NOTE 1: DESCRIPTION OF PLAN

The following description of the AMS- A Medical Service, Inc. Employee 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of the following companies (collectively, the Company and Employer):

Nurses That Care Home Health Services, Inc.
Nurses That Care – Sitter Services
Nurses That Care Consulting Services, Inc.
Sun Valley Adult Health Care
Sun Valley Adult Day Care II

The original effective date of the Plan was October 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to begin participation in the Plan once they have reached the age of 21 and have completed six consecutive months of service. Employees' entry dates into the Plan are on the first day of the next month coinciding with or following the date in which employees have satisfied the eligibility requirements.

Contributions

Participants may contribute up to the maximum allowable limit of $18,000 in 2017 of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($6,000 in 2017). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect to make discretionary matching contributions of 10% of a participant's contribution to the Plan up to 6% of compensation. This contribution is credited to all participants actively participating in the Plan each pay period. Employee and employer contributions are invested according to employee investment elections.

The employer may also elect to make a discretionary profit sharing contribution determined by the employer each year. In order to receive an allocation of the profit sharing contribution, participants must have completed at least 500 hours of service during the Plan year. Contributions are subject to certain IRS limitations.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, an allocation of the Company's contribution, Plan earnings, and an allocable portion of the Plan's forfeitures. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeiture accounts can be used to pay Plan administrative expenses or used to reduce any employer matching contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $7,942 and $8,073, respectively.

Investment Options

Upon enrollment into the Plan, participants select investment options designated within the Plan. Participants are responsible for directing the investment of their Plan assets. These investment options are more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses. Outstanding notes receivable from participants are secured by the balance in the participant's account. Interest rates are based on the Prime Rate (currently 3.50%) plus 1%. A participant can have three loans outstanding at any time. Loan terms generally have a term of 12 to 60 months. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Distributions from the Plan can be made in the form of a single lump-sum payment, installments over a period of not more than a participant's assumed life expectancy, or a partial withdrawal. Upon termination of service due to death, distributions will be made pursuant to the election of the participant or their designated beneficiary. In-service distributions are allowed for participants who have attained the age of 59 ½. Upon termination of employment, the participant will receive the vested portion of their account balance. Participant consent is required for balances in excess of $5,000. The Plan allows for hardship distributions not to exceed the amount of the immediate financial need if the withdrawal request is for a purpose delineated in the Plan document. The Plan document explains more detailed specifics on the payment of benefits.

Vesting

Each participant is 100% vested in his or her voluntary contribution account plus actual earnings thereon.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Employer matching and profit sharing contributions are discretionary contributions and are vested according to the following schedule:

Vesting Schedule

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. The modified cash basis of accounting uses elements of both the cash basis and accrual basis of accounting. Under the modified cash basis of accounting, the Plan records short-term items on the cash basis (participant and employer contributions; benefit payments; and administrative expenses) and long-term items on the accrual basis (notes receivable from participants and related interest income). Investment securities are recorded at fair value under the modified cash basis of accounting.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles, requires the Plan sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Adoption of New Accounting Standard

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07 – *Fair Value Measurement, Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The purpose of ASU 2015-07 was to address the diversity of how these investments are categorized in the fair value hierarchy. ASU 2015-07 eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2016 for nonpublic entities. Upon adoption, the amendments shall be applied retrospectively to all periods presented. ASU 2015-07 is applicable to the Plan for 2017. 2016 disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements and had no effect on 2016 net assets.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are included in benefits paid to participants in the year paid. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributing participant balances are deducted from the benefit payment made to the participant. Fees related to administration of notes receivable from participants are deducted from the loan taken out by the participant. Other fees for recordkeeping are deducted from participant account balances based on the proportion of the participant's account balance in relation to total account balances of the Plan.

NOTE 3: INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

At December 31, 2017 and 2016, the Plan's investments were held by the Reliance Trust Company.

The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by Reliance Trust Company as complete and accurate under the Employee Retirement Income Security Act of 1974:

NOTE 3: INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED) (Continued)

a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2017 and 2016;
b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2017;
c) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*;
d) All amounts included in Note 6, *Transactions With Parties-in Interest*; and
e) The schedule of assets (held at end of year) as of December 31, 2017.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted market prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs that are unobservable for the assets or liabilities, which are typically based on the Plan's own assumptions, as there is little, if any, related market value.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as well as the general classification of such items pursuant to the fair value hierarchy of ASC 820:

Mutual Funds. The fair value of mutual funds is based on amounts reported in the active market and are classified within Level 1 in the fair value hierarchy table.

Common/Collective Trusts. Unit values for these investment options are calculated daily. The initial pricing input is the net asset value (NAV), which is based on the fair value of the underlying investments held by the fund less its liabilities. Participant shares may be redeemed on a daily basis. The common/collective trust funds are subject to withdrawal risk if a significant withdrawal of capital from the portfolio occurs. In cases such as these, the portfolio may be required to sell its more liquid portfolio investments to meet a large redemption, which could result in the portfolio's remaining assets being less liquid, more volatile, and more difficult to price. The custodian has the authority to limit redemptions from the portfolio. Any limitation on redemptions may be imposed in response to market factors or actual or anticipated redemption activity, which may occur suddenly or unpredictably. Therefore, in these situations, the Plan may not be able to redeem its investment in the portfolio at any particular time or on the terms it may otherwise expect. Strategies of the common/collective trust funds seek to track the performance of various indices such as the S&P Mid Cap 400, S&P 500, Russell 2000, and MSCI EAFE Index. There are no unfunded commitments related to the investments and no other significant restrictions on the ability to sell the investments. Investments within this category are measured using NAV as a practical expedient.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

December 31, 2017	Level 1	Level 2	Level 3	Total
Mutual Funds, at fair value	$ 1,229,266	$ -	$ -	$ 1,229,266
Common/Collective Trusts, measured at NAV (1)	-	-	-	348,155
Total investments at fair value				$ 1,577,421

December 31, 2016				Total
Mutual Funds, at fair value	$ 1,075,048	$ -	$ -	$ 1,075,048
Common/Collective Trusts, measured at NAV (1)	-	-	-	304,167
Total investments at fair value				$ 1,379,215

(1) These investments that are measured at fair value using the NAV per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to change, amend or discontinue the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6: TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan holds notes receivable from participants. As a result, these receivables and all transactions relating to these receivables were with parties-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan for administrative services such as audit, investment management, and recordkeeping are paid outside of the Plan by the Plan sponsor. Participants pay a fee for recordkeeping and account maintenance, which is allocated to participant balances based on the proportion of the participant's account balance in relation to total account balances of the Plan. These transactions are exempt from being prohibited transactions by ERISA.

Participants also pay fees on transaction-specific items such as benefit payments and loans. The Plan has other expenses which are paid directly by the service providers, such as sales commissions. Total fees paid by the Plan totaled $11,184 for the year ended December 31, 2017. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 6: TRANSACTIONS WITH PARTIES-IN-INTEREST (Continued)

Service providers receive revenue sharing compensation paid with respect to the various funds. These revenue sharing payments are reflected in total returns associated with investment options. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 7: FEDERAL INCOME TAX STATUS

The Plan has adopted a prototype standardized plan and the prototype sponsor has received an opinion letter on the acceptability of the form of the Plan dated March 31, 2014 indicating the Plan is a qualified plan meeting the applicable requirements of applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe the Plan is qualified, and the related trust is tax exempt.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2018, which is the date the financial statements were available to be issued.
