CISION US, INC. RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 1 - Description of the Plan

The following description of the Cision US, Inc. Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a voluntary, defined contribution plan covering all employees of Cision US Inc. (the "Company" and the "plan sponsor"), except non-resident aliens, employees covered by a collective bargaining agreement, leased employees, seasonal employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). All employees who have completed at least 3 months of service, as defined in the plan document, and are age 21 or older are eligible to participate. Upon enrollment in the Plan, a participant may direct contributions to any combination of available investment options. The Plan's Investment Committee is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's Investment offerings and monitors investment performance. The Plan's assets are administered under a contract with Fidelity Management Trust Company, the trustee of the Plan ("Fidelity" or "Trustee"), and Charles Schwab Bank, the custodian ("Charles Schwab" or "Custodian"). The Trustee and Custodian invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

Contributions

Active participants may contribute up to 100% of annual compensation ("elective wage deferrals"), as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans ("rollover contributions"). Effective December 31, 2015, newly eligible participants are auto-enrolled into the Plan at six percent of eligible compensation. The Plan also allows participants to make Roth elective deferrals. A participant's Roth elective deferrals and any gains and losses attributable to such deferrals, are separately accounted for by Fidelity. Roth elective deferrals may not be withdrawn for hardship or as part of an in-service distribution. For all other Plan purposes, Roth elective deferrals are treated in the same manner as elective wage deferrals. Contributions from the Company include matching contributions. The Company makes a non-discretionary matching contribution of 50 percent of all participant contributions up to six percent of eligible compensation. The Company may contribute a discretionary elective contribution to eligible employees. To qualify for the allocation, a participant must be an employee on the last day of the plan year. Profit sharing contributions are made at the discretion of the Company's Board of Directors. There was no profit sharing contribution for the year ended December 31, 2017. Company contributions are subject to the applicable limits of the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, the Plan's losses and earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on a participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants of the Plan hired prior to December 31, 2015 are immediately vested in their contributions, the Company's contributions, and their earnings thereon. Participants of the Plan hired on December 31, 2015 and thereafter are subject to different vesting provisions and accordingly, matching and non-elective Company contributions and earnings thereon vest in accordance with the following vesting schedule:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	20%
2	40%
3	80%
4	100%

Additionally, employees of Gorkana, Inc., a company acquired in 2015, that had assets transferred into the Plan on December 31, 2015, are 100% vested after three years of credit service.

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited nonvested accounts totaled \$167,117 and \$104,194, respectively. These accounts will be used to reduce future company contributions or offset administrative expenses. During the year ended December 31, 2017, \$98,788 of forfeitures were used to reduce Company contributions and \$8,097 was used to offset administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8%, which is commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions over periods of up to 60 months or greater for the purchase of a primary residence. Repayments of principal and interest balances are reinvested in the investment option(s) selected by the participant.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment as defined in the plan document. The Plan provides for normal retirement at age 65. Retirement distributions may be delayed until April 1st following the year the participant reaches the age of 70 1/2 years. The total participant's account balance greater than \$5,000 is distributed in the form of a lump-sum payment or installments. Participant account balances less than \$5,000 are distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance if certain criteria are met, as defined in the plan document.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 1 - Description of the Plan (cont.)

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their account balances.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustees. Refer to Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as benefit payments based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Administrative Expenses

The Company may pay some plan administrative expenses with its own assets rather than using plan assets. To the extent the Company does not pay plan expenses with its own assets, the Plan generally will pay the expenses of plan administration and will assess the expenses paid against the accounts of all participants in the Plan. Expenses specifically attributable to individual participant accounts shall be paid from such accounts. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Asset-based fees (e.g., management fees and other operating expenses) are used to cover the expenses related to running an investment fund, and are generally deducted directly from a participant's investment returns and included in the net appreciation of the fair value of investments.

Plan administration fees cover the day-to-day expenses of administering the Plan, and may be charged directly to a participant's account, covered by a portion of the asset-based fees deducted directly from investment returns, or paid through revenue-sharing payments made from investment managers to the record keeper.

NOTE 3 - Information Prepared and Certified by Trustees - Unaudited

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2017 and 2016. Accordingly, the Trustee of the Plan as of December 31, 2017 and 2016 and for the year ended December 31, 2017, and Custodian of the Plan as of December 31, 2017, have certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CISION US, INC. RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 4 - Fair Value Measurements (cont.)

Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- ◆ quoted prices for similar assets or liabilities in active markets;
- ◆ quoted prices for identical or similar assets or liabilities in inactive markets;
- ◆ inputs other than quoted prices that are observable for the asset or liability;
- ◆ inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market fund is valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 4 - Fair Value Measurements (cont.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets and liabilities at fair value as of December 31, 2017 and 2016:

	Assets at fair value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ -	\$ -	\$ -
Mutual funds	<u>71,851,459</u>	<u>-</u>	<u>-</u>	<u>71,851,459</u>
Total assets in the fair value hierarchy	<u>\$ 71,851,459</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 71,851,459</u>
Investments measured at net asset value (a)				<u>2,351,246</u>
Investments at fair value				<u>\$ 74,202,705</u>

Investments measured at net asset value (a)				<u>2,468,294</u>
Investments at fair value				<u>\$ 61,289,578</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2017

NOTE 5 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who had withdrawn from the Plan as of December 31, 2017 or 2016.

NOTE 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 31, 2017 and 2016, the plan had investments of \$16,800,904 and \$6,732,761 respectively that were concentrated in two funds in 2017 and one fund in 2016.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 8 - Related Party and Party-in-Interest Transactions

Certain of the Plan's investments are managed by Fidelity and Charles Schwab, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The total amount of revenue sharing payments offset against plan expenses was \$65,000 for the plan year ended December 31, 2017. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 9 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the underlying nonstandard prototype plan and related trust adopted are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Company filed under the Voluntary Correction Program (the "VCP") with the IRS to seek a retroactive amendment of the Plan to ensure that the subsidiaries acquired in 2016 and 2017 are treated as participating employers in the Plan as of the date of each acquisition, and not the date the Plan was originally amended formally to include the subsidiaries as participating employers. The Company has not received formal acknowledgement of the IRS's review of the VCP, and has not yet been informed of the results of the IRS's review.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - Delinquent Participant Contributions

During the year ended December 31, 2017, the Plan sponsor failed to remit employee contributions in the amount of \$1,673,237 to the Plan on a timely basis, which is a prohibited transaction under ERISA. Management has calculated the lost earnings on the late remittances which were fully corrected in 2018 through the DOL's voluntary fiduciary correction program.

NOTE 11 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 12 - Subsequent Events

The Plan has evaluated subsequent events through October 11, 2018, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

In January 2018, the Company acquired Prime Research LP and, as a result, employees of the acquired company were eligible to participate in the Plan effective February 2018. No assets were merged into the Plan as a result. However, employees were allowed to rollover their balances from the Prime Research Plan in to the Plan.
