1. DESCRIPTION OF THE PLAN

The following description of the Luxury Brand Partners LLC 401(k) Plan (the "Plan") provides only general information. The Plan agreement contains a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Luxury Brand Partners LLC ("Employer"). The Plan became effective January 1, 2013.

Employees become eligible to participate in the Plan upon attaining age twenty-one and completing two months of service and a minimum of 500 hours of service, as defined by the Plan. Participants may enroll in the Plan on the first day of the month immediately following completion of the age and service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Contributions to the Plan are made by the participants and the Employer. Participants contribute from their pre-tax annual compensation, subject to an $18,000 maximum contribution during the years ended December 31, 2017 and 2016. In addition, participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The maximum "catch up" contribution for 2017 was $6,000 as determined by the Internal Revenue Service ("IRS"). The Plan may provide an Employer matching contribution at their own discretion. The Employer may also make nonelective contributions determined in its sole judgment.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's matching contribution, if any, any rollovers into the Plan, the Employer's discretionary contribution, if any, and the participant's portion of Plan earnings. Each participant's account is reduced by any withdrawals or distributions, allocation of the participant's share of investment income, appreciation in value of investments, and the participant's portion of administrative fees paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Transfers and Rollovers

Participants have the option to transfer or rollover balances held in other tax-qualified retirement plans or special individual retirement arrangements to the Plan under certain rules and regulations.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

A participant may borrow from the Plan an aggregate amount not to exceed the lesser of: (a) $50,000 or (b) 50% of the participant's vested account balance. Participants may only have one outstanding loan at any given time. Loan terms range from one to five years. The notes receivable are secured by the balance in the participant's account and bear an interest rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid through bi-weekly payroll deductions.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Upon termination of service due to death, disability or normal retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount, or annual installments over a specified period of time not to exceed their (or their beneficiaries) assumed life expectancy.

Transfers in of Assets

Luxury Brand Partners LLC has a subsidiary, Oribe Hair Care, who has a smaller plan with the same custodian. During 2016, plan assets of $54,957 were transferred into the Plan relating to 2 employees changing employment from Oribe Hair Care to Luxury Brand Partners.

Forfeited Accounts

Forfeitures are first applied to restore the accounts of reemployed participants who are eligible for restoration of forfeited amounts, and then to administrative expenses allocated to the Plan. Any remaining forfeitures are used to reduce Employer contributions into the Plan. For the years ended December 31, 2017 and 2016, there were no forfeitures.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the common collective trusts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 7). Pooled separate investment accounts are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contract Value

The Plan entered into traditional fully benefit-responsive guaranteed investment contracts, which are included in the State Street S&P 500 Index and Invesco Stable Asset totaling $373,466 and $201,305 at December 31, 2017 and 2016, respectively. The funds maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contract Value (Continued)

These guaranteed investment contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the funds, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

During the years ended December 31, 2017 and 2016, administrative expenses amounting to $322 and $525, were paid by the Plan and shown as a reduction of net assets.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adopted Accounting Pronouncements

Fair Value Measurement

In May 2015, the Financial Accounting Standards Board ("FASB") issued an accounting standard update that removes the requirement to include investments in the fair value hierarchy for which fair value is measured at net asset value using the practical expedient. The update also changes certain disclosure requirements. The update is effective retrospectively for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted. The Plan has adopted the update and determined there is no effect on its financial statements.

Subsequent Events

The Plan has evaluated events through October 1, 2018, which is the date the financial statements were available to be issued.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

4. INVESTMENTS

During the years ended December 31, 2017 and 2016, the Plan's investments in registered investment companies and mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $333,213 and $67,632, respectively. Additionally, dividend income from registered investment companies was $82,335 and $48,817 for the years ended December 31, 2017 and 2016, respectively.

5. TAX STATUS

The IRS has determined and informed the Plan by a favorable determination letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("Code"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

6. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees, State Street Bank and Trust Co. and Reliance Trust Company, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

	December 31, 2017	December 31, 2016
Registered investment companies at fair value	$ 2,422,521	$ 1,562,285
Common collective trusts, at contract value	373,466	201,305
Total investments	**$ 2,795,987**	**$ 1,763,590**
Notes receivable from participants	**$ 8,069**	**$ 16,947**

	Year Ended December 31, 2017	Year Ended December 31, 2016
Investment income:		
Net appreciation of investments	$ 333,213	$ 67,632
Dividends	82,335	48,817
Total investment income	**$ 415,548**	**$ 116,449**
Interest income on notes receivable from participants	**$ 880**	**$ 1,553**

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

7. FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 — Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

7. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Registered investment companies: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

		Fair Value Measurements at Reporting Date Using:		
Description	Fair Value 12/31/2017	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Registered investment companies	$ 2,422,521	$ 2,422,521	$ -	$ -

		Fair Value Measurements at Reporting Date Using:
