Kent Companies 401(k) Plan

Notes to Financial Statements
(See Independent Auditors' Report)

1. Description of Plan

The following description of the Kent Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under the Internal Revenue Code Section 401 (a) covering all employees of Kent Distributors, Incorporated (the "Company") and its affiliated companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees are eligible to participate in the Plan on January 1 or July 1, following the completion of one year of service as defined in the Plan. If an eligible participant terminates employment and is later re-employed, that employee may become a participant upon re-employment after meeting the requirements in the Plan document.

Trustee, Custodian and Administrator

Bill Kent and Steven Neill serve as the trustee for the Plan. The trustee is responsible for the administration, management and investment of the trust fund. In addition, the trustee makes all distributions and benefit payments from the trust fund to participants and beneficiaries. The trustee maintains the records of the Plan on a calendar year basis (the "Plan Year"). Pentec Pension Mgt Group, Inc. ("Pentec") serves as the third party administrator, and John Hancock Life Insurance Company USA ("John Hancock") serves as the custodian.

Contributions

Each year participants may contribute up to 15 percent of annual compensation as defined by the Plan. The Company may elect to contribute a matching contribution equal to a percentage as determined by the Company. For the Plan year ended December 31, 2017 and 2016, the Company contributed 100% of the deferral not to exceed 4% of participants compensation – these are safe harbor matching contributions.

Other contributions represent rollovers to the Plan. For the year ending December 31, 2017 and 2016, contributions were $1,414 and $14,618, respectively.

Participants

At December 31, 2017 and 2016, there were 287 and 381 active plan participants, respectively. An inactive participant is a participant who fails in any plan year of his/her employment to accumulate 1,000 hours of service, but does not incur a break in service.

1. Description of Plan (Continued)

Participant Accounts

The trustee maintains an account for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) the Company's discretionary nonmatching contribution, and (c) Plan earnings or losses. Allocations are based on participant earnings. Earnings (or losses) of the Plan are allocated to participants based on the account balances in existence. Forfeitures for the nonvested portion of terminated participants' accounts are used to offset the Company's next contribution. During 2017 and 2016, such forfeitures amounted to $10,261 and $17,807, respectively.

Investment Options

All assets of the Plan are participant-directed; therefore, all investment decisions and transactions are administered by the Participants.

Vesting

The term "years of service" includes all periods of employment except for years in which an employee worked less than 1,000 hours. For purposes of vesting, the "year" is defined as a calendar year.

A participant is 100% vested, regardless of years of service, upon disability, death or attaining a normal retirement age.

Effective January 1, 2013, the plan converted to a safe harbor plan. Accordingly, a participant is always 100% vested in their safe harbor contributions.

Notes Receivable from Participants

The Plan allows participants to borrow amounts from the vested portion of their accounts. Such loans are limited to the lesser of 50% of the vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Trustees. Participant loans totaled $634,649 and $515,981 at December 31, 2017 and 2016, respectively. The unpaid principal balance approximates fair value.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his/her account less 20% Federal withholding or a direct rollover into another qualified benefit plan or account.

1. Description of Plan (Continued)

Forfeited Amounts

The nonvested portion of a terminated participant's account is forfeited after incurring a break-in-service. Forfeitures are allocated as described above. A break-in-service occurs if an employee works 500 hours or fewer during the Plan year.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"), under which income is recognized when earned and expenses are recognized when the obligation is incurred.

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

2. Summary of Significant Accounting Policies (Continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Pooled Separate Accounts (PSA) are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The Net Asset Value (NAV) of a PSA is based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. Ernst & Young LLP performed an audit on these PSA's and determined them to be observable inputs. At December 31, 2017 and 2016, all investments are in a pooled separate account.

Security transactions are accounted for on a trade-date basis. Expenses incurred with transactions, if any, are added to the purchase price or deducted from the selling price at the time of the transactions. Dividend income is record on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

Administrative Expenses

All expenses, with the exception of the Plan investment advisor fees, are paid by the Employer.

Settlement Options

If a participant's nonforfeitable accrued benefit does not exceed $1,000 effective March 28, 2006 and $5,000 before March 28, 2006, then settlement occurs as a lump sum payment made within 60 days after the December 31 following termination of employment.

If a participant's nonforfeitable accrued benefit exceeds $1,000 effective March 28, 2006 and $5,000 before March 28, 2006, then the participant has the option to elect the method used to distribute his benefits. The participant or beneficiary may elect distribution under one, or any combination of the following methods:

(a) by payment in a lump sum; or

(b) by payment in monthly, annual or a series of installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant, or the joint life and last survivor expectancy of the participant and his/her beneficiary.

As of December 31, 2017 and 2016 the Plan had participants with unforfeitable accrued benefits of $737,001 and $832,964, respectively that the participants have not decided on their settlement option.

2. Summary of Significant Accounting Policies (Continued)

Recently Added Accounting Pronouncements

Employee Benefit Plan Master Trust Reporting

In February 2017, the FASB issued ASU 2017-06, *Employee Benefit Plan Master Trust Reporting*, which requires an employee benefit plan within the scope of Topic 960, 962, or 965 to present its interest in a master trust and the change in its interest in that master trust as single line items in the statement of net assets available for benefits and the statement of changes in net assets available for benefits, respectively. This ASU is effective for fiscal years beginning after December 15, 2018, early adoption is permitted.

The amendments in ASU 2015-12 (i) require fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value, not fair value; (ii) simplify the investment disclosure requirements; and (iii) provide a measurement date practical expedient for employee benefit plans. The amendments are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted for all three parts individually or in the aggregate. Parts I and II of the ASU should be applied retrospectively, while Part III should be applied prospectively. Only the nature and reason for the change in accounting principle is required to be disclosed in the annual period of adoption.

Management does not believe these updates will have significant impact on the financial statements.

3. Investments

The following is a summary of the investments held as of December 31, 2017 and 2016.

4. Tax Status

By letter dated January 1984, the Internal Revenue Service determined that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan adopted the Pentec Pension Management, Inc. Standardized Paired Profit Sharing 401(k) Plan document in December 2000, which is covered by a determination letter dated February 18, 1999. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code, therefore no provision for income taxes has been included in the Plan's financial statements.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Department of Labor Required Disclosures

There were no obligations or leases in default as of December 31, 2017 and 2016, John Hancock is a party-in-interest to the Plan.

During 2017, the Company filed to remit timely $214,400 in employee contributions and $71,904 in loan repayments. The Company is in the process of remitting the lost earnings, which total approximately $300.

6. Department of Labor Required Disclosures (Continued)

During 2016, contributions were incorrectly credited to participants' accounts. The total of errors was $514, net:

Participant contributions over remitted	$	(2,010)
Participant contributions under remitted		1,641
Matching contributions under remitted		579
Matching contributions over remitted		(724)
Total, net	$	(514)

The Company corrected these in 2017.

During 2016, the Company failed to remit timely $30,037 in employee contributions and $9,914 in loan payments. The Company recorded the lost earnings during 2017.

During 2015, contributions were incorrectly credited to Participants' accounts. The total of the errors was $992 net:

Participant contributions over remitted	$	(4,957)
Participant contributions under remitted		9,399
Matching contributions		(3,450)
Total, net	$	992

The Company corrected these in 2017.

7. Related Party Transactions

Certain plan investments are shares of pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. These are party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Information Certified by the Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements are complete and accurate.
