):

Participant accounts - Each participant's account is credited with the participant's contribution and the employer contributions, if any, and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant directed.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund. Participants may change their elections at any time.

Vesting - Participants are immediately fully vested in their contributions, as well as all earnings on those contributions. Participants are also immediately fully vested in the Company's profit-sharing contribution, and become fully vested in matching contributions after six years of service.

Notes receivable from participants - Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at market financing rates. Loan terms may range from one to five years, but may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period. Principal and interest are paid ratably through payroll deductions each pay period.

Payment of benefits - On termination of service due to death, disability, retirement or separation from service, participants (or, if applicable, the beneficiary) may receive benefits in a lump sum, in accordance with the Plan. The Plan does not permit hardship withdrawals. Unless otherwise instructed by the participant, participants with vested account balances of $1,000 or less upon separation will receive a lump sum cash payout. In service distributions of a participant's vested account balance are permitted providing the participant has attained normal retirement age (age 59 1/2).

Forfeited accounts - Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. As of December 31, 2017 and 2016, forfeitures remaining in the Plan were immaterial. For the year ended December 31, 2017, administrative expenses were not reduced by Plan forfeitures.

Note 1 - Description of plan (continued):

Administrative expenses - The Company pays the administrative costs of the Plan associated with any professional services provided to the Plan. Administrative expenses recorded in the Plan represent custodial fees, other recordkeeping fees paid directly from the Plan to the Plan's record keeper and the cost of communications to the participants. Loan and distribution fees and any special handling costs are deducted directly from participants' accounts.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value with the exception of the Fidelity Advisor Stable Value Fund (a common/collective trust fund investment), which is stated at its contract value in the statement of net assets available for benefits at December 31, 2017 and 2016. The statement of changes in net assets available for benefits is prepared on a contract value basis. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The money market fund is valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Note 2 - Significant accounting policies (continued):

Investment management fees and operating expenses - Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair value (continued):

Investments measured at fair market value on a recurring basis consisted of the following types of instruments as of December 31, 2017:

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$ 5,184,569	$ -	$ -	$ 5,184,569
Total assets in fair value hierarchy	$ 5,184,569	$ -	$ -	5,184,569
Common collective trust fund				14,460
Total investments				$ 5,199,029

Investments measured at fair market value on a recurring basis consisted of the following types of instruments as of December 31, 2016:

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,415,455	$ -	$ -	$ 3,415,455
Cash	1,486	-	-	1,486
Total assets in fair value hierarchy	$ 3,416,941	$ -	$ -	3,416,941
Common collective trust fund				1,539
Total investments				$ 3,418,480

Note 4 - Common collective trust fund:

As the common collective trust fund is a fully benefit-responsive fund, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common collective trust fund. Contract value, as reported to the Plan by Fidelity, represents contributions made under the common collective trust fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2017 and 2016, there were no reserves against the contract value for credit risks of the issuer. The interest rates are based upon a formula agreed with the issuer with the requirement that interest rates may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting.

Note 4 - Common collective trust fund (continued):

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5 - Investments:

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016.

Note 6 - Party-in-interest transactions:

Fidelity, the Plan's trustee, serves as Plan fiduciary, investment manager, and custodian to the Plan. At December 31, 2017 and 2016, the Plan held for investment approximately $4,759,000 and $3,167,000, in Fidelity Management Trust Company's mutual funds, and a common collective trust fund.

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Income tax status:

The prototype plan adopted by the Plan sponsor obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a separate determination letter however the Plan Administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 10 - Reconciliation of financial statements to Schedule H of Form 5500:

The following is a reconciliation of net assets per the financial statements to the Schedule H of the Form 5500 at December 31, 2017 and 2016:

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair value (continued):

Investments measured at fair market value on a recurring basis consisted of the following types of instruments as of December 31, 2017:

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$ 5,184,569	$ -	$ -	$ 5,184,569
Total assets in fair value hierarchy	$ 5,184,569	$ -	$ -	5,184,569
Common collective trust fund				14,460
Total investments				$ 5,199,029

Investments measured at fair market value on a recurring basis consisted of the following types of instruments as of December 31, 2016:

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,415,455	$ -	$ -	$ 3,415,455
Cash	1,486	-	-	1,486
Total assets in fair value hierarchy	$ 3,416,941	$ -	$ -	3,416,941
Common collective trust fund				1,539
Total investments				$ 3,418,480

Note 4 - Common collective trust fund:

As the common collective trust fund is a fully benefit-responsive fund, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common collective trust fund. Contract value, as reported to the Plan by Fidelity, represents contributions made under the common collective trust fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2017 and 2016, there were no reserves against the contract value for credit risks of the issuer. The interest rates are based upon a formula agreed with the issuer with the requirement that interest rates may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting.

Note 4 - Common collective trust fund (continued):

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5 - Investments:

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016.

Note 6 - Party-in-interest transactions:

Fidelity, the Plan's trustee, serves as Plan fiduciary, investment manager, and custodian to the Plan. At December 31, 2017 and 2016, the Plan held for investment approximately $4,759,000 and $3,167,000, in Fidelity Management Trust Company's mutual funds, and a common collective trust fund.

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Income tax status:

The prototype plan adopted by the Plan sponsor obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a separate determination letter however the Plan Administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 10 - Reconciliation of financial statements to Schedule H of Form 5500:

The following is a reconciliation of net assets per the financial statements to the Schedule H of the Form 5500 at December 31, 2017 and 2016:
