Notes to Financial Statements

1. Description of Plan

General

The following description of the ARS Services Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

Eligibility

The Plan is a defined contribution plan covering substantially all employees of ARS Services Inc. (the “Company”) who have attained the age of 21 and completed six months of service, except for union employees, non-resident aliens, and employees as a result of Internal Revenue Code (“IRC”) Section 410(b)(6)(c) transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Management is responsible for the oversight of the Plan and determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s board of directors.

Contributions

Each year, participants may contribute up to 75% of their pre-tax annual compensation, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Company will make a safe harbor matching contribution to the account of each eligible participant in an amount equal to (a) 100% of the amount of the employee’s elective deferrals that do not exceed 3% of the employee’s compensation in the plan year, plus (b) 50% of the amount of the employee’s elective deferrals that exceed 3% but do not exceed 5% of the employee’s compensation in the plan year. During the year ended December 31, 2017, the Company made safe harbor matching contributions of \$202,063. Additional discretionary profit sharing contributions may be contributed at the option of the Company’s board of directors and are invested in a portfolio in investments as directed by the Company. During the year ended December 31, 2017, there were no discretionary profit sharing contributions made to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching and discretionary profit sharing contributions, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, as well as the Company’s safe harbor matching contribution, plus actual earnings thereon. Vesting in the Company’s discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is

ARS Services Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

based on years of service. A participant is vested in the Company's discretionary profit sharing contributions in accordance with the following schedule:

<i>Years of Service</i>	<i>Vesting Percentage</i>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$-0- and \$670, respectively. These accounts will be used either to pay administrative expenses or to reduce future employer contributions. During the year ended December 31, 2017, forfeitures in the amount of \$1,290 were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25% at December 31, 2017, which were commensurate with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions within five years unless the loan is used for the purchase of a primary residence, which may be paid back with a period of no more than 30 years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or a beneficiary in the case of death, will receive a distribution equal to the value of the participant's vested interest in his or her account. The participant may elect to take a distribution as a lump-sum payment, installment payments, or partial withdrawals, provided the minimum withdrawal is \$1,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions may be made to a participant who has not separated from service, provided that the participant has attained the age of 59½. In-service distributions are permitted from all accounts. Distributions are not restricted to those accounts in which a participant is fully vested. There is no minimum distribution amount. Participants with account balances less than \$5,000 upon termination of service receive an automatic cash payout.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting policies generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Shares held in mutual and money market funds are traded on national securities exchanges and valued at the net asset value as of December 31, 2017 and 2016.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation / depreciation of fair value of investments.

ARS Services Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2018, 2018, the date the financial statements were available to be issued.

3. Information Certified by Trustee (Unaudited)

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest, dividends, and interest on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board *Accounting Standards Codification* ("ASC") are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ARS Services Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual and Money Market Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value as of December 31, 2017 and 2016. As required by ASC Topic 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

<i>December 31, 2017</i>	Level 1		Total
Total mutual funds	\$	4,382,253	\$ 4,382,253
Money market fund		77,805	77,805
Total Assets at Fair Value	\$	4,460,058	\$ 4,460,058
<i>December 31, 2016</i>	Level 1		Total
Total mutual funds	\$	3,717,541	\$ 3,717,541
Money market fund		63,136	63,136
Total Assets at Fair Value	\$	3,780,677	\$ 3,780,677

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

6. Tax Status

The IRS has determined, by an opinion letter dated July 8, 2014, that the prototype plan and related trust are acceptable under Section 401 of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

ARS Services Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

8. Subsequent Event

Subsequent to year-end, the Company entered into an agreement with an unrelated third party to purchase substantially all of the assets and liabilities of the Company. The Plan will continue to operate under the ownership of the unrelated third party.
