Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Insight Venture Partners 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Description of the Plan

The following description of the Insight Venture Plan 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees (other than nonresident aliens or employees covered by a collective bargaining agreement) of Insight Venture Management, LLC (the Company or the Plan Sponsor) and its affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All employees are eligible to participate in the Plan upon attainment of age 21, except for union employees and nonresident aliens.

Contributions: Eligible participants may elect to have a percentage or a flat dollar amount of their pretax annual compensation, as defined in the Plan, contributed to the Plan, subject to Internal Revenue Service (IRS) limits. For 2017, the contribution limit is $18,000 with an additional $6,000 catch-up contribution allowable for eligible employees over age 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan's provisions state that the Plan Sponsor may also make a discretionary matching contribution. There was no discretionary contribution in 2017.

Excess participant contributions: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants subsequent to year end.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, Plan earnings and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investment options: Participants must direct the amounts contributed to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or internet access to Fidelity.com.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants vest in a percentage of the Company's contributions plus actual earnings thereon as follows:

Years of Credited Vesting Service	Vesting Percentage
Less than one year	0%
One but less than two years	33%
Two but less than three years	66%
Three or more years	100%

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants who are actively employed may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants pay all loan fees and interest on loans. All notes receivable from participants must be adequately secured, and participants must use up to 50% of their vested account balance in the Plan as collateral. The notes receivable from participants bear interest at prevailing rates charged by banks for loans that would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Loan terms cannot exceed five years, unless the loan is for purchase of the participant's principal residence, in which case it can be longer.

Payment of benefits: Distribution of a participant's vested account balance is made in one lump-sum payment to the participant, or the participant's beneficiary, after the attainment of age 59 ½, upon termination of employment, permanent disability or death. Participant accounts that are vested and less than or equal to $5,000 will be automatically distributed to the participant or the participant's beneficiary. Participant accounts in excess of $5,000 will not be distributed to the participant before they attain age 65 without the written consent of the participant. Participants may apply for hardship withdrawals, subject to approval by the Plan Administrator. The contributions and earnings are taxable to the participants subject to certain exceptions upon withdrawal from the Plan.

Forfeitures: At December 31, 2017 and 2016 there are no forfeited amounts usable by the Plan to offset future admin expenses or discretionary employer contributions.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. There were no delinquent loans at December 31, 2017 and 2016.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative costs: Certain Plan expenses are deducted from participants' accounts or investment income, and the remainder of Plan expenses are paid by the Company or the Plan.

Payment of benefits: Benefits are recorded when paid.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

	2017	2016
Investments:		
Mutual funds	9,322,924	7,149,076
Collective Investment Trust	1,220,212	1,201,023
Notes receivable from participants	19,271	23,689
Total	$ 10,562,407	8,373,788

Fidelity also certified to the completeness and accuracy of $1,134,561 of net appreciation in fair value of investments, $379,822 of dividends and interest and $1,051 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Collective Investment Trust: Valued based on the net asset value (NAV) of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables below categorize the Plan's investments, by level within the fair value hierarchy, as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,322,924	$ -	$ -	$ 9,322,924
Total investments in the fair value hierarchy	$ 9,322,924	$ -	$ -	9,322,924
Investments measured at net asset value (a)				1,220,212
Total investments				$ 10,543,136

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,149,076	$ -	$ -	$ 7,149,076
Total investments in the fair value hierarchy	$ 7,149,076	$ -	$ -	7,149,076
Investments measured at net asset value (a)				1,201,023
Total investments				$ 8,350,099

Note 4. Fair Value Measurements (Continued)

(a) In accordance with FASB Accounting Standards Update 2015-07, Subtopic 8210-10, certain investments that are measured at NAV per share (or its equivalent) as a practical expedient, shall not be categorized in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value of investments included in the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The table below summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	2017 Fair Value	2016 Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective Investment Trust (a)	$ 1,220,212	$ 1,201,023	N/A	Daily	1 Year

(a) The Collective Investment Trust's objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds.

Note 5. Plan Termination

Although the Company expects to continue the Plan indefinitely, it has the right to amend or terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of Plan termination, each participant and the beneficiaries of each deceased participant shall have a fully vested and nonforfeitable interest in any values held in his or her account as of the date of termination.

Note 6. Tax Status

The Plan is a prototype plan designed by Fidelity. The Plan received an opinion letter from the IRS, dated March 31, 2014, which states that the Plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan has been most recently amended effective September 1, 2017; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2017 and 2016, and for the year ended December 31, 2017.

Note 7. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 8. Exempt Party-in-Interest Transactions

Certain investments of the Plan are shares of mutual funds offered through Fidelity. Fidelity is the custodian, as defined by the Plan, and therefore, qualifies as a permitted party in interest, as defined by ERISA.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2016 to Form 5500:

	2016
Net assets available for benefits per the financial statements	$ 8,426,485
Differences in:	
Excess contributions refundable	11,203
Contributions receivable	(63,900)
Net assets available for benefits per the Form 5500	$ 8,373,788

For the year ended December 31, 2017, the following is a reconciliation of net increase in net assets available for benefits per the financial statements to Form 5500:

Total net increase in net assets available for benefits per the financial statements	$ 2,174,222
Prior-year excess contributions refundable	(11,203)
Prior-year contributions receivable	63,900
Net income per the Form 5500	$ 2,226,919

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

Independent Auditor's Report

To the Trustees
Insight Venture Partners 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Insight Venture Partners 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Description of the Plan

The following description of the Insight Venture Plan 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees (other than nonresident aliens or employees covered by a collective bargaining agreement) of Insight Venture Management, LLC (the Company or the Plan Sponsor) and its affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All employees are eligible to participate in the Plan upon attainment of age 21, except for union employees and nonresident aliens.

Contributions: Eligible participants may elect to have a percentage or a flat dollar amount of their pretax annual compensation, as defined in the Plan, contributed to the Plan, subject to Internal Revenue Service (IRS) limits. For 2017, the contribution limit is $18,000 with an additional $6,000 catch-up contribution allowable for eligible employees over age 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan's provisions state that the Plan Sponsor may also make a discretionary matching contribution. There was no discretionary contribution in 2017.

Excess participant contributions: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants subsequent to year end.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, Plan earnings and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investment options: Participants must direct the amounts contributed to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or internet access to Fidelity.com.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants vest in a percentage of the Company's contributions plus actual earnings thereon as follows:

Years of Credited Vesting Service	Vesting Percentage
Less than one year	0%
One but less than two years	33%
Two but less than three years	66%
Three or more years	100%

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants who are actively employed may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants pay all loan fees and interest on loans. All notes receivable from participants must be adequately secured, and participants must use up to 50% of their vested account balance in the Plan as collateral. The notes receivable from participants bear interest at prevailing rates charged by banks for loans that would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Loan terms cannot exceed five years, unless the loan is for purchase of the participant's principal residence, in which case it can be longer.

Payment of benefits: Distribution of a participant's vested account balance is made in one lump-sum payment to the participant, or the participant's beneficiary, after the attainment of age 59 ½, upon termination of employment, permanent disability or death. Participant accounts that are vested and less than or equal to $5,000 will be automatically distributed to the participant or the participant's beneficiary. Participant accounts in excess of $5,000 will not be distributed to the participant before they attain age 65 without the written consent of the participant. Participants may apply for hardship withdrawals, subject to approval by the Plan Administrator. The contributions and earnings are taxable to the participants subject to certain exceptions upon withdrawal from the Plan.

Forfeitures: At December 31, 2017 and 2016 there are no forfeited amounts usable by the Plan to offset future admin expenses or discretionary employer contributions.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. There were no delinquent loans at December 31, 2017 and 2016.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative costs: Certain Plan expenses are deducted from participants' accounts or investment income, and the remainder of Plan expenses are paid by the Company or the Plan.

Payment of benefits: Benefits are recorded when paid.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

	2017	2016
Investments:		
Mutual funds	9,322,924	7,149,076
Collective Investment Trust	1,220,212	1,201,023
Notes receivable from participants	19,271	23,689
Total	$ 10,562,407	8,373,788

Fidelity also certified to the completeness and accuracy of $1,134,561 of net appreciation in fair value of investments, $379,822 of dividends and interest and $1,051 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Collective Investment Trust: Valued based on the net asset value (NAV) of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables below categorize the Plan's investments, by level within the fair value hierarchy, as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,322,924	$ -	$ -	$ 9,322,924
Total investments in the fair value hierarchy	$ 9,322,924	$ -	$ -	9,322,924
Investments measured at net asset value (a)				1,220,212
Total investments				$ 10,543,136

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,149,076	$ -	$ -	$ 7,149,076
Total investments in the fair value hierarchy	$ 7,149,076	$ -	$ -	7,149,076
Investments measured at net asset value (a)				1,201,023
Total investments				$ 8,350,099

Note 4. Fair Value Measurements (Continued)

(a) In accordance with FASB Accounting Standards Update 2015-07, Subtopic 8210-10, certain investments that are measured at NAV per share (or its equivalent) as a practical expedient, shall not be categorized in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value of investments included in the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The table below summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	2017 Fair Value	2016 Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective Investment Trust (a)	$ 1,220,212	$ 1,201,023	N/A	Daily	1 Year

(a) The Collective Investment Trust's objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds.

Note 5. Plan Termination

Although the Company expects to continue the Plan indefinitely, it has the right to amend or terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of Plan termination, each participant and the beneficiaries of each deceased participant shall have a fully vested and nonforfeitable interest in any values held in his or her account as of the date of termination.

Note 6. Tax Status

The Plan is a prototype plan designed by Fidelity. The Plan received an opinion letter from the IRS, dated March 31, 2014, which states that the Plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan has been most recently amended effective September 1, 2017; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2017 and 2016, and for the year ended December 31, 2017.

Note 7. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 8. Exempt Party-in-Interest Transactions

Certain investments of the Plan are shares of mutual funds offered through Fidelity. Fidelity is the custodian, as defined by the Plan, and therefore, qualifies as a permitted party in interest, as defined by ERISA.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2016 to Form 5500:

	2016
Net assets available for benefits per the financial statements	$ 8,426,485
Differences in:	
Excess contributions refundable	11,203
Contributions receivable	(63,900)
Net assets available for benefits per the Form 5500	$ 8,373,788

For the year ended December 31, 2017, the following is a reconciliation of net increase in net assets available for benefits per the financial statements to Form 5500:

Total net increase in net assets available for benefits per the financial statements	$ 2,174,222
Prior-year excess contributions refundable	(11,203)
Prior-year contributions receivable	63,900
Net income per the Form 5500	$ 2,226,919

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.
