NOTE 1. DESCRIPTION OF PLAN

The following description of the Tabula Rasa Healthcare, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which began on August 1, 2014, is a defined contribution 401(k) retirement plan covering all eligible employees of Tabula Rasa Healthcare, Inc. (the "Company") and employees of its wholly-owned subsidiaries, including CareKinesis, Inc., Capstone Performance Systems, LLC, and J.A. Robertson, Inc. On September 7, 2017, the Company acquired SinfoniaRx, Inc. which from that date forward is also covered under the Plan. The Company and its subsidiaries are collectively referred to as the "Sponsor Companies." The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On January 1, 2018, the Company added Medliance, LLC to the Plan. Medliance, LLC was previously covered under a separate plan. On September 1, 2018, the Company acquired Mediture, LLC, which is covered under the Plan as of that date.

Eligibility

Any employee of the Sponsor Companies who has completed three months of service, attained the age of 21, and is not an excluded employee is eligible to participate in the Plan. Excluded employees include employees covered by a collective bargaining agreement, leased employees, reclassified employees, and any temporary employee whose regularly scheduled service is less than 1,000 hours.

Contributions

Each year, participants may contribute an amount of their pre-tax annual compensation, as defined in the Plan document. A participant's contribution may not exceed amounts determined by the Internal Revenue Service ("IRS") each calendar year. Eligible participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed IRS limits. Participants also have the ability to make Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

As a "safe harbor 401(k) plan," the Sponsor Companies must make contributions equal to 3% of eligible compensation each year. Additionally, the Sponsor Companies may make discretionary matching contributions, which are not to exceed 4% of eligible compensation. During 2017, no discretionary matching contributions were made.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contributions and the Sponsor Companies' safe harbor contributions plus actual earnings thereon. Vesting in the Sponsor Companies' discretionary additional contributions is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	25%
2	50%
3	75%
4 or more	100%

Additionally, a participant is 100% vested if the participant is employed on or after the date they reach age 62, or if the participant dies or becomes disabled.

Participant accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution and allocations of the Sponsor Companies' contributions and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow up to 50% of their vested account balance, with a minimum of \$1,000 and a maximum of \$50,000. Repayment of a loan, plus interest, is made to the Plan account over one to five years (longer for the purchase of a primary residence). Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding balances at December 31, 2017 and 2016, ranged from 3.25% to 4.25%.

Payment of benefits

On termination of service due to death, disability or retirement, or upon attaining the age of 59½, a participant or participant's beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or annual installments over a specified period that may not exceed the life expectancy of the participant and the participant's designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows withdrawals in the event of certain financial hardships or deemed severance distributions.

Excess employee contributions payable are refundable to the participants for contributions in excess of amounts allowed by the IRS and are recorded as a liability with a corresponding reduction to contributions.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Forfeited accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$1,345 and \$4,827, respectively. These accounts will be used to reduce future employer contributions. During 2017, employer contributions were reduced from forfeited nonvested accounts totaling \$4,863.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Sponsor Companies' management determines its valuation policies utilizing information provided by the investment adviser and Reliance Trust Company (the "Trustee"). See Note 6 for a discussion of fair value measurements.

The investment in a collective trust fund is valued at the net asset value (the "NAV") per unit, as determined by the Trustee at year end. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net appreciation in the fair market value of such investments.

DECEMBER 31, 2017 AND 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid to participants.

Administrative expenses

Expenses of the Plan, to the extent that the Sponsor Companies do not pay such expenses, may be paid out of the assets of the Plan, provided that such payment is consistent with ERISA. Administrative expenses of the Plan, such as accounting and legal fees, are paid by the Sponsor Companies. Investment-related expenses are included in net appreciation in fair value of investments.

Excess contributions payable

Amounts payable to the Company for contributions in excess of amounts allowed by the Plan or for contributions to ineligible participant accounts are recorded as a liability with a corresponding reduction to contributions. These accounts will be used to reduce future employer contributions.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2018, the date on which these financial statements were available to be issued. Except as disclosed in Note 1, there were no subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4. INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

Total investments	5,843,407	2,842,207

	<u>2017</u>
Net appreciation in fair value of investments	\$ <u>471,410</u>
Interest and dividends	\$ <u>178,616</u>
Interest income on notes receivable from participants	\$ <u>2,645</u>

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investment options consist of shares of mutual funds managed by the Plan's recordkeeper. Accordingly, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan did not make any direct payments to the third-party administrator during the year ended December 31, 2017.

NOTE 6. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

TABULA RASA HEALTHCARE, INC. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 6. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; and• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Mutual funds: Valued at the daily closing prices as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's investment assets and liabilities measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2017 and 2016:

NOTE 7. FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV

The following tables set forth a summary of the Plan's investments with a reported NAV per share at December 31, 2017 and 2016:

Fair Value Estimated Using Net Asset Value per Share at December 31, 2017					
Description	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Collective trust	\$ <u>222,335</u>	\$ <u>-</u>	Daily	None	None

NOTE 7. FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV
(CONTINUED)

Fair Value Estimated Using Net Asset Value per Share at December 31, 2016					
Description	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Collective trust	\$ 63,915	\$ -	Daily	None	None

The fair value of the investment has been estimated using the NAV of the investment.

The collective trust seeks to achieve a stable unit value, a competitive current return, a high-quality diversified portfolio, and liquidity by investing in high-quality insurance company and bank investment contracts, private placements, money markets, and other investments.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary employer contributions.

NOTE 9. TAX STATUS

The Plan uses a prototype plan document sponsored by the Great-West Trust Company ("GWTC"). The GWTC received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfied the applicable provision of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. In addition, the Plan has been amended since GWTC's receipt of the letter discussed above. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.
