Avalon Risk Management 401(k) Plan

Notes to Financial Statements
Years ended December 31, 2017 and 2016

Note 1 - Description of Plan

The following description of Avalon Risk Management 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of these documents are available from the Avalon Risk Management Insurance Agency LLC (Avalon or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General
The Plan is a defined contribution and profit sharing plan established January 15, 2010, sponsored and administrated by Avalon. Employees of Avalon who have met certain age and service requirements are eligible to participate in the Plan. All of the Plan's investments are held by Fidelity Management Trust Company (FTMC or Plan Trustee) and are participant directed.

There were no significant plan amendments in 2017 or 2016.

Contributions
Each year, participants may contribute a percentage of pre-tax annual eligible compensation to the Plan at rates specified in the Plan. The total pre-tax contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code (IRC) ($18,000 in 2017 and 2016) and 90% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of not greater than $6,000 in 2017 and 2016.

Eligible participants who have not affirmatively elected otherwise will be automatically enrolled in the Plan at a 3% deferral rate. The automatic deferral rate will increase 1% annually not to exceed 8%.

In 2017 and 2016, employer non-discretionary match contributions were equal to 50% of the first 5% of employee deferrals. The Plan Sponsor may also elect to make discretionary non-elective contributions, as approved by the Board of Directors. A participant must be employed on the last day of the plan year to be eligible for non-elective contributions. Discretionary non-elective contributions, if any, made to the Plan are allocated to the participant's account based on the participant's proportionate eligible compensation to total eligible compensation paid to all eligible participants for the plan year. There were no discretionary non-elective contributions made in 2017 and 2016.

Participant Accounts
Participants are responsible for directing the investment of their individual account. Each participant's account is credited with his/her contributions, matching contributions, and an allocation of investment earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their account is based on years of continuous service. Service with certain previous employers is included to determine the number of years of service for vesting purposes. A participant is 100% vested after five years of credited service. All participants will become immediately vested in their accounts when they reach age 55, the Plan is terminated, contributions to the Plan are discontinued, or a participant becomes disabled or dies. Non-vested portions of participants' accounts are forfeited and applied to first reduce administrative expenses and then future company contributions. Forfeited balance totaled $334 and $7,487 at December 31, 2017 and 2016, respectively. In 2017, the Plan paid no administrative fees and therefore used $15,489 of the forfeitures to reduce employer contributions. No forfeitures were used to reduce the administrative fee in 2016.

Plan Expenses

The Plan Administrator pays certain administrative expenses of the Plan, primarily audit, trustee, record keeping and regulatory compliance fees; all other administrative expenses are paid by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts up to 50% of their vested balance, with total borrowings not exceeding $50,000. Loan terms range from one to five years but can be extended to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 4.25% to 5.25%, which is commensurate with local prevailing rates at the initiation of the loan as determined by the Plan Administrator. Loan repayments must be made at least quarterly through a payroll deduction.

Payment of Benefits

A participant may request a distribution under the following circumstances, (1) the participant becomes disabled, (2) the participant reaches normal retirement age, (3) termination of employment or (4) event of participant's death. Terminated participants with individual account balances not greater than $5,000 in 2017 and 2016 will receive an automatic disbursement from the Plan. Participants 70½ are generally subject to yearly required minimum distributions based on their account value and life expectancy.

Prior to taking a hardship distribution, a participant must take all other distributions available under the Plan. Participants under age 59½, may be subject to a 10% penalty tax on hardship distribution amounts. Contributions eligible for hardship distribution are employee deferrals.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by actions of the Designated Principal(s) subject to the provisions of ERISA. In the event of plan termination, participants would receive the value of their accounts.

Note 2 - Summary of Accounting Policies

The following accounting policies, which conform with accounting principles generally accepted in the United States of America (GAAP), have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition
Investments are stated at fair value. GAAP establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end and are classified as level 1 within the fair value hierarchy.

The Plan invests in the Fidelity Managed Income Portfolio fund (the Fund), a stable value collective fund, managed by Fidelity Management Trust Company (FMTC). The Fund is recorded in the statement of net assets available for plan benefits at fair value. Fair value is based on using the net asset value, as a practical expedient, based on the audited financial statements of the Fund. The net asset value of the Fund is determined daily and there is no redemption period for participants. The Plan has no unfunded commitments as of December 31, 2017 and 2016. In accordance with GAAP, investments measured at net asset value, as a practical expedient, are not classified within the fair value hierarchy table in Note 6.

Note 2 - Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)
Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) of the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Participant Withdrawals
Participant requests for benefit withdrawals are recorded in the Plan's financial statements as disbursed. There were no withdrawals requested but unpaid as of December 31, 2017 and 2016.

Risks and Uncertainties
The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Notes Receivable from Participants
Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Subsequent Events
The Plan has performed an evaluation of subsequent events through October 12, 2018 which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and footnotes.

Note 3 - Parties-In-Interest Transactions

Strategic Advisers, Inc., a Fidelity Investment Company, provides investment advisory services to Plan participants. Investments of the Plan in the Fidelity registered investment companies are exempt from the prohibited transaction rules of ERISA pursuant to a class exemption issued by the U.S. Department of Labor (DOL). Investment fees paid to Strategic Advisers are calculated annually based on a percentage of the average daily balance of assets of enrolled participants, payable in quarterly installments and are charged directly to the respective participant's accounts. The Plan also invests in the Fidelity Managed Income Portfolio, a stable value collective fund managed by FMTC.

Note 3 - Parties-In-Interest Transactions (Continued)

Additionally, certain administrative functions related to the Plan are performed by employees of the Plan Sponsor at no cost to the Plan. Loans to participants also represent party-in-interest transactions.

Note 4 - Tax Status

The Plan is exempt from taxation in accordance with the provisions of Section 501(a) of the Internal Revenue Service Code (the Code). Employer contributions and income earned from the Plan investments are not taxable to participants until disbursed.

The Plan Sponsor has adopted the Fidelity Defined Contribution Volume Submitter Plan. The Plan Administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan Administrator has concluded that there are no uncertain tax positions as of December 31, 2017 in accordance with GAAP.

Note 5 - Information Certified by the Plan's Trustees

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, FMTC, the Plan Trustee, has certified the following information, which has not been subject to audit by independent auditors, to be accurate and complete:
