TELSTAR INSTRUMENTS, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

NOTE A -- Plan description

The following brief description of the Telstar Instruments, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for more complete information.

General

Telstar Instruments, Inc. (the Company), as the Plan sponsor, adopted the Fidelity Basic Plan Document No. 17 prototype Defined Contribution Plan as its Plan effective June 22, 2015. The Plan was amended and restated effective February 14, 2018. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Plan's trustees appointed by the Company's Board of Directors. Fidelity Workplace Services, LLC serves as the Plan recordkeeper and Fidelity Management Trust Company serves as the Plan trustee.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after having completed three months of service and are eighteen years of age or older during the Plan year. Employees covered by a collective bargaining agreement are not eligible to participate in the Plan, unless the agreement requires the employees to be included under the Plan. Any individuals with any documentation acknowledging status as an independent contractor are not eligible to participate in the Plan.

Contributions

Participants may make voluntary elective deferral contributions subject to prescribed limitations as well as rollover contributions from a qualified plan. (Participants may designate their elective deferral contributions as pre-tax elective deferrals or roth elective deferrals in any proportion they choose). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company may contribute discretionary matching contributions as determined by the Board of Directors. Participants become eligible to receive matching contributions from the Company only if they make elective deferral contributions and are employed as of the last day of the year.

NOTE A -- Plan description (continued)

Contributions (continued)

The Company did not make a discretionary matching contribution for the year ended December 31, 2017.

Payment of benefits

On termination of service due to death, disability or retirement, a participant is entitled to receive the participant's vested aggregate account balance, and may choose to leave the assets invested in the Plan or take a lump-sum distribution. However, the Plan's administrator, without the consent of the participant, may distribute a participant's vested aggregate account balance in a lump-sum any time after a participant terminates employment if the participant's account balance does not exceed $5,000.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become one hundred percent (100%) vested in all amounts credited to their accounts.

Participant accounts

Separate accounts are maintained for each participant; an elective deferral contribution account, an elective Roth deferral contribution account, a discretionary matching contribution account, and a rollover contribution account (if applicable). Each participant's elective contribution account is credited with the participant's elective contributions and rollovers and an allocation of the Plan's earnings attributable to the elective account.

Each participant's matching contribution accounts are credited with the Company's contributions, along with an allocation of the Plan's earnings attributable to these accounts. Investment direction for each participant's account is provided by the participant.

Vesting

Participants are fully and immediately vested in their elective deferral contribution, rollover contribution and qualified non-elective contribution accounts together with allocated Plan earnings thereon. A participant's interest in the employer matching contributions is vested according to the following schedule:

NOTE A -- Plan description (continued)

Vesting (continued)

Years of service	Vested percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeiture

Forfeitures are retained in the Plan and first used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer contributions payable under the Plan. The forfeited amount was $2,729 for the year ended December 31, 2017.

NOTE B -- Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments are valued at fair market value as of the Plan's year-end, taking into consideration investment earnings credited, expenses charged, payments made and changes in the value of the assets held in the funds. Fair market value is determined by quoted market prices.

Purchases and sales of the funds are recorded on a trade-date basis. Dividend and interest income is recorded on an accrual basis as earned.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Participants may borrow up to the lesser of 50% or $50,000 from their account balances, subject to plan provisions. The repayment term of the loans may vary from one to five years with the exception of a loan used to purchase a primary residence. The loans are secured by the participants' interests in the Plan's assets and bear interest at a rate that is comparable for similar types of loans by other lenders. Payments of interest and principal are made by withholding from each paycheck.

NOTE B -- Summary of accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants, distributions, and terminated employees' accounts are charged directly to the participant's account and are included in administrative expenses.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE C -- Investments

The Plan's investments are held in various money market and mutual funds. Participants may direct their contributions to any of the available investment options. The investments as of December 31, 2017 are noted on the supplemental schedule.

The following investments represent 5% or more of the Plan's net assets at December 31:

	2017	2016
Fidelity Freedom 2010	$ 556,861	$ 475,466
Fidelity Freedom 2020	$ 1,071,916	$ 980,949
Fidelity Freedom 2025	$ 1,532,043	$ 1,284,804
Fidelity Freedom 2045	$ 544,704	$ 385,506
Fidelity Freedom 2050	$ 491,252	$ -
Fidelity Govt. Money Market	$ 1,196,664	$ -
Fidelity 500 Index PR	$ 1,107,842	$ 884,165
Fidelity Money Market Tr-Retirement Govt. Money Market II	$ -	$ 1,119,936

NOTE D -- Fair value measurements

In accordance with generally accepted accounting principles, the Plan has categorized all investment assets according to the fair value hierarchy as either: Level 1, observable inputs that are derived from quoted prices (unadjusted) for identical assets or liabilities in an active market; Level 2, quoted prices in non-active markets or in active markets for similar assets or liabilities, inputs other than quoted prices that are observable, and inputs that are not directly observable, but are corroborated by observable market data; or Level 3, unobservable inputs, which cannot be corroborated by external market data.

The Plan does not hold any Level 2 or Level 3 investment assets. The following table summarizes the Level 1 investment assets held by the Plan at December 31:

	2017	2016
Money market funds	$ 1,196,664	$ 1,119,936
Mutual funds:		
Growth funds	83,499	33,427
Balanced funds	107,549	101,002
Fixed income funds	6,086,661	4,930,292
Value funds	68,727	55,999
Index funds	1,123,217	897,148
Total mutual funds	7,469,653	6,017,868
Total investments	$ 8,666,317	$ 7,137,804

The fair value of mutual funds are based on the quoted net asset values of the shares held by the Plan at year end.

NOTE E -- Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE F -- Tax status

The Plan's prototype (non-standardized) has received a favorable determination letter from the Internal Revenue Service dated March 31, 2014, with respect to the tax-exempt status of the Plan. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt as of the date of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

To the Board of Trustees
Telstar Instruments, Inc. 401(k) Plan

We have audited the financial statements of Telstar Instruments, Inc. 401(k) Plan for the year ended December 31, 2017, and have issued our report thereon dated October 11, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 24, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Telstar Instruments, Inc. 401(k) Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2017. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management.

Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2017.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

We have communicated with Management that now that the Telstar Instruments, Inc. 401(k) Plan is considered a "large plan" of more than 100 participants, the safe harbor for the timely deposit of deferred contributions no longer applies. All deposits must now be made right away, also defined as soon as economically feasible. We discussed with Management the need to ensure these deposits are made right away, and that their current process for verifying approval of the contribution amounts through Fidelity and the submission of the funds to Fidelity be expedited as much as possible on their end.

For all contributions made in 2017 that extended beyond the time deemed to be as soon as economically feasible, we believe there were extenuating circumstances that mitigated such delay in submission of funds, and therefore no disclosure regarding late plan contributions was made.

We discussed with management that matters involving noncompliance with laws and regulations, other than those that are clearly inconsequential, must be disclosed. Management understands that delinquent participant contributions are considered prohibited transactions under Internal Revenue Code (IRC) Section 4975(c)(1).

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Trustees and management of Telstar Instruments, Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
