**AZTECA FOODS/AML RETIREMENT PLAN**
**NOTES TO FINANCIAL STATEMENTS**
**DECEMBER 31, 2017**

**Note 1 Description of Plan**

The following description of the Azteca Foods/AML Retirement Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are age 21 or older of Azteca Foods, Inc. and Mi Mama's Tortillas, LLC who are related through common ownership. The plan is subject to the provisions of ERISA. On October 1, 2016 Azteca Foods Retirement Plan and AML Retirement Plan transferred all assets into this combined plan. The Board of Directors are responsible for oversight of the Plan including the appropriateness of the Plan's investment offerings, monitoring investment performance. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA.)

Contributions

Each year, participants may contribute up to the statutory limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. Participants direct the investment of employee and employer contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions equal to a uniform percentage or dollar amount of elective deferrals each payroll period. Each year, the Company will determine the formula for the discretionary matching contribution. The Company matched 50% of employee contributions up to 6% for the three months ended December 31, 2016 and the year ended December 31, 2017. In addition, the Company may make non-elective contributions allocated based upon the relationship of the employee's compensation divided by total compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

**Note 1 Description of Plan - Continued**

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, is set at 1 percent above the prime rate, as specified in the Wall Street Journal. Principal and interest is paid ratably through weekly or biweekly payroll deductions.

Payment of Benefits

On termination of service, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants with account balances under $5,000, including any rollover contributions therein, are required to take a total distribution of his or her account upon termination.

Forfeited accounts

At December 31, 2017 and 2016 forfeited non-vested accounts totaled $8,559 and $5,188 respectively. These accounts will be used to reduce future employer contributions. There were no employer contributions reduced from forfeited nonvested accounts in 2016 or 2017.

**Note 2 Summary of Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

**Note 2 Summary of Accounting Policies - Continued**

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2017.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable at December 31, 2016 or 2017.

Subsequent Events

Management has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

**Note 3 Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Note 3 Fair Value Measurements - Continued**

Level 2 inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2017.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

**Note 3 Fair Value Measurements - Continued**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Other Observable Inputs (Level 3) | Total |
|---|---|---|---|---|
| Interest bearing cash | $ 61,856 | $ - | $ - | $ 61,856 |
| Mutual funds | 4,590,827 | - | - | 4,590,827 |
| Total assets at fair value | $ 4,652,683 | $ - | $ - | $ 4,652,683 |

Fair Value Measurements at December 31, 2016:

| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Other Observable Inputs (Level 3) | Total |
|---|---|---|---|---|
| Interest bearing cash | $ 59,064 | $ - | $ - | $ 59,064 |
| Mutual funds | 4,288,777 | - | - | 4,288,777 |
| Total assets at fair value | $ 4,347,841 | $ - | $ - | $ 4,347,841 |

**Note 4 Plan Merger**

On October 1, 2016 the Azteca Foods Retirement Plan and AML Retirement Plan merged plans and approved an amendment to terminate both plans effective September 30, 2016. All plan assets were transferred to the Azteca Foods/AML Retirement Plan. An aggregate of $4,767,068 ($4,755,246 in 2016 and $822 in 2017) was rolled into the Plan. The amounts are shown separately on the statements of changes in net assets available for benefits.

**Note 5 Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

**Note 6 Tax Status**

The Plan has not received an Internal Revenue Service determination letter stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 7 Information Prepared and Certified by Trustee**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2017, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus Trust Company (the trustee of the Plan).

**Note 8 Reconciliation of Financial Statements to Schedule H of Form 5500**

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of and for the years ended December 31, 2017 and 2016.

**Note 9 Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that chances in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note 10 Guaranteed Investment Contract with Insurance Company**

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great West Insurance Company (Great West). Great West maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

**Note 10 Guaranteed Investment Contract with Insurance Company - Continued**

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by National, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2016 was $99,357. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract required twelve month notice in order to terminate prior to the scheduled maturity date. Accordingly, the contract was held at the predecessor custodian Empower Retirement until it was subsequently liquidated and transferred to Ascensus Trust Company on October 1, 2017.
