NOTES TO FINANCIAL STATEMENTS
As of December 31, 2017 and 2016, and for the Year Ended December 31, 2017

1. Description of Plan

The following brief description of the Pearl Hospitality 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan available to qualifying employees of Synergy Hotels, Inc., Fort Worth D. Partners, Ltd., Fort Worth H. Partners, Ltd., Lubbock E. Partners, Ltd., Lubbock H. Partners, Ltd., 806 Main Master Tenant LLC, North Hub Investments LP., TAO BBHLB (Hawthorn), and LBB Hotel LLC (collectively, the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2016, the Plan was amended and restated to bring the Plan in compliance with the Pension Protection Act of 2006 ("PPA") and other legislative and regulatory changes.

Effective September 1, 2017, the Plan was restated and adopted a volume submitter 401(k) profit sharing plan sponsored by Automatic Data Processing, Inc. In accordance with this change, the Plan's record-keeper and custodian changed from American United Life Insurance Company ("AUL") to Automatic Data Processing, Inc. and Reliance Trust Company with Reliance Trust Company acting as directed trustee of the Plan. In accordance with this change, the Plan was also amended to permit after-tax ("Roth") contributions and participant loans. No other significant provisions of the Plan were altered as a result of this change.

Eligibility
Employees who have attained the age of 18 and completed three months of service are eligible to participate in the Plan. Employees are automatically enrolled in the Plan upon meeting the eligibility criteria at a default pre-tax deferral rate of 3%.

Contributions
Participants may contribute up to 90% of their annual pre-tax compensation to the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Such contributions and any earnings are non-taxable until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants have the option of designating a portion of their elective deferral contributions as Roth contributions.

The Company, at its discretion, may contribute on behalf of each participant a matching contribution equal to a percentage of the participant's elective deferrals. The Company, at its discretion, may also make non-elective contributions to the Plan. Non-elective contributions are allocated amongst participants based on the proportion of each participant's compensation to the compensation of all participants eligible for the non-elective contribution. No Company contributions were made for the year ended December 31, 2017.

1. Description of Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's voluntary contributions and any employer contributions. Earnings and losses are credited to each participant's account based on the performance of the underlying investments. Participants direct the investment of their account into various investment options offered by the Plan. Participants may change their investment allocation at any time.

Vesting
Participants are always 100% vested in their elective contributions and any earnings thereon. Participants become vested in any employer contributions at a rate of 20% per year, starting with the second year of service, and become fully vested after six years. Participants also become fully vested upon termination of employment because of death, disability, or attainment of age 65, the Plan's normal retirement age.

Notes Receivable from Participants
Effective September 1, 2017, the Plan was amended to allow for participant loans. Participants may borrow up to a maximum of the lesser of $50,000 or 50% of their vested account balance, but not less than $1,000. The loans are secured by the balance in the participant's account. The loans are payable in equal installments through payroll deductions, not to exceed five years. Loans made for the purchase of the participant's principal residence may be repaid over a longer period, as permitted by the Plan Sponsor. Loans bear interest at a rate established by the Plan Administrator in a non-discriminatory manner. Participants may not have more than one loan outstanding at any time.

Payments of Benefits
Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive their vested benefit in either a lump-sum distribution or a direct rollover distribution. Participants with a vested account balance greater than $5,000 also have the option to defer receiving payment until age 70 ½. Terminated participant's accounts with a vested balance less than or equal to $5,000 can be disqualified by the Plan sponsor upon termination. Participants who are still employed by the Company but have reached age 59 ½ may withdraw all or any part of their vested balance, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need.

Forfeitures
Upon separation of service, for any reason other than death, disability, or retirement, participants forfeit any unvested portion of their employer contributions. Forfeited balances of terminated participants' non-vested accounts may be used to reduce future administrative expenses or Company contributions. During the year ended December 31, 2017, participants had no forfeited contributions and there were no unallocated forfeitures available for future use as of December 31, 2017 and 2016.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles ("GAAP").

2. Summary of Significant Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian and trustee. Refer to Note 4 for discussion of fair value measurements.

The Plan's investment in the Fixed Interest Account, a fully benefit responsive investment contract, was measured at contract value, which was the relevant measurement for this type of investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses have been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments
Benefit payments to participants are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Investment related expenses are included in appreciation of fair value of investments.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Information Certified by the Custodian and Trustee (unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements and supplemental schedule has been certified by American United Life Insurance Company, the custodian of the Plan from January 1, 2016 to October 15, 2017, and Reliance Trust Company, the trustee from October 3, 2017 to December 31, 2017, as being complete and accurate:

As of December 31,	**2017**	2016
Investments		
Common collective trust fund, at fair value	**$ 20,123**	$ -
Mutual funds, at fair value	**1,095,204**	-
Pooled separate accounts, at fair value	-	725,062
Fixed interest account, at contract value	-	7,995
Total investments	**$ 1,115,327**	$ 733,057
Note receivable from participant	**$ 1,200**	-

For the year ended December 31,	**2017**
Net appreciation in fair value of investments	**$ 128,850**
Interest and dividend income	**24,584**

As permitted under such election, the Plan's independent auditors did not perform auditing procedures with respect to the information certified to by the Plan's asset custodian and trustee except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common collective trust fund: Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the net asset value (or unit value) of the units held by the Plan at year-end based on information reported by the custodian. The NAV of each of the pooled separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the pooled separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the pooled separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds, stocks and other underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the pooled separate account which is not publicly traded. NAV is used as a practical expedient for fair value. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of December 31, 2017 or 2016.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,095,204	$ -	$ -	$ 1,095,204
Total assets in fair value hierarchy	1,095,204	-	-	1,095,204
Investments measured at NAV (a)				20,123
Total investments, at fair value				$ 1,115,327

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2017:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust Funds	$20,123	N/A	Daily	12 months

As of December 31, 2016:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$725,062	N/A	Daily	12 months

5. Fixed Interest Account with Insurance Company

The Plan offered an investment in an unallocated annuity contract of the Plan custodian, AUL. The custodian maintained the contributions in a general account, which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract was included in the financial statements at contract value as reported to the Plan by the custodian, AUL. Contract value was equal to contributions received plus interest credited, less payments, withdrawals or transfers. The interest rate credited on the unallocated annuity contract varied based on a formula determined by the Plan custodian, but was not less than a guaranteed floor interest rate determined annually. Participants were able to ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract had certain restrictions that impacted the ability to collect the full contract value, for example, (a) the Plan could not reject a modification proposed by the custodian, (b) the aggregate account value of the contract after three contract years totaled less than $100,000, or (c) the Plan Sponsor filed for protection under federal bankruptcy law. Plan management believed that the occurrence of events that would cause the Plan to transact as less than contract value was not probable. The custodian could not terminate the contract at any amount less than contract value.

Contract value was the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value was the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

On October 13, 2017, in conjunction with the change in custodians, the balance held in the Fixed Interest Account was liquidated.

6. Related Party and Party-in-Interest Transaction

Plan investments included shares of pooled separate accounts and a fixed interest account managed by American United Life Insurance Company. AUL was the prior custodian of the Plan, therefore, these investments qualified as party-in-interest investments. Fees paid by the Plan for the prior custodian's services amounted to $4,209 for the year ended December 31, 2017.

7. Plan Termination

While it has not expressed any intent to do so, the Company may terminate the Plan upon written notice to the custodian and subject to the provisions of ERISA. Upon such termination, the entire account of each participant would become fully vested, and the net plan assets would be distributed to the participants based on each participant's account balance.

8. Tax Status

The Plan uses a prototype plan document sponsored by Automatic Data Processing, Inc. Automatic Data Processing, Inc. received a favorable determination letter dated July 16, 2014, from the Internal Revenue Service ("IRS") stating that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, Plan management believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

9. Risks and Uncertainties

The Plan offers a variety of investments options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for plan benefits at December 31, 2017 and 2016 per the financial statements to the Form 5500:

	2017	2016

	2017
Net increase per the financials	**$ 384,479**
