Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ladas & Parry 401(k) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Bank and Trust, F.S.B., the trustee of the Plan, and Prudential Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee and custodian held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained certifications from the trustee and custodian as of and for the years ended December 31, 2017 and 2016 that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, appearing on page 13, as of December 31, 2017 is required by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following brief description of the Ladas & Parry 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement and other publications previously submitted to them for a more complete description of the Plan's provisions.

General
The Plan is a prototype 401(k) defined contribution plan of Prudential Retirement Insurance and Annuity Company of America ("PRIAC"), the custodian of the Plan's investment assets.

The Plan, which was established January 1, 1989, includes all partners and employees of Ladas & Parry LLP (the "Partnership"), and Ladas Domains LLC and Principium Strategies, LLC ("Principium"), (collectively, the "Employer"), who have completed three months of eligible service. During 2017, Principium was formed as a subsidiary of the Partnership. Prior to 2017, the employees of Principium were employed by the Partnership. The Plan agreement is expected to be amended in the near term, to include Principium as an adopting employer of the Plan retroactive to the date of Principium's formation. The Employer has been treating the Principium employees as if the Plan agreement had been amended as of the date of Principium's formation. The Plan is subject to the provisions of ERISA. The Investment Committee is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Contributions
Each year, participants may contribute a pre-tax amount equal to not less than 1 percent and not more than 50 percent, of their pretax annual compensation. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). Participants direct the investment of their contributions, the employer contributions and rollovers, into various investment options offered by the Plan. The Plan accepts Roth Elective Deferrals made on behalf of participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Employer may make a matching contribution based on a discretionary percentage, as determined by the Employer annually. For the years ended December 31, 2017 and 2016 the Employer elected to contribute 50 percent of each eligible employee's voluntary contribution up to $1,000 for all employees earning $55,000 or less. For the years ended December 31, 2017 and 2016, the Employer made $12,417 ($23,372 less $10,955 forfeitures applied) and $20,289 in matching contributions, respectively. The Employer may also make a non-elective contribution, based on an amount or formula, as determined by the Employer, at the option of the Employer. The Employer made no such non-elective contributions for the years ended December 31, 2017 and 2016. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions and Employer matching contributions as well as an allocation of (a) the Employer's non-elective contributions, if any (b) Plan earnings and losses, and (c) Plan administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Allocation of the employer's discretionary matching contribution is based on the participant's compensation and contribution percentage as defined by the Plan sponsor. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer discretionary matching contributions will vest on the basis of the participant's number of continuous years of service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100 percent vested. A participant is 50 percent vested after two years of service and fully vested after three years of service.

Forfeited Accounts
Forfeitures of non-vested accounts are used to reduce Plan expenses and/or contributions by the Employer. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $-0- and $10,392, respectively. For the years ended December 31, 2017 and 2016, $10,955 and $-0-, respectively, were used to reduce Employer contributions.

Payment of Benefits
On termination of service, due to death, disability or retirement, a participant/beneficiary with a vested interest over $3,500 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. If the vested interest is less than $3,500, or for termination of services for other reasons, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 6.25%, which is commensurate with local prevailing rates, as determined quarterly by the plan administrator. The loans must be repaid over a period not to exceed five years or ten years for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly or bi-monthly payroll deductions.

Note 2 – Summary of Significant Accounting Policies

Change in Accounting Principles
On August 28, 2018, FASB issued ASU 2018-13, Disclosure Framework-Changes to the Disclosure Requirement for Fair Value Measurement (Topic 820). The ASU, which applies to all entities (including defined contribution plans) removes, modifies and adds fair value and/or NAV related disclosures. The ASU is effective for years beginning after December 15, 2019. Certain of these amendments are prospective changes with the balance to be applied retrospectively. Early adoption is permitted; however, certain components of this ASU can be early adopted without delay. The Board of Trustees has not determined what impact the adoption of ASU 2018-13 will have, if any, on its financial statements.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Contracts
Investments held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Company determines the Plan's valuation policies utilizing information provided by the Plan's investment adviser, custodian, trustee and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid by the Plan.

Administrative Expenses
The Plan's expenses are paid either by the Plan or the Employer as provided by the Plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 11, 2018, the date the financial statements were available to be issued.

Note 3 – Certified Investments

Certain information related to investments and reductions in notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2017 and 2016 and net appreciation in the fair value of investments, interest, and dividends for the years then ended, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by PRIAC, the custodian of the Plan, and Prudential Bank and Trust, F.S.B. ("PB&T"), the trustee of the Plan. The contract value of the guaranteed income fund was certified by the custodian.

Note 3 – Certified Investments (continued)

The assets of the plan are invested at the direction of the participants in various investment funds at December 31, 2017 and 2016.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at the fair value based on the current market values of the underlying assets of the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 – Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Note 5 – Investment Contract with Insurance Company

The Guaranteed Income Fund ("GIF") is a group annuity product issued by PRIAC. The GIF is a fully benefit-responsive investment contract. PRIAC maintains the contributions in a general account totaling $5,766,605 and $5,469,829 at December 31, 2017 and 2016, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The guaranteed investment contract issuer is contractually obliged to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5 percent. The crediting rate is reviewed on a semi-annual basis for resetting. The Guaranteed investment contract does not permit the insurance company to terminate the agreement, and there is no scheduled maturity date.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIF. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. This fund is a stable value product designed to provide safety of principal, liquidity, and a competitive rate of return.

Note 5 – Investment Contract with Insurance Company (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, or (5) premature termination of the contract. The Plan administrator, as well as the Employer and its management, believe that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited on contract balances at crediting rates which are announced in advance and guaranteed for a specified period of time. Such interest rates are reviewed on a semiannual basis for resetting.

Average yields:	2017	2016
Based on actual earnings	1.60%	1.60%
Based on interest rate credited to participants	1.60%	1.60%

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7 – Tax Status

On April 29, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code ("IRC") Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 7 – Tax Status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The trustees of the Plan have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2017, no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Related Party Transactions

PRIAC, the custodian of the Plan, and PB&T, the trustee of the Plan, manage the investments owned by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments as they are paid by revenue sharing rather than direct payment.

The Plan made direct payments to the third party administrator of $4,046 and $3,696 for the years ended December 31, 2017 and 2016, respectively; which were not covered by revenue sharing. The Employer pays directly any other fees related to the Plan's operations.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Other Reduction

At December 31, 2016, the Plan recorded an employer contribution receivable totaling $20,289. During 2017, the Plan sponsor was informed that there were unallocated plan assets available to offset employer contributions, and used these assets to fund the 2016 employer match. Accordingly, during 2017, the 2016 employer contribution receivable was recorded as a deduction in the 2017 statement of changes in net assets available for benefits. Management does not believe this amount to be material to these financial statements.
