Independent Auditor's Report

To the Retirement Plans Committee and participants
Leidos, Inc. Retirement Plan for Former IS & GS Employees
Reston, Virginia

Report on the 2017 Financial Statements

We have audited the accompanying financial statements of Leidos, Inc. Retirement Plan for Former IS & GS Employees (the "Plan"), which comprise the statement of net assets available for benefits as of December 29, 2017 and the related statement of changes in net assets available for benefits for the period from January 1, 2017 to December 29, 2017 (termination of the Plan), and the related notes to the financial statements (collectively, the "2017 Financial Statements").

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2017 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee held the Plan's assets and executed transactions. The Plan Administrator has obtained a certification from the trustee as of December 29, 2017, and for the period from January 1, 2017 to December 29, 2017 (termination of the Plan), that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2017 financial statements.

2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified the trustee of the Plan. Their report, dated November 1, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations for the 2017 Financial Statements

The form and content of the information included in the 2017 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

LEIDOS, INC. RETIREMENT PLAN FOR FORMER IS & GS EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD FROM JANUARY 1, 2017 to DECEMBER 29, 2017
(TERMINATION OF THE PLAN)

1. DESCRIPTION OF THE PLAN

The following description of the Leidos, Inc. Retirement Plan for Former IS & GS Employees (the “Plan”) provides general information about the Plan’s provisions. Leidos Innovations Corporation (the “Company”) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions, copies of which may be obtained from the plan sponsor.

General — The Plan is a defined contribution plan sponsored by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan is a defined contribution 401(k) plan with profit-sharing features. Contributions to the Plan from participants and the Company are held in a qualified retirement trust fund. The Leidos, Inc. Retirement Plans Committee (“Committee”) is the Plan’s named fiduciary for purposes of Section 402(a) of ERISA.

Investment Funds — On December 29, 2017, the Plan transferred all assets in the total of \$335,684,712 to the Leidos, Inc. Retirement Plan held by Vanguard. There were no assets remaining at plan year end. As of December 31, 2016, the Plan held investments in 24 mutual funds and four common collective trust funds.

Contributions — Each year, participants may contribute up to 25% of pretax annual compensation and up to 25% of after-tax annual compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Company contributes 50% of the first 8% of compensation that a participant contributes to the Plan. All contributions are subject to certain limitations of the Internal Revenue Code (the “Code”).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. The Company’s contributions are invested in the same manner as that of the participant’s elective contributions.

Participant Accounts — Each participant’s account is credited with the participant’s contributions and the Company’s matching contributions, additional non-elective employer contributions, if applicable, and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant’s share of net earnings or losses of their respective elected investment options. An allocation of administrative expenses is set and standardized across the plan and was \$10.75 per quarter for the 2017 plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting — Participants are immediately vested in their contributions, the Company’s matching contributions, plus actual earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants — Participants may borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, not less than \$1,000. Loan terms range from 1–5 years or up to 15 years for the purchase of a principal residence. The \$50,000 limit is reduced by the participant’s highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions over not more than five years, except for loans to purchase a principal residence. If a participant terminates employment with the Company, the loan becomes immediately due and if not paid is considered a distribution.

Payment of Benefits — Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum or may elect installment payments on a quarterly or annual basis. A participant whose vested account balance is between \$1,000 and \$5,000, are enrolled automatically in a Voya IRA if an active election has not been made within six months. A participant, whose vested balance is \$1,000 or less and has not made an active election within six months, will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan document. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan document. Hardship withdrawals are strictly regulated by the Internal Revenue Service (“IRS”), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses — The Plan’s administrative expenses are paid by the participants. The Company at its sole discretion may pay for expenses not covered by participant fees. Administrative expenses include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan’s investments are charged to the particular investment fund to which the expenses relate. Expenses that are paid by the Company are excluded from these financial statements.

Plan Termination — The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As discussed above, the Committee approved transfer of all participants and assets into the Leidos, Inc. Retirement Plan as of December 29, 2017 and the Plan was terminated on that date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits — Benefits are recorded when paid.

Notes Receivable from Participants — Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are reported when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or at any point during the period from January 1, 2017 to December 29, 2017 (termination of the Plan).

Use of Estimates — The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition — Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. The members of the Committee are appointed by the Leidos, Inc. Board of Directors, to act as plan fiduciaries and have overall responsibility for the operation and administration of all retirement plans sponsored by the Company and members of the Company's controlled group of corporations.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. INVESTMENTS

All information related to investments and notes receivable from participants disclosed in the accompanying financial statements and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants as of December 29, 2017 and December 31, 2016, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company, the trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

Accounting guidance has been issued that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable to the fair value measurement of assets or liabilities and are used to the extent that observable inputs are not available. |

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 29, 2017 and December 31, 2016. Given the termination of the Plan on December 29, 2017, there were no assets held by the Plan on that date.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

FOR THE PERIOD FROM JANUARY 1, 2017 to DECEMBER 29, 2017
(TERMINATION OF THE PLAN)

Common collective trust fund: Valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u>2016</u>	<u>Total</u>
Mutual funds	\$ 135,735,617	\$ 135,735,617
Assets in the fair value hierarchy	\$ 135,735,617	135,735,617
Investments measured at NAV (a)		11,447,942
Investments at fair value		<u>\$ 147,183,559</u>

- (a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. These investments, which represent the Plan's investments in common collective trust, have no unfunded commitments, have a daily redemption frequency and do not have a redemption notice period.

There were no assets as of December 29, 2017 as the Plan was terminated on this date.

The Plan did not have any Level 2 or Level 3 investments at December 31, 2016.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

FOR THE PERIOD FROM JANUARY 1, 2017 to DECEMBER 29, 2017

6. RELATED-PARTY TRANSACTIONS

Participant investing advice is provided by Voya Retirement Advisors, a sister company to Voya Institutional Trust Services, the Plan's Trustee. As such, fees paid by plan assets to them are considered party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. For period ended December 29, 2017, \$418,201 was paid to Voya Institutional Plan Services and \$83,894 was paid to Voya Retirement Advisors.

7. TAX STATUS

The underlying non-standardized prototype plan, as stated on the tax letter, has received an opinion letter from the IRS dated September 1, 2014, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code; therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. SUBSEQUENT EVENTS

Management evaluated subsequent events for the Plan through October 11, 2018 the date the financial statements were available to be issued. No material events besides those disclosed were identified during that period.
