INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Mesirow Financial Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mesirow Financial Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016, and for the year ended December 31 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Mesirow Financial Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General

The Plan is a defined contribution plan covering all full-time employees of Mesirow Financial Holdings, Inc. and its subsidiaries (the "Company"), as defined in the plan documents. Covered employees are eligible to participate in the Plan upon date of hire. The Retirement Committee of the Company's Board of Directors controls and manages the operation and administration of the Plan. State Street Bank and Trust Company is the trustee and custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In July 2016, Mesirow Insurance Services was sold to Alliant Insurance Services. Participants who were (i) current employees of or within the Mesirow Insurance Services division as of July 29, 2016; or (ii) were current employees of or within the Mesirow Shared Services division as of July 29, 2016 and became employees of Alliant Insurance Services immediately following and pursuant to the Alliant Transaction, became immediately 100% vested in their matching contribution accounts under the Plan, irrespective of such participants' years of service, effective July 29, 2016. Additionally, participants were not permitted to roll over the unpaid balance of a plan loan from the Plan to a successor employer's plan. However, the unpaid balance of a plan loan or loans may be rolled over from this Plan to the Alliant Insurance Services, Inc. 401(k) Savings and Investment Plan for employees with a termination date of July 29, 2016 and affected by the acquisition transaction as identified by the Company.

Contributions

Each year, participants may elect to contribute up to 30% of eligible compensation, as defined by the plan document, subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may designate all or a portion of their contributions as after-tax Roth 401(k) contributions.

The Company contributes to the Plan the lesser of 50% of the participant's contribution up to a maximum of 6% of the participant's compensation or $3,000. Compensation is defined as the total annual non-deferred remuneration, including commissions, overtime pay and bonuses, paid and accrued to each participant.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers 26 mutual funds and a common collective trust as investment options for participants.

Participant Accounts

Individual accounts are maintained for each plan participant. Participant accounts include investments in mutual funds and the common collective trust as well as loans extended to participants. Each participant's account is credited with the participant's contributions and allocations of the employer's contributions and plan earnings and charged with withdrawals and allocations of plan losses and administrative expenses. Plan earnings are allocated in proportion to each participant's balance. A participant is entitled to the benefit that can be provided from his or her vested account.

Note 1 - Description of Plan (Continued)

Vesting

Participants are vested immediately in their voluntary contributions, plus annual earnings thereon. Vesting in the remainder of their accounts is based on years of service. Participants are fully vested after five years of credited service, as defined in the plan documents.

Notes Receivable from Participants

Participants may borrow up to 50% of the vested portion of their accounts, from a minimum of $1,000 up to a maximum not to exceed $50,000, for periods no longer than five years, or 15 years if the proceeds of such loan are used for the purchase of the borrower's principal residence. Loans are secured by the participant's account balance. Each participant is permitted to hold a maximum of two loans under the plan at any point in time. The loans are charged interest at the prime interest rate, as published in the Wall Street Journal, at the time the funds are borrowed.

Forfeited Accounts

Matching contribution that are forfeited balances of terminated participants are retained in the affected participant's accounts until there are five consecutive breaks in service. A break in service is defined as a period of 12 consecutive months, commencing with an employee's termination of employment, during which the employee does not complete 501 or more hours of service for the Company. If such a participant is rehired before incurring five consecutive breaks in service, such amount is not forfeited. If such a participant is not rehired after five consecutive breaks in service, the amount shall be considered forfeited and shall be used to reduce the current year's employer contribution or administrative expenses. Forfeitures of $41,701 were used to reduce employer contributions, no forfeitures were used to correct participant accounts and no forfeitures were used to pay administrative expenses during the year ended December 31, 2017. Unapplied forfeitures totaled $237,739 and $125,580 as of December 31, 2017 and 2016, respectively.

Rollovers

Rollovers are the transferring of assets directly into the plan from other retirement plans, qualified under the Internal Revenue Code ("IRC"), by individuals initiating employment with the Company.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant and his or her spouse or designated beneficiary. For termination of services for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Included in benefits paid to participants are terminated taxable loan balances totaling $101,704 for the year ended December 31, 2017.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value in accordance with U.S. GAAP. See Note 3 for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Diversified Stable Pooled Fund

The Diversified Stable Pooled Fund currently holds investments in synthetic GICs comprised of a portfolio of U.S. government and other high quality (rated A- or above) debt securities managed by Galliard Capital Management, Inc. on behalf of the Plan, and "wrap" contracts with a number of counterparties. The wrap contracts provide additional assurance that participants will be able to withdraw funds at contract value in the event that market value declines below contract value followed by significant participant withdrawals. The fair value of the wrap was not significant at December 31, 2017 and 2016.

Interest crediting rates are determined by comparing contract value and the estimated future market value of the underlying investment portfolio, which is determined by compounding the portfolio's current yield to maturity over the remaining duration of the fund. The crediting rate is equal to the discount rate that equates market value and contract value over the remaining duration of the fund.

The contract value of the investment contracts in the Diversified Stable Pooled Fund held by the Plan as of December 31, 2017 and 2016 was $15,560,744 and $16,308,218, respectively.

The wrap contracts limit the ability of the Plan to transact at contract value upon the occurrence of certain events, which the Plan sponsor does not believe are probable. These events include: (i) the Plan's failure to qualify under Section 401(a) or 401(k) of the Code; (ii) the establishment of a defined contribution plan that competes with the Plan for employee contributions; (iii) any substantive modification of the Plan or

Note 2 - Summary of Significant Accounting Policies (Continued)

the administration of the Plan that is not consented to by the contract issuer; (iv) complete or partial termination of the Plan; (v) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the fund's cash flow; (vi) merger or consolidation of the Plan with another plan, the transfer of Plan assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the Plan sponsor; (vii) any communication given to participants by the Plan sponsor or any other Plan fiduciary that is designed to induce or influence participants not to invest in the Funds or to transfer assets out of the Diversified Stable Pooled Fund; (viii) exclusion of a group of previously eligible employees from eligibility in the Plan; (ix) any early retirement program, group termination, group layoff, facility closing, or similar program; and (x) any transfer of assets from the Diversified Stable Pooled Fund directly to a competing option.

Notes Receivable from Participants

Notes receivable from participants are measured at their principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Expenses

Administrative expenses for the Plan, including legal, trustee and consulting fees, are paid by the Plan to the extent not paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded when paid. As of December 31, 2017 and 2016, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but had not yet been paid.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). The standard amended the Accounting Standards Codification ("ASC") 820, Fair Value Measurements, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share as a practical expedient. It is effective for fiscal years and interim periods beginning after December 15, 2015. The Plan adopted the guidance on January 1, 2016. There was no material impact to the Plan's financial statements as a result of the implementation of this standard.

Note 2 - Summary of Significant Accounting Policies (Continued)

In July 2015, FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II eliminates the requirements for plans to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. Part II also requires that investments be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics and risks. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end.

Part II of ASU No. 2015-12 is applicable to the Plan and modifies the investment disclosures under ASC 820 and 962. The disclosure requirements under ASU 2015-07 and ASU-12 are effective for fiscal years beginning after December 15, 2015. The Plan adopted the provisions of ASU 2015-12 in 2016.

Note 3 - Fair Value Measurements

U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal market or, in the absence of a principal market, the most advantageous market accessible to the reporting entity as of the measurement date. Under U.S. GAAP, the principal market is the market in which the reporting entity would sell the asset or transfer the liability with the greatest volume and level of activity. The most advantageous market, which may be a hypothetical market, is the market in which the reporting entity would sell the asset or transfer the liability at the price that maximizes the amount that would be received for the asset or minimizes the amount that would be paid to transfer the liability, considering transaction costs in the respective market.

U.S. GAAP describes three approaches to measuring fair value: the market approach, the income approach and the cost approach. Each approach includes multiple valuation techniques. U.S. GAAP does not prescribe which valuation technique should be used when measuring fair value but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques based on the degree to which such inputs are observable to market participants. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk.

Note 3 - Fair Value Measurements (Continued)

The Plan's investments are classified in one of the following three categories based upon the inputs used to determine their respective fair values.

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

- Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data. These inputs may include quoted prices for similar assets or liabilities in active markets as well as quoted prices for identical or similar assets or liabilities in inactive markets.

- Level 3 - Unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

When the inputs used to value an investment fall into more than one level, the investment is classified in its entirety based on the lowest level input that is significant to that investment's fair value measurement. Management's assessment of the significance of a particular input to the fair value measurement requires judgment and is dependent on factors specific to the investment. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

As of December 31, 2017 and 2016, the following valuation methodologies have been used to value the Plan's investments:

- Mutual funds - Valued at the quoted market prices, which represent the reported NAV of the shares held by the Plan at year-end.

- Common collective trust - Valued at the NAV per unit as determined by the administrator of the trust. Such NAV is based on the value of the underlying assets and liabilities of the trust. The investment objective of the trust held by the Plan is to preserve principal and provide a stable return over the life of the investment. Participants may transfer funds in and out of the trust on a daily basis without any prohibitive restrictions. Additionally, there are no unfunded commitments.

- Interest-bearing cash - Valued based on principal plus accrued interest.

The methods described above may produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Note 3 - Fair Value Measurements (Continued)

The following tables summarize by level within the fair value hierarchy the Plan's investments as of December 31, 2017 and 2016:

	December 31, 2017				
	Level 1	Level 2	Level 3	Investments measured at NAV(a)	Total
Mutual funds	$149,087,652	$ -	$ -	$ -	$ 149,087,652
Common collective trust	-	-	-	15,560,744	15,560,744

	$149,385,460	$ -	$ -	$ 15,560,744	$ 164,946,204

	December 31, 2016				
	Level 1	Level 2	Level 3	Investments measured at NAV(a)	Total
Mutual funds	$ 126,779,581	$ -	$ -	$ -	$ 126,779,581
Common collective trust	-	-	-	16,308,218	16,308,218
Interest-bearing cash	303,644	-	-	-	303,644
	$ 127,083,225	$ -	$ -	$ 16,308,218	$ 143,391,443

(a) Certain investments that are measured at fair value using net asset value per share are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the participant-directed investments presented in the Statement of Net Assets Available for Benefits.

Note 4 – Investments

During 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) net appreciation in fair value was $20,465,903.

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of the Plan's investments reflected in the statements of net assets available for benefits as of December 31, 2017 and 2016, the schedule of assets (held at end of year) as of December 31, 2017, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017, as indicated above and in total.

Note 5 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 6 - Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter, dated August 23, 2013, that the Plan was designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter.

However, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 7 - Party-in-Interest Transactions

Transamerica is the Plan's record keeper and State Street Bank and Trust is the Plan's custodian. The Plan has assets invested with these entities and their affiliates. Such investment transactions qualify as party-in-interest transactions, which are exempt under the prohibited transaction rules of ERISA.

Note 8 – Subsequent Events

The plan administrator has evaluated subsequent events through October 12, 2018, the date the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements, and has identified the following event:

Effective July 1, 2018, the Company sold the assets of its wholly-owned subsidiary Mesirow Advanced Strategies, Inc to Lighthouse Investment Partners, LLC ("Lighthouse"). On July 1, 2018 the Plan was amended to allow for all Lighthouse transferred participants to automatically become 100% vested and to allow any current outstanding loan balances with Transamerica to be rolled over to Lighthouse's 401k provider.
